

Feature of Normative Political Theory

The four main features of normative political theory are:

- **Action-guiding,**
 - **Idealizing,**
 - **Moral, and**
 - **Liberal.**
- ▶ These are the most important features in particular because they form the tacit background of assumptions.

Normative Political Theory

Jonathan Floyd

Normative Political Theory:

Normative Political Theory Fred M. Frohock, 1974 *Political Theory* David Leopold, Marc Stears, 2008-07-31 *Political Theory Methods and Approaches* is one of the first books to analyze research methods in political theory and political philosophy Drawing together a distinguished set of contributors the book asks how political theory should be conducted today and examines the connections between political theory and a range of adjacent disciplines including moral philosophy the empirical social sciences the history of political thought the world of real politics critical social theory and ideology **Is Political Philosophy Impossible?** Jonathan Floyd, 2017-09-07 A major new statement on how we do and we ought to do political philosophy **An Analysis of the Logic of Normative Political Theory** Bruce Ethan Wright, 1969 **The Nature of Political Theory** Andrew Vincent, 2004-03-25 In his controversial new book Andrew Vincent sets out to analyse and challenge the established nostrums of contemporary political theory The nature of Political Theory offers three major contributions to current scholarship It offers first a comprehensive synoptic and comparative analysis of the major conceptions of political theory predominantly during the twentieth century This analysis incorporates systematic critiques of both Anglo American and continental contributions The nature of theory is seen as intrinsically pluralistic and internally divided Secondly the idea of foundationalism is employed in the book to bring some coherence to this internally complex and fragmented practice The book consequently focuses on the various foundational concerns embedded within conceptions of political theory Thirdly the book argues for an adjustment to the way we think about the discipline Political theory is reconceived as a theoretically based indeterminate subject which should be more attuned to practice and history Andrew Vincent makes a case for a more ecumenical and tolerant approach to the discipline suggesting that there are different but equally legitimate answers to the question what is political theory Acceptance of this view would involve a supplementation of the standard substantive approaches to contemporary political theory The Nature of Political Theory offers a unique and idiosyncratic perspective on our current understanding of political theory making it an indispensable resource for all scholars and students of the discipline **Teaching Normative Political Theory** Sami G. Hajjar, Steven Brzezinski, 1977

Understanding Political Theory Mr. Rohit Manglik, 2023-03-23 In this book we will study about the subject of Understanding Political Theory exploring its key themes developments and importance in the broader context of the discipline The book offers foundational and in depth understanding tailored to build academic insight and critical thought

Political Theory In Transition Noel O'Sullivan, 2013-07-04 During the past two decades there has been increasing dissatisfaction with established political categories on the grounds that they no longer fit many of the facts of contemporary life or adequately express many contemporary political ideals Political Theory in Transition explores the principal reasons for this dissatisfaction and outlines some of the most influential responses to it Key features of this textbook covers many of the important areas in political theory including Communitarianism Identity Feminism Liberalism Citizenship Democracy Power

