Non Violence Aggression A Study Of G

Truman R. Keys

Non Violence Aggression A Study Of G:

Psychology of Non-violence and Aggression V.K. Kool,2007-11-27 Kool draws on recent research to illustrate that whilst the control of violence is a reaction to aggression nonviolence is by contrast an active behaviour The book explores a wide survey of theories and examples spanning ideas in cognition motivation and behaviour that will provide students with an engaging entry point to the subject **1968 Annual Supplement** John B. Simeone,Alfred de Grazia,Carl E.

Martinson,2013-12-01 *Gandhi and Non-Violence* William Borman,1986-09-30 The issues of South Africa and the nuclear bomb and theologies of liberation have for some time spotlighted the question of violence and non violence The strength or weakness of Gandhian non violence often comes up in discussions on the subject This manuscript analyzes Gandhian non violence The analysis is able thorough and this is what I most respond to marked both by rigorous Western style scrutiny and a familiarity with Gandhi s philosophical and religious roots He provides a strong theoretical basis for the instinctive reactions of many of Gandhi s non violence for the widespread and commonsense belief that in general non violence is sound and beneficial but that non violent extremism may not be His treatment of Gandhian non violence in the context of Indian philosophy and metaphysics is of high calibre His approach is both fresh and successful Rajmohan Gandhi Borman shows in great detail where Gandhi s thought arises from the Upanisads The Bhagavad Gita and a few other ancient documents He also shows clearly where Gandhi deviates from his sources As to argument Borman uses a close grained approach characteristic of analytic philosophy Borman claims that Gandhi s principles are extreme and unsupportable and eventually lead to contradiction It is not an intellectual biography and it does not deal with the development of Gandhi s thought Rather it analyzes the logic of his position and shows how he came to defend it from new angles in different circumstances The text is well related to historical events but does not pretend to history Robert C Neville The manuscript is not and does not pretend to be a historical analysis of Mahatma Gandhi s experience Its notable strength lies in its unique and commendable examination of Gandhi s philosophy of non violence and in this particular respect it is the best study of the subject that I have read among the hundreds of books that deal with aspects of Gandhi s contribution to our understanding of non violence Dennis Dalton It is refreshing to read an author who has a basis for understanding Gandhi since so many writers fail to understand or appreciate the spiritual essentials that form the core of Gandhi s life and message This book rings with clear accurate insightful understandings of Gandhi It explores fully Gandhi s philosophy of action and brings in scriptural sources for concepts that Gandhi practiced in his everyday affairs I think the Western reader will gain a much needed clarification of Gandhian philosophy methods and actions and especially of the source of his inspiration and intentions Jean B Mann

Aggression and Violence Brad J. Bushman,2016-10-14 This book provides a broad and contemporary overview of aggression and violence by some of the most internationally renowned researchers in the field It begins with an integrative theoretical understanding of aggression and shows how animal models shed light on human aggression and violence

Individual risk factors for aggression and violence from different research perspectives are then examined First there is a cognitive neuroscientific neuropsychological and psychophysiological study of the brain It then explores the developmental psychological factors in aggressive behavior incorporating work on gender and the family Other perspectives include the role of testosterone individual differences and whether humans are innately wired for violence The following sections moves from the individual to the contextual risk factors for aggression including work on the effects of adverse events and ostracism guns and other aggressive cues including violent media and drugs and alcohol Targets of aggression and violence are covered in the next section including violence against women and loved ones aggression between social groups and the two very contemporary issues of cyberbullying and terrorism The book concludes with work showing how we may make the world a more peaceful place by preventing and reducing aggression and violence The volume is essential reading for upper level students and researchers of psychology and related disciplines interested in a rigorous and multi perspective overview of work on aggression and violence

