**Pillars of the Pentagon** Nita Scoggan,1982      *An Agenda for Sustainable Development Research* Walter Leal Filho,Amanda Lange Salvia,Claudio Ruy Portela de Vasconcelos,2024-09-20 This book involves establishing a set of priorities and a roadmap that can guide scholarly and practical efforts towards sustainability goals It encourages collaboration across disciplines to address complex sustainability issues that span social economic and environmental domains It also supports the development of robust methodologies for conducting research including quantitative qualitative and mixed methods approaches But despite the importance of and the need for an agenda for sustainable development research many efforts are isolated and thematically disconnected Also it is difficult to find information on how sustainability research is being undertaken and on the wide range of methods being used Against this backdrop and in order to facilitate a broad discussion on the contribution of sustainable development research this book is being produced The book gathers inputs from universities and research organisations working on matters related to sustainable development research in a variety of contexts It also provides a platform for the dissemination of information on the latest initiatives paving the way for technology transfer and networking Furthermore the book intends to provide a fertile basis upon which universities research centres and practitioners may cooperate more closely in this key area Last but not least a further aim of the book is to present methodological approaches and experiences deriving from case studies and projects which aim to show how sustainability research may be implementing across a range of disciplines Thanks to its scope and interdisciplinarity this books makes an excellent reading to everyone interested on sustainability research      **The Time's Discipline** Philip Berrigan,Elizabeth McAlister,2010-05-01 In *The Time's Discipline* Philip Berrigan and Elizabeth McAlister offer us a chronicle of their community in Baltimore They show us that for their nonviolent community resistance to the nuclear arms race is not merely a political endeavor but most profoundly a spiritual endeavor rooted in fidelity to the Gospel Thus the reporting of Jonah House's first fifteen years is formed around the Beatitudes eight points of blessing at the outset of Matthew's presentation of the Sermon on the Mount Invariably for Phil Liz and those who have been part of their work at Jonah house and related endeavors that spirituality is not abstract but rooted in community and resistance and thus very much of this world and in service to its highest good Understanding that we live in a nuclear empire they present us in these pages their experiment in truth in its midst      **The Pentagon's New Map** Thomas P.M. Barnett,2005-05-03 Since the end of the Cold War America's national security establishment has been searching for a new operating theory to explain how this seemingly chaotic world actually works Gone is the clash of blocs but replaced by what Thomas Barnett has the answers A senior military analyst with the U S Naval War College he has given a constant stream of briefings over the past few years and particularly since 9 11 to the highest of high level civilian and military policymakers and now he gives it to you The Pentagon's New Map is a cutting edge approach to globalization that combines security economic political and cultural

[Crossing the Line](#) Rosalie G. Riegler,2013-01-01 Of course let us have peace we cry but at the same time let us have normalcy let us lose nothing let our lives stand intact let us know neither prison nor ill repute nor disruption of ties There is no peace because there are no peacemakers There are no makers of peace because the making of peace is at least as costly as the making of war at least as exigent at least as disruptive at least as liable to bring disgrace and prison and death in its wake Daniel Berrigan No Bars to Manhood More than sixty five peacemakers have contributed oral narratives to this compelling history of those who say no to war making in the strongest way possible by engaging in civil disobedience and paying the consequences in jail or prison Crossing the Line gives voice to often neglected social history and provides provocative stories of actions trials and imprisonment This fascinating volume serves as an excellent supplement to conventional histories Almost all the storytellers here are people of faith or are inspired by those who live by faith Many work at conventional careers some do full time peacemaking by living in Catholic Worker houses or in the Jonah House community several are priests and nuns who minister worldwide Also featured are three resisters prominent

in War Resisters League history From World War II conscientious objectors to contemporary activists these narrators have refused to be helpless in the face of a violent world and have said with their bodies that they do not accept the status quo of permanent war and war preparation In short the voices illustrate hope at a time when it seems in short supply     **The Routledge Companion to Business in Africa** Sonny Nwankwo, Kevin Ibeh, 2014-07-25 Although the world's poorest inhabited continent Africa has recently shown signs of being a source of economic growth in the coming decades with increased foreign investment notably from China and huge growth in GDP from a number of African states In contrast to the heaving weight of books focusing on business opportunities in Asia Eastern Europe and Latin America Africa has been poorly served by academic publishing This compendium of scholarship offers cutting edge knowledge relating to business in Africa The objectives of this collection include To shed new light on the socio cultural and historical underpinnings of business practice in Africa and their implications for promoting entrepreneurship and business behaviour in the region To consider the important constraints on business activities in Africa and the emerging best practice for redressing their real and potential impacts To facilitate a better understanding of contemporary business practice in Africa through the application of relevant theories and models including emergent ones The Routledge Companion to Business in Africa is a comprehensive reference resource that provides the perfect platform for embarking on research and study into Africa from the business perspective

Pentagon's Hammer Tino Randall, 2013-12-09 Freedom this is what being an American is all about It is the single most important philosophy that has driven America's success since the beginning Freedom however is an expensive luxury to secure and that is why America strives to be the leading force in military might and power Americans are accustomed to this luxury and in ways they have taken it for granted The dreaded day of 9 11 opened the eyes of millions of Americans when the US homeland was attacked Its enemies exploited a weakness in general security and utilized that weakness to promote fear and chaos The enemy took decisive action against its American foe leading to the shocking realization that America is not immortal Imagine if America's other weaknesses were exploited Imagine if the next attack wasn't targeted at civilians but at the American government Pentagon's Hammer is a story following a highly intelligent group of terrorists that have infiltrated the core of America's defense structure and are now utilizing this great wealth of knowledge against its sworn nemesis This hostile takeover is led by an individual known only as The Serpent an individual sworn to the destruction of the United States of America In twelve days the lives of millions of Americans will be changed forever In twelve days America will be thrown into disarray as its enemies have found a vulnerable weakness within its space based Defense GRID In twelve days The Serpent executes a series of attacks that virtually cripples the America the world has come to know BUT there's one complication ALEX BAUER a highly recognized defense systems engineer and expert within the US government Follow Alex Bauer and his crew as they attempt to put an end to The Serpent's reign of terror and prevent the destruction of the life and freedom dear to all Americans     A God in the Moon Roger A Turner, 2019-02-01 A God in the Moon Your Guide to the World