Authority Legitimacy Nationalism Globalization and the Environment includes chapters written by some of the foremost authorities in the field of political theory divided into four useful sections beginning with the concept of the individual and progressing to beyond the nation state *Political Theory* VD Mahajan, 2006 This is new edition contains a comprehensive study of the subject with the latest thinking by the political scientists of the world today **For Foucault** Mark G. E. Kelly, 2017-12-21 Calls for a Foucauldian approach to political thought that is intrinsically resistant to power and subordination to public policy This book comprises a series of staged confrontations between the thought of Michel Foucault and a cast of other figures in European and Anglophone political philosophy including Marx Lenin Althusser Deleuze Rorty Honneth and Geuss Focusing on the status of normativity in their thought Mark G E Kelly explains how Foucault's position in relation to political theory is different and over the course of the book describes a distinctive Foucauldian stance in political thought that is maximally anti normative anti theoretical and anti political For Foucault aims to undermine attempts to discern the appropriate form of political action instead putting forward a rigorously critical program for a political theory that lacks any moralizing or totalizing dimension and serves only to side with resistance against power and never with power itself Looking at attempts to think radically about politics from Marx to the present day Kelly traces a novel history of political thought as a trend of attempts to overcome the constraints of normativity theoreticism and subordination to public policy He concludes by assessing and rejecting recent attempts to reclaim Foucault for a form of normative politics by associating him with neoliberalism This original and insightful book makes a significant contribution to political philosophy Stuart Elden author of Foucault The Birth of Power *Contemporary Political Theory* J. C. Johari, 1987 **International Political Theory** Kimberly Hutchings, 1999-11-03 A lucid comprehensive analysis of normative approaches to international relations and an original contribution to critical theory Andrew Linklater University of Keele Hutchings combines a valuable account of the current state of the art with a lucid exposition of her own highly distinctive position This will be required reading for students in international political theory and indeed anyone interested in normative issues in international relations Chris Brown London School of Economics and Political Science Providing an invaluable overview of the competing schools of thought in traditional and contemporary international theory this book seeks to path the way forward for new ways of thinking about international political morality First the role and place of normative theory in the study of international politics is explained before a discussion of mainstream approaches within international relations and applied ethics Here the student is introduced to the central debates between realists and idealists and cosmopolitans and communitarians Second the conceptual challenges of contemporary approaches in critical theory postmodernism and feminism are outlined and then used as a platform to develop the author's own Hegelian Foucauldian approach for doing normative international theory Third the insights drawn from each approach are applied to the study of two key topics in contemporary theoretical debate the right to self determination and the idea of cosmopolitan democracy and conclusions drawn for transcending the

theoretical deadlock in international relations Accessibly written and wide ranging this text will quickly become essential reading for all students and academics of politics and international relations seeking a deeper understanding of the underlying tensions and future potential of international theory today Hobbesian Moral and Political Theory Gregory S. Kavka, 2021-01-12 In recent years serious attempts have been made to systematize and develop the moral and political themes of great philosophers of the past Kant Locke Marx and the classical utilitarians all have their current defenders and are taken seriously as expositors of sound moral and political views It is the aim of this book to introduce Hobbes into this select group by presenting a plausible moral and political theory inspired by Leviathan Using the techniques of analytic philosophy and elementary game theory the author develops a Hobbesian argument that justifies the liberal State and reconciles the rights and interests of rational individuals with their obligations Hobbes's case against anarchy based on his notorious claim that life outside the political State would be a war of all against all is analyzed in detail while his endorsement of the absolutist State is traced to certain false hypotheses about political sociology With these eliminated Hobbes's principles support a liberal redistributive or satisfactory State and a limited right of revolution Turning to normative issues the book explains Hobbes's account of morality based on enlightened self interest and shows how the Hobbesian version of social contract theory justifies the political obligations of citizens of satisfactory States **An**

Introduction to International Political Science Rita Shah, 2025-01-03 An Introduction to International Political Science delves into global politics examining how political systems function to maintain peace and foster development worldwide We present international political science as both a science and an art showcasing theoretical concepts and their practical applications to manage and develop nations effectively Our main focus is on public welfare exploring the historical background key concepts theories and philosophies of politics We discuss the emergence of politics notable political thinkers their ideologies and how politics secures nations and drives economic flow The book emphasizes economic development and financial policy formulation highlighting how global politics work to maintain peace development and public welfare We illustrate the importance of international relations and the strength of unity in overcoming challenges whether natural calamities or conflicts By covering all essential aspects of politics this book provides a comprehensive overview of how political systems operate on a global scale respecting cultural diversity and promoting economic and public welfare

