Ironies of Faith Anthony Esolen,2023-04-04 In Ironies of Faith celebrated Dante scholar and translator Anthony Esolen provides a profound meditation upon the use and place of irony in Christian art and in the Christian life Beginning with an extended analysis of irony as an essentially dramatic device Esolen explores those manifestations of irony that appear prominently in Christian thinking and art ironies of time for Christians believe in divine Providence but live in a world whose moments pass away ironies of power for Christians believe in an almighty God who took on human flesh and whose weakness is stronger than our greatest enemy death ironies of love for man seldom knows whom to love or how or even whom it is that in the depths of his heart he loves best and the figure of the Child for Christians ever hear the warning voice of their Savior who says that unless we become like unto one of these little ones we shall not enter the Kingdom of God Esolen s finely wrought study draws from Augustine Dante Shakespeare Tolkien Mauriac Milton Herbert Hopkins and Dostoyevsky among others including the anonymous author of the medieval poem Pearl Such authors Anthony Esolen believes teach us that the last laugh is on the world because that grim old world taking itself so seriously that even its laughter is a sneer will finally despite its proud resistance be redeemed That is the ultimate irony of faith Readers who treasure the Christian literary tradition should not miss this illuminating book **Erling, Or, The Days of St. Olaf** Frederick Scarlett Potter,1876