In Response to Aggression Arnold P. Goldstein, Edward G. Carr, William S. Davidson, 2013-10-22 In Response to Aggression Methods of Control and Prosocial Alternatives describes and evaluates comprehensively what has been done in response to aggression with emphasis on aggression controls and alternatives The book is organized into four major parts These parts deal with aggression controls and alternatives specific for individual small group community and societal levels of intervention The book will lead to enhanced utilization of methods for aggression controls and alternatives and hence to widespread prosocial and constructive behaviors in response to aggression

On Global Citizenship James Tully, 2014-06-19 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched In his lead essay Tully applies his distinctive philosophy to the global field of citizenship The second part of the book contains responses from influential interlocutors including Bonnie Honig and Marc Stears David Owen and Adam Dunn Aletta Norval Antony Laden and Duncan Bell These provide a commentary not just on the ideas contained in this volume but on Tully's approach to political philosophy more generally thus making the book an ideal first source for academics and students wishing to engage with Tully's work The volume closes with a response from Tully to his interlocutors This is the opening volume in Bloomsbury's Critical Powers series of dialogues between authors and their critics It offers a stimulating read for students and scholars of political theory and philosophy especially those engaged with questions of citizenship It is an ideal first source for academics and students wishing to engage with Tully's work

Nonviolent Action Ronald M. McCarthy, Gene Sharp, Brad Bennett, 2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language

sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject **The Psychology of Nonviolence** Leroy H.

Pelton,2013-10-22 The Psychology of Nonviolence explores in a psychological perspective the meaning of nonviolence particularly its philosophy strategy and implications This book reports scientific evidence often based on experiments performed in accordance with the rules of experiments as the subject matter permits Organized into eight chapters this book begins with an explanation of the concepts of violence and nonviolence Subsequent chapters explain the cognitive dynamics as well as the power of nonviolence and information The nonviolent protest moral and practical bases of noncooperation forms of noncooperation and reconciliation are discussed This text also shows the means and ends in nonviolence including confronting some criticisms preventive nonviolence and noncooperation in foreign policy and peace This book represents an instance of the explicit injection of values into social science **The Social Psychology of Aggression** Barbara

Krahé,2025-03-31 The fourth edition of this best selling textbook offers a comprehensive and up to date overview of the social psychology of aggression covering all the relevant major theories individual differences situational factors and applied contexts The book examines a range of topics that can help us understand the causes forms and consequences of aggression and violence in order to better address these harmful forms of social behaviour Initial chapters cover the definition and measurement of aggression examine the development of aggression and cover the role of situational factors in eliciting aggression and the impact of using violent media The second part of the book focusses on specific forms and manifestations of aggression including chapters on aggression in everyday life and in the family sexual aggression intergroup aggression and terrorism The final chapter presents strategies for reducing and preventing aggression The new edition also includes additional coverage of aggression and violent behaviour that stems from the COVID 19 pandemic new sections on the transfer of aggression from the virtual to the real world as well as cyberbullying online sexual aggression and aggressive fantasies Accessibly written and featuring chapter summaries tasks and strategies for reducing and preventing aggression this book is essential reading for students of psychology and sociology who study aggression and violence It will also be of interest to practitioners working with aggressive individuals and groups and to policy makers dealing with aggression as a social problem *Neuroscience of Aggression* Klaus A. Miczek,Andreas Meyer-Lindenberg,2014-08-27 This volume

assembles the leading aggression researchers both at the preclinical and clinical level They review the current state of knowledge about neural mechanisms of aggressive behavior and point to the need for innovative methodologies to further our understanding of this greatly understudied set of behaviors *Aggressive Offenders' Cognition* Theresa A. Gannon,Tony Ward,Anthony R. Beech,Dawn Fisher,2009-09-28 The book focuses specifically on aggressive offenders and is divided into

two parts Part I deals with sexual abusers whilst Part II is concerned with violent offenders Each part discusses theory latest research and treatment related information Emphasis is placed on discussing cognition in context i e identifying the factors impacting upon and related to offenders cognition *Encyclopedia of Violence, Peace, and Conflict* ,2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world **Educart CBSE Class 11 English Core Question Bank 2026 (Strictly for**