Contemporary Political Theory Andrew Shorten, 2017-08-24 Introducing the major theories issues and concepts in contemporary political theory this text is a comprehensive and engaging introduction to the field The book examines a range of topics to explore questions such as What kinds of political community best support democracy Do members of wealthy societies have duties to eradicate global poverty Chapters are carefully organized to enhance learning by first setting out rival perspectives on key political issues which are then compared and analysed through a series of key debates Discussion boxes are used throughout the book to consider the policy implications of different theoretical perspectives from thinkers

including John Rawls Susan Okin Isaiah Berlin Jane Mansbridge and Will Kymlicka Offering an in depth survey of the landscape of contemporary political theory and written in an engaging and lively style this book will equip students with the tools to think through the complex questions whose answers determine our collective political lives The Oxford Handbook of International Political Theory Chris Brown, Robyn Eckersley, 2018-02-22 International Political Theory IPT focuses on the point where two fields of study meet International Relations and Political Theory It takes from the former a central concern with the international broadly defined from the latter it takes a broadly normative identity IPT studies the ought questions that have been ignored or side lined by the modern study of International Relations and the international dimension that Political Theory has in the past neglected A central proposition of IPT is that the domestic and the international cannot be treated as self contained spheres although this does not preclude states and the states system from being regarded by some practitioners of IPT as central points of reference This Handbook provides an authoritative account of the issues debates and perspectives in the field guided by two basic questions concerning its purposes and methods of inquiry First how does IPT connect with real world politics In particular how does it engage with real world problems and position itself in relation to the practices of real world politics And second following on from this what is the relationship between IPT and empirical research in international relations This Handbook showcases the distinctive and valuable contribution of normative inquiry not just for its own sake but also in addressing real world problems The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smith of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by a distinguished pair of specialists in their respective fields The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of the original Reus Smit and Snidal The Oxford Handbook of International Relations each volume is organized around a strong central thematic by a pair of scholars drawn from alternative perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions **Political Theory** Rajeev Bhargava, 2008 **Practical Turn in Political Theory** Eva Erman, 2018-03-07 This book joins five key debates in the current theoretical literature that have been largely taking place in isolation and identifies common strands of argument and their shared problems to developed a unified way forward for practice based political theory **Political Theory and Social Science** J. Gunnell, 2011-02-14 This work is devoted to a critical analytical examination of the history character and conduct of contemporary academic political theory and to a reconsideration of significant elements of this field of inquiry from the perspective of the philosophy of Ludwig Wittgenstein Encyclopedia of Political Theory Mark Bevir, 2010-03-18 How do we arrange our collective affairs Why do we live together in the ways we do How ought we to live together All humans think about the world they live in its history and future and the ideals by which

they want to live in relation to others How we think today decisively influences the world of tomorrow This encyclopedia attempts to bring greater clarity and understanding to political debate Drawing together a team of international scholars the Encyclopedia of Political Theory examines the ideas of the major political theorists from before Plato to our own times the main schools of political thought the concepts and issues that have captured the imagination and attention of political theorists and some of the main institutions and practices inspired by political thought With more than 450 entries these three volumes provide a quick one stop source to key topics in the field Key Features Examines the global landscape of all the key theories and the theorists behind them Includes specific lists of entries that deal with constitutional thought and democratic thought Refers to distinctive norms and features of various governments legal systems and societies Devotes large parts to the history of ideas about government ethics and society Provides a chronology of political theory to help readers see how a given theorist school or issue fits into the bigger historical picture Key Themes Ancient Thought Applied Ethics Biographies Comparative Theory Constitutional Thought Critical Theory Democratic Thought Early Modern Thought International Theory Justice Liberal Theory Medieval Thought Modern Theory Power and Authority Religious Thought Self and Community This work is designed to serve as a reference source for anyone interested in the roots of contemporary political theory It will be a welcome addition to any academic or public library

Normative Political Theory Introduction

In the digital age, access to information has become easier than ever before. The ability to download Normative Political Theory has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Normative Political Theory has opened up a world of possibilities. Downloading Normative Political Theory provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Normative Political Theory has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Normative Political Theory. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Normative Political Theory. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Normative Political Theory, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Normative Political Theory has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous

learning and intellectual growth.

FAQs About Normative Political Theory Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Normative Political Theory is one of the best book in our library for free trial. We provide copy of Normative Political Theory in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Normative Political Theory. Where to download Normative Political Theory online for free? Are you looking for Normative Political Theory PDF? This is definitely going to save you time and cash in something you should think about.
