anglophone especially African literatures as an academic discipline within Germany the UK and Northern Europe generally as well as a group of searching reflections on such topics of postcolonial import as globalization and the applicability of models to the literature of the indigene in Canada and Australia The largest section is devoted to individual topics each treatment implicitly keyed to approaches to the teaching of New Literatures texts Writers covered include Anita Desai landscape and memory Salman Rushdie painting in *The Moor's Last Sigh* Charlotte Brontë imperial discourse in *Jane Eyre* Derek Walcott Omeros and cultural cohabitation and Witi Ihimaera his rewriting of Katherine Mansfield Topics dealt with include music and radio in West Africa the African literary hit parade the New Zealand prose poem Canadian and Australian war fiction the Middle Passage in the American and Caribbean novel Paul Theroux's uneasy relations with V S Naipaul and the colonial discourse of illness and recuperation The volume closes with Dieter Riemenschneider's very first and most recent critical essays the one a classic on Mulk Raj Anand the other a challenging and doubtless controversial thesis on postcolonial minority writing A select bibliography of Riemenschneider's work books edited publications journal articles and book contributions reviews and broadcasts rounds off this substantial collection Shifting Contexts Marilyn

Strathern, 2012-09-10 To suppose anthropological analysis can shift between global and local perspectives may well imply that the two co-exist as broader and narrower horizons or contexts of knowledge The proof for this can be found in ethnographic accounts where contrasts are repeatedly drawn between the encompassing realm and everyday life or in value systems which simultaneously trivialise and aggrandise or in shifts between what pertains to the general or to the particular

State, 1987 The Hard Road to Reform Brian Raftopolos, 2013-02-17 The defeat of ZANU PF in the 2008 parliamentary election marked the end of one party rule in Zimbabwe The Global Political Agreement signed later that resulted in a Government of National Unity and the former ruling party was for the first time faced with the reality of sharing power The Hard Road to Reform presents a penetrating analysis of developments since the GNU was established reviewing recent political history from a range of perspectives political economic social and historical and featuring the best work of Zimbabwe's young scholars As Brian Raftopolos writes in his introduction the book is an attempt to analyse and assess both the hopes and frustrations of the last four years and to confront the harsh challenges that lie ahead *The Rhodesian War* Paul L. Moorcraft, Peter McLaughlin, 2008-09-22 A military history of the former British colony of Southern Rhodesia now Zimbabwe spanning from 1890 to the 1970s In this exciting book authors Paul Moorcraft and Peter McLaughlin examine the military history of Southern Rhodesia from the first resistance to colonial rule through the period of UDI by the Smith government to the Lancaster House agreement that transferred power They recount the Rhodesian security forces operations against the Black nationalist guerillas and the intensity of the fighting and courage of the participants will surprise and enthrall readers Atrocities were committed by both sides but equally the protagonists were playing for very high stakes But this is more than just a book on military operations The authors provide expert analysis of the historical situation

and examine events up to the present day including Mugabe's operations against rival tribes and white farmers. For a thorough work on its subject, this book cannot be bettered. It is essential reading for those wishing to learn more about a counter-insurgency campaign. The ingenuity of the Rhodesian military fighting against overwhelming odds and restricted by sanctions is impressive, but the outcome culminating in the Lancaster House Agreement was inevitable. Praise for *The Rhodesian War*. An outstanding exception to most accounts of the Rhodesian civil war, it achieved impressive objectivity in concentrating on operational issues. Anthony Verrier, author of *The Road to Zimbabwe*. The book is full of intrigue and plots. South African intelligence wanted to assassinate Mugabe, but there might also have been plans afoot to kill Britain's Prince Charles during his visit to Harare. Heidi Kingstone, *The Star* South Africa.

Foreign Intervention in Africa Elizabeth Schmidt, 2013-03-25. This book chronicles foreign political and military interventions in Africa from 1956 to 2010, helping readers understand the historical roots of Africa's problems.

Transforming Settler States Ronald Weitzer, 2022-08-19. In the past two decades, several settler regimes have collapsed, and others seem increasingly vulnerable. This study examines the rise and demise of two settler states with particular emphasis on the role of repressive institutions of law and order. Drawing on field research in Northern Ireland and Zimbabwe, Ronald Weitzer traces developments in internal security structures before and after major political transitions. He concludes that thoroughgoing transformation of a repressive security apparatus seems to be an essential but often overlooked precondition for genuine democracy. In an instructive comparative analysis, Weitzer points out the divergent development of initially similar governmental systems. For instance, since independence in 1980, the government of Zimbabwe has retained and fortified basic features of the legal and organizational machinery of control inherited from the white Rhodesian state and has used this apparatus to neutralize obstacles to the installation of a one-party state. In contrast, though liberalization is far from complete, the British government has succeeded in reforming important features of the old security system since the abrupt termination of Protestant Unionist rule in Northern Ireland in 1972. The study makes a novel contribution to the scholarly literature on transitions from authoritarianism to democracy, in its fresh emphasis on the pivotal role of police, military, and intelligence agencies in shaping political developments. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. This title was originally published in 1990.

Counter-Insurgency in Rhodesia (RLE: Terrorism and Insurgency) Jakkie Cilliers, 2015-04-17. When originally published in 1985, this volume was the first scholarly and objective contribution available on Rhodesian counter-insurgency. It documents and explains why Rhodesia lost the war. The origins of the conflict are reviewed; each chapter examines a separate institution or counter-insurgency strategy directly related to the development of the conflict, concluding with a summary view of the Rhodesian security situation both past and present.

South African Theatre as/and Intervention , 2021-11-22 One of the most striking features of cultural life in South Africa has been the extent to which one area of cultural practice theatre has more than any other testified to the present condition of the country now in transition between its colonial past and a decolonized future But in what sense and how far does the critical force of theatre in South Africa as a mode of intervention continue In the immediate post election moment theatre seemed to be pursuing an escapist nostalgic route relieved of its historical burden of protest and opposition But as the contributors to this volume show new voices have been emerging and a more complex politics of the theatre involving feminist and gay initiatives physical theatre festival theatre and theatre for education has become apparent Both new and familiar players in South African theatre studies from around the world here respond to or anticipate the altered conditions of the country while exploring the notion that theatre continues to intervene This broad focus enables a wide and stimulating range of approaches contributors examine strategies of intervention among audiences theatres established and fledgling writers canonical and new texts traditional and innovative critical perspectives The book concludes with four recent interviews with influential practitioners about the meaning and future of theatre in South Africa Athol Fugard Fatima Dike Reza de Wet and Janet Suzman

Colonial Heritage, Memory and Sustainability in Africa Munyaradzi Mawere, R. Mubaya, 2015-12-13 This book serves as a drive and medium for constructive analysis critical

thinking and informed change in the broad area of cultural heritage studies In Africa how to overturn the gory effects and reverse the wholesale obnoxious and unpardonable losses suffered from the excruciating experience of colonialism in a manner that empowers the present and future generations remains a burning question Colonial and liberation war heritage have received insignificant attention The relevance nature and politics at play when it comes to the role of memory and colonial heritage in view of nation building and sustainability on the continent is yet to receive careful practical and theoretical attention and scrutiny from both heritage scholars and governments Yet colonial heritage has vast potentials that if harnessed could reverse the gargantuan losses of colonialism and promote sustainable development in Africa The book critically reflects on the opportunities constraints and challenges of colonial heritage across Africa It draws empirical evidence from its focus on Zimbabwe South Africa Nigeria Ghana Zambia and Mozambique to advance the thesis that cultural heritage in Africa and in particular colonial heritage faces challenges of epic proportions that require urgent attention
