Fragile Settlements Amanda Nettelbeck,Russell Smandych,Louis A. Knafla,Robert Foster,2016-03-20 Fragile Settlements compares the processes by which colonial authority was asserted over Indigenous people in south west Australia and prairie Canada from the 1830s to the early twentieth century At the start of this period there was an explosion of settler migration across the British Empire In a humanitarian response to the unprecedented demand for land Britain's Colonial Office moved to protect Indigenous peoples by making them subjects under British law This book highlights the parallels and divergences between these connected British frontiers by examining how colonial actors and institutions interpreted and applied the principle of law in their interaction with Indigenous peoples on the ground Fragile Settlements questions the finality of settler colonization and contributes to ongoing debates around jurisdiction sovereignty and the prospect of genuine Indigenous settler reconciliation in Canada and Australia

Kimberly's Cats and Dogs Foundation Farm Kathy Resberg,2022-11-03 Kimberly's Cats and Dogs Foundation Farm is not only the title of this series of books but also the name of the nonprofit that was started on September 26 2014 when our daughter Kimberly died suddenly from a brain aneurysm She worked for the Humane Society in our city It was her dream job raising money to care for the little animals that have no voice My husband and I needed to keep her dream alive by opening our farm up to help in the care for those little animals and to assist other small rescue organizations in our area

'Every Mother's Son is Guilty' Chris Owen,2016 This is a marvellous contribution by Chris Owen to the understanding of the role the Western Australian police force played in the colonial expansion into the Kimberley district of Western Australia Senator Patrick Dodson Yawuru Elder Chris Owen provides a compelling account of policing in the Kimberley district from 1882 when police were established in the district until 1905 when Dr Walter Roth's controversial

Royal Commission into the treatment of Aboriginal people was released Owen's achievement is to take elements of all the pre-existing historiography and test them against a rigorous archival investigation. In doing so a fuller understanding of the complex social, economic and political changes occurring in Western Australia during the period are exposed. The policing of Aboriginal people changed from one of protection under law to one of punishment and control. The subsequent violence of colonial settlement and the associated policing and criminal justice system that developed often of questionable legality was what Royal Commissioner Roth termed a brutal and outrageous state of affairs. Every Mother's Son is Guilty is a significant contribution to Australian and colonial criminal justice history. Subject: History, Aboriginal Studies, Criminal Justice, policing.

A New York Times Notable Book of 2012. Food and in particular the lack of it was central to the experience of World War II. In this richly detailed and engaging history, Lizzie Collingham establishes how control of food and its production is crucial to total war. How were the imperial ambitions of Germany and Japan, ambitions which sowed the seeds of war, informed by a desire for self-sufficiency in food production? How was the outcome of the war affected by the decisions that the Allies and the Axis took over how to feed their troops? And how did the distinctive ideologies of the different combatant countries determine their attitudes towards those they had to feed? Tracing the interaction between food and strategy on both the military and home fronts, this gripping original account demonstrates how the issue of access to food was a driving force within Nazi policy and contributed to the decision to murder hundreds of thousands of useless eaters in Europe. Focusing on both the winners and losers in the battle for food, *The Taste of War* brings to light the striking fact that war-related hunger and famine was not only caused by Nazi Germany and Imperial Japan but was also the result of Allied mismanagement and neglect, particularly in India, Africa and China. American dominance both during and after the war was not only a result of the United States' immense industrial production but also of its abundance of food. This book traces the establishment of a global pattern of food production and distribution and shows how the war subsequently promoted the pervasive influence of American food habits and tastes in the post-war world. A work of great scope, *The Taste of War* connects the broad sweep of history to its intimate impact upon the lives of individuals. **Parliamentary Debates** Western Australia. Parliament, 1977.
