Painted Cougar:

The Painted Cougar Elisabeth Margaret Hopkins, 1976 *Colors & Markings of the F9F Cougar* Bert Kinzey, Rock Roszak, 2024-12-28

The Grumman F9F Cougar was an iconic Navy fighter being one of two swept wing aircraft rapidly developed from existing straight wing designs already operational. Facing a disadvantageous situation in the air war over the Korean peninsula with outmoded aircraft and yielding the air superiority mission to the United States Air Force F 86 Sabre swept wing developments of Grumman's F9F Panther and North American's FJ Fury gave the Navy the opportunity to field swept wing fighters in the quickest possible time far faster than developing a completely new design. Detail Scale has chronicled the history of the Cougar in detail in our F9F Cougar in Detail Scale Revised Edition. We now complement that publication with *Colors Markings of the F9F Cougar in U S Navy and Marine Corps Service* a comprehensive look at the paint schemes used on this iconic Navy fighter and the squadrons that flew it. The book begins with a general description of the three major paint schemes applied to the Cougar during its history. The overall Gloss Sea Blue scheme had been in place since 1944 for Navy fighters and for all carrier based aircraft from 1945. All F9F 6 F9F 6P F9F 7 and early F9F 8 variants were delivered to the Navy in the Gloss Sea Blue Scheme. In 1955 a more visually impressive scheme of Non Specular Light Gull Gray over Gloss Insignia White was established which became one of the longest serving military aircraft paint schemes ever remaining in place for more than twenty five years. Most of the F9F 8 and all of the F9F 8P variants were delivered in this gray over white scheme. All of the F9F 8T two seat training aircraft were delivered in one of two training schemes basically an overall Gloss Insignia White aircraft with varying areas of high visibility Florescent Red Orange or International Orange paint. The Paint Schemes Chapter includes the official paint colors used and their corresponding Federal Standard paint color numbers as well as color illustrations of the paint schemes as laid out in official Navy documentation. Finally a look at the dazzling colors used on Navy drone and drone controller aircraft is presented. The Paint Schemes chapter is followed by a comprehensive look at the colors and markings of the Cougar in service with all types of Naval and Marine aviation units. Ten sections cover all the units that flew the Cougar as a significant aircraft in their inventory beginning with sections on fighter and attack squadrons. Navy photographic reconnaissance units are covered next and these are followed by sections on Navy training and fleet air service squadrons. Next is a look at Marine squadrons that flew the Cougar in the fighter attack photo recon and training mission areas. This is followed by a look at Naval Reserve squadrons that supported both Navy and Marine pilots. The chapter concludes with sections on test evaluation squadrons miscellaneous squadrons and the Navy's Ambassadors in Blue the Blue Angels. *Colors Markings of the F9F Cougar in U S Navy and Marine Service* along with the companion volume *F9F Cougar in Detail Scale* provide a most in depth look at this iconic carrier fighter. *Colors Markings of the F9F Cougar in U S Navy and Marine Corps Service* has 173 pages 199 photographs 91 in color 74 full color profiles and dozens of additional illustrations **F9F Cougar in Detail & Scale, Revised Edition** Bert Kinzey, 2019-11-26

The renowned Detail Scale Series continues with the newest title F9F Cougar in Detail Scale Revised Edition covering the development history and details of one of the United States Navy's first operational swept wing jet fighters. Between 1978 and 2004 Detail Scale published more than 120 books on military aircraft and U.S. Navy aircraft carriers. After nearly a ten year break Detail Scale returned to the publishing scene in late 2013 and since that time has published over 30 new or updated books in the Detail Scale Series, the Colors Markings Series as well as several stand alone volumes. While our digital books proved to be very popular, many customers longed for the traditional print book format and in late 2017 we began to convert our digital books to a print on demand format. The only book in our new Detail Scale Series that could not be converted was our original Volume 2 F9F Cougar in Detail Scale. That book was just too large because it was basically a combination of the content we usually published in both our Detail Scale and Colors Markings Series. So in 2018 we pulled that book from our bookshelf and began the process of republishing it as two books, one in each series. This book F9F Cougar in Detail Scale Revised Edition is the first result of this process and it offers expanded coverage over the previous edition. It will eventually be followed by a second book Colors Markings of the F9F Cougar which will cover all of the paint schemes used on the Cougar and will look at all of the Navy and Marine fighter attack, photo reconnaissance, utility, test, evaluation, fleet air service, Reserve, miscellaneous squadrons and the Blue Angels precision flight demonstration team that flew the Cougar. In combination, these two books will be the most comprehensive and detailed look ever published on this iconic aircraft.

The Grumman Ironworks F9F Cougar in Detail Scale Revised Edition continues the Detail Scale Series focus on specific aircraft details including cockpit, fuselage, wings, landing gear, engine and armament, but it includes so much more. It features a detailed look at the developmental history of the F9F Cougar that begins with the prototypes and continues with the F9F 6 in both fighter and F9F 6P photo reconnaissance versions and the F9F 7 Allison engined variant. It then covers the ultimate F9F 8 variant in its fighter attack and F9F 8P photo reconnaissance versions as well as the two seat F9F 8T. This aircraft subsequently designated as the TF 9J filled a training role with the Navy until the mid 1970s and was the only version of the Cougar to see combat when the Marines used the aircraft in the Fast FAC role in Vietnam. A comprehensive pilots report is included featuring reminiscences from five Naval aviators who flew every Cougar variant. The aircraft details chapter, long the hallmark of the Detail Scale Series, covers the cockpit, windscreen and canopy, internal armament, fuselage, wings, pylons, external stores, landing gear, tail and engine assemblies. This chapter alone contains more than 180 photos, 144 of which are in color, that illustrate every aspect of this important aircraft. Finally, as with all books in the Detail Scale Series, a detailed look at all of the scale model kits that have been released of the Cougar is presented, including the two F9F kits released by the Kitty Hawk Modeling Company in 2014 in 1/48th scale and the recent Sword 1/72nd scale kits. F9F Cougar in Detail Scale Revised Edition features more than 315 photos, 208 in color, and more than two dozen color detail and aircraft line drawings.
