Folklore and Nationalism in Europe During the Long Nineteenth Century Timothy Baycroft,David Hopkin,2012-07-25 Using an interdisciplinary approach this book brings together work in the fields of history literary studies music and architecture to examine the place of folklore and representations of the people in the development of nations across Europe during the 19th century

Cosmopolitanism and Transatlantic Circles in Music and Literature Ryan R. Weber,2018-10-26 Cosmopolitanism and Transatlantic Circles in Music and Literature traces the transatlantic networks that were constructed between a select group of composers including Edvard Grieg Edward MacDowell and Percy Grainger and the writers with whom they shared cosmopolitan affinities including Arne Garborg Hamlin Garland Madison Grant and Lathrop Stoddard Each overlapping case study surveys the diachronic transmission of cosmopolitanism as well as the synchronic practices that animated these modernist ideas Instead of taking a strictly chronological approach to organization each chapter offers an examination of the different layers of identity that expanded and contracted in relation to a mutual interest in Nordic culture From the burgeoning universal ambitions around 1900 to the darker racialized discourse of the 1920s this study offers a critical analysis of both the idea and practice of cosmopolitanism in order to expose its common foundations as well as the limits of its application

Nordic Art Music Frederick K. Smith,2002-06-30 The five countries that make up Northern Europe Denmark Sweden Norway Finland and Iceland have over the course of the last several centuries developed a unique and viable art music history that easily rivals that of their continental neighbors Nordic Art Music From the Middle Ages to the Third Millennium provides an informative and accessible overview of the fascinating historical and aesthetic developments of this music and its creators from the Middle Ages and the Renaissance through the Baroque Classical and Romantic eras to the beginning of this new century Though some Nordic composers including Edvard Grieg Carl Nielsen and Jean Sibelius have found great acclaim in all parts of the world author Frederick Key Smith lays the foundation for their work in his discussion of the many composers relatively unknown outside of Northern Europe Smith ably discusses the composers styles and representative works of each era in language that makes for a highly readable musical history as well as a superior reference guide The first English language book of its type in nearly 40 years Smith s study brings into focus this broad and exciting aspect of music history

Kierkegaard Bibliography Peter Šajda,Jon Bartley Stewart,2016

Grieg Daniel M. Grimley,2006 An examination of the role of landscape and cultural identity in the music of Edvard Grieg

Volume 19, Tome II: Kierkegaard Bibliography Peter Šajda,Jon Stewart,2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications

on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies

They Do What? Javier A. Galván, 2014-06-19 This single volume work covers many traditions customs and activities Westerners may find unusual or shocking covering everything from the Ashanti people's funeral celebrations to wife carrying competitions in Finland In Maharashtra India a tradition exists to throw newborn babies off the tops of buildings At the Vegetarian Festival in Phuket Thailand some people ritualistically pierce their cheeks and faces with swords and knives How did these surprising customs come to be From camel wrestling to cheese rolling competitions to a tomato throwing festival this fascinating single volume encyclopedia examines more than 100 customs traditions and rituals that may be considered strange and exotic to U S readers This work provides high school and undergraduate students with a compelling and fascinating exploration of world customs and traditions Comprising entries by anthropologists religious leaders scholars dancers musicians historians and artists from almost every continent in the world this encyclopedia provides readers a truly global and multidisciplinary perspective The entries explore the origins of the custom explain how it was established as a tradition and describe how and where it is practiced A thematic guide enables readers to look up entries by the type of tradition or custom such as birth coming of age courtship and wedding funeral daily customs holidays and festivals

Icelandic Voice in Canadian Letters Daisy L. Neijmann, 1997 This fascinating study explores a remarkable ethnic Canadian literature in close textual and contextual terms for the first time It lays a groundwork for future comparative research in the field of ethnic Canadian studies and challenges assumptions about cultural identity and human experience of the new

Søren Kierkegaard Literature, 1956-2006 Aage Jørgensen, 2009 This bibliography on Søren Kierkegaard carries on the work of Jens Himmelstrup's international bibliography 1962 It collates everything written about Kierkegaard books contributions to edited collections and journals and also features an appendix of primary text editions and translations Discussion notes reviews etc are catalogued according to the items they refer to The bibliography contains more than 5 600 primary entries and is a testament to the expanding worldwide interest in the Danish philosopher It also remedies the deeply felt need for a collected overview of the extensive literature on Kierkegaard

