**The Center Cannot Hold (American Empire, Book Two)** Harry Turtledove,2002-06-25 In this spectacular thought provoking epic of alternate history Harry Turtledove has created an unparalleled vision of social upheaval war and cutthroat politics in a world very much like our own but with dramatic differences It is 1924 a time of rebuilding from the slow reconstruction of Washington s most honored monuments to the reclamation of devastated cities in Europe and Canada In the United States the Socialist Party led by Hosea Blackford battles Calvin Coolidge to hold on to the Powell House in Philadelphia And it seems as if the Socialists can do no wrong for the stock market soars and America enjoys prosperity unknown in a half century But as old names like Custer and Roosevelt fade into history a new generation faces new uncertainties The Confederate States victorious in the War of Secession and in the Second Mexican War but at last tasting defeat in the Great War suffer poverty and natural calamity The Freedom Party promises new strength and pride But if its chief seizes the reins of power he may prove a dangerous enemy for the hated U S A Yet the United States take little note Sharing world domination with Germany they consider events in the Confederacy of little consequence As the 1920s end calamity casts a pall across the continent With civil war raging in Mexico terrorist uprisings threatening U S control in Canada and an explosion of violence in Utah the United States are rocked by uncertainty In a world of occupiers and the occupied of simmering hatreds shattered lives and pent up violence the center can no longer hold And for a powerful nation the ultimate shock will come when a fleet of foreign aircraft rain death and destruction upon one of the great cities of the United States      *Bait and Switch* Anastasja Abraham,Amílcar Antonio Barreto,2024-05-20 Exclusionary notions of American national identity have been endemic since the country s founding Since the Culture Wars they have returned with vengeance One of their champions is a new generation of tech savvy activists known as the Alt Right This is a movement that embraces a vision of America that is unapologetically white and Christian supremacist misogynistic and xenophobic Rather than see the Alt Right as an outlier the authors of this book treat it as an integral part of an endemic battler over the articulation of American national identity Critically what distinguishes these cyber warriors from other far right movements is their

rhetorical style Their far right counterparts employ muscular rhetoric and demand the right to dominate The Alt Right on the other hand has opted for a weapons of the weak strategy and accuses adversaries of persecuting them Embracing a cult of victimhood this shift in rhetorical tactic is not only a matter of gaslighting its goal is to justify potential acts of violence
