Noddy And The Aeroplane:

Noddy and the Aeroplane Enid Blyton, 1964 Noddy's Aeroplane Picture Book Enid Blyton, 1983 Enid Blyton: The Biography Barbara Stoney, 2011-08-26 Enid Blyton is known throughout the world for her imaginative children's books and her enduring characters such as Noddy and the Famous Five. She is one of the most borrowed authors from British libraries and still holds a fascination for readers old and young alike. Yet until 1974 when Barbara Stoney first published her official biography, little was known about this most private author even by members of her own family. The woman who emerged from Barbara Stoney's remarkable research was hardworking, complex, often difficult and in many ways childlike. Now this widely praised classic biography has been fully updated for the twenty-first century and with the addition of new colour illustrations and a comprehensive list of Enid Blyton's writings, documents the growing appeal of this extraordinary woman throughout the world. The fascinating story of one of the world's most famous authors will intrigue and delight all those with an interest in her timeless books.

Enid Blyton Andrew Maunder, 2021-12-02 This book is a study of the best-selling writer for children Enid Blyton 1897-1968 and provides a new account of her career. It draws on Blyton's business correspondence to give a fresh account of a misunderstood figure who for forty years was one of Britain's most successful and powerful authors. It examines Blyton's rise to fame in the 1920s and considers the ways in which she managed her career as a storyteller, journalist and magazine editor. There is discussion of her most famous series including the Famous Five, the Secret Seven, Malory Towers and Noddy, but attention is also given to lesser-known works including the family stories she published to acclaim in the 1940s and early 1950s as well as her attempts to become a dramatist. The book also discusses Blyton's fluctuating critical reputation, how she and her works were received and how Blyton the person has fared at the hands of biographers and the media.

1968: Those Were the Days Brian Williams, 2017-10-20 1968 was the year when humans first glimpsed the far side of the Moon but also the year the world was shocked by assassination, by the crushing of hope for reform and by wars that showed no sign of ever ending. To the old there seemed too much change too quickly with youth in revolt though against what no one was entirely sure. Hey Jude sang the Beatles with a refrain that lingered long into the summer night. Don't make it bad, take a sad song and make it better.