Scandinavian Review, 2000 Kierkegaard's Influence on Literature, Criticism and Art Jon Stewart, 2013 Vol 2 is dedicated to the use of Kierkegaard by later Danish writers Almost from the beginning Kierkegaard's works were standard reading for these authors

Danish novelists and critics from the Modern Breakthrough movement in the 1870s were among the first to make extensive use of his writings. These included the theoretical leader of the movement the critic Georg Brandes who wrote an entire book on Kierkegaard and the novelists Jens Peter Jacobsen and Henrik Pontoppidan. True Relations G. Thomas Couser, Joseph Fichtelberg, 1998-01-21 The essays in this collection explore new directions in autobiography studies. Examining a wide range of texts from narratives of suicide survivors, cross dressers and people with HIV/AIDS to self representations in the visual arts, the collection demonstrates how writers have used the postmodern experience of fragmentation to forge new kinds of identities. Postmodern selves, the essayists argue, are relational selves constructed from the acute need to find identity through collaboration with others. Postmodern autobiography emerges as a search amid shocks to the stable self for wider patterns of significance. Of interest to researchers and scholars in autobiography, world literature and psychology. *Equality for Same-Sex Couples* Yuval Merin, 2010-02-15 During the past three decades, nations all over the world have been debating whether to allow same sex couples to marry or at least grant these couples various rights associated with marriage. In *Equality for Same Sex Couples*, Yuval Merin presents the first comparative study of the legal regulation of same sex partnerships worldwide as well as a unique survey of the status of same sex couples in Europe. Merin begins by providing a historical overview of the transformation of marriage from antiquity to the present. He then identifies and critically compares four principal models for the legal regulation and recognition of same sex partnerships: civil marriage, registered partnership, domestic partnership and cohabitation. Merin concludes that all of the models except civil marriage discriminate against gays and lesbians just as the separate but equal doctrine discriminated against African Americans; thus so-called alternatives to marriage, even if they provide the same rights and benefits as marriage, are inherently unequal and therefore unconstitutional.

The Other Mirror Kristine Ibsen, 1997-02-25 During the last decade, women's narrative has become a recognized force in Mexican letters. The essays in this collection explore the recent work of nine contemporary Mexican women writers. Many of the works have been translated into English; some like Laura Esquivel's *Like Water for Chocolate* have become international best sellers. The unprecedented commercial success of these novels has generated mixed reactions at the same time that the secondary status afforded women's narrative has come to be questioned in many academic circles. Some authors are dissociating themselves from women's writing. The essays in this volume address these issues, providing a much needed contribution to the study of women's narrative.

Volume 12, Tome III: Kierkegaard's Influence on Literature, Criticism and Art Jon Stewart, 2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker, his writings have also been used extensively by literary writers, critics and artists. This use can be traced in the work of major cultural figures not just in Denmark and Scandinavia but also in the wider world. They have been attracted to his creative mixing of genres, his complex use of pseudonyms, his rhetoric and literary style and his rich images, parables and allegories. The present volume documents this influence in the different language groups and traditions. Tome III investigates the works

of Swedish and Norwegian writers and artists inspired by Kierkegaard In Sweden the novelist Victoria Benedictsson made use of Kierkegaard during the period of the so called Modern Breakthrough as did the playwright August Strindberg Later Swedish writers have continued to draw on his thought such as Selma Lagerlof Lars Ahlin Lars Gyllensten and Carl Henning Wijkmark The Norwegian reception of Kierkegaard also began remarkably early and was shaped by the leading names in Norwegian cultural life Despite his coy responses to questions about his relation to Kierkegaard Henrik Ibsen clearly seems to have been inspired by the Dane in works such as Brand Norwegian writer and poet Bjornstjerne Bjornson who was influenced by the Modern Breakthrough movement was also deeply inspired by Kierkegaard Finally the celebrated Norwegian artist Edvard Munch 1863 1944 closely studied key Kierkegaardian concepts such as anxiety and his influence is notable in his iconic paintings such as The Scream

Volume 19, Tome VII: Kierkegaard Bibliography Peter Šajda,Jon Stewart,2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies
