Steven Moffic, Rama Rao Gogineni, John R. Peteet, Neil Krishan Aggarwal, Narpinder K. Malhi, Ahmed Hankir, 2024-07-30 This book provides a thorough comprehensive and accessible reference for all the major Eastern faith traditions and their intersection with psychiatry Understanding Eastern religion is of paramount value to all mental health professionals as there is a growing emphasis on religion and

spirituality as a part of clinical cultural competence interventions predominantly in North America and Europe. Additionally, there is rising membership in Eastern Asian and non-Semitic faith traditions in North America and Europe. Hence, more patients and clinicians belong to these non-Western faiths than ever before. The volume is divided into five parts. Part 1 covers general issues including principles of culture, religion, and spirituality in psychiatry; spirituality across the lifespan; child rearing practice and faith; and how death and dying is approached in these Eastern traditions. Part 2 covers specific Eastern religions and spiritual traditions including basic principles and research-based clinical aspects of Hinduism, Buddhism, Sikhism, Taoism, Zoroastrianism, Jainism, as well as Confucian philosophical ideas. Part 3 attempts to apply the importance of cultural humility to perspectives on the Eastern Traditions from Western Psychiatry. These include Christian, Muslim, and Jewish perspectives, not of expertise but of explorations in learning. Part 4 covers specific social psychiatric perspectives including the psychiatric harm that can come from caste divisions and cults posing as religions but closes with a perspective on the Eastern connections to the relatively unknown but unifying Omnist perspective. All mental health professionals seeking to expand their understanding of the essential belief systems of various Eastern religions and their connection with mental health will find Eastern Religions, Spirituality, and Psychiatry an invaluable resource.

**Being Spiritual - Connecting with God and Ourselves** Paul E. Jones, 2009-04-07. Let's take a journey into the mind of God. Let's see what He feels, knows, and understands. As we take this journey, let us see ourselves. We are wonderful creations of Him. Let's see God, ourselves, and others in a pure new light. With love and wisdom, we shall change ourselves and everything that is around us. Jesus, Buddha, and nature all three have given us the keys to being spiritual. This journey is a lifetime commitment but worth the trip. Take this road, and you will never be the same again. This is the key to being spiritual.

**Life with God** Richard J. Foster, 2010-05-04. Too often our study of the Bible focuses on searching for specific information or some formula that will solve our pressing needs of the moment. But what if we approached the Bible differently and instead of transforming the text to meet our needs, allowed it to transform us? That's exactly the idea behind *Life with God*. Richard J. Foster's much-anticipated book on the Bible. Foster, bestselling author of *Celebration of Discipline* and general editor of *The Renovar Spiritual Formation Bible*, claims that God has superintended the writing of Scripture so that it serves as the most reliable guide for Christian spiritual formation. According to Foster, the Bible is all about human life with God. As we read Scripture, we should consider how exactly God is with us in each story and allow ourselves to be spiritually transformed. By opening our whole selves—mind, body, spirit, thoughts, behavior, and will—to the page before us, we begin to grasp all the Bible has to teach about prayer, obedience, compassion, virtue, and grace, and apply it to our everyday lives to achieve a deeper relationship with God. With a wealth of examples and simple yet crucial insights, *Life with God* is an indispensable guide to approaching the Bible through the lens of Christian spiritual formation, revealing that reading the Bible for interior transformation is a far different endeavor than reading the Bible for historical knowledge, literary appreciation, or religious instruction.

**The Bible and**

**Spirituality** Andrew T. Lincoln, J. Gordon McConville, Lloyd K. Pieterse, 2013-07-05 The essays in this volume aim to contribute to the newly developing academic subject of biblical spirituality. It is prompted by the belief that although the Christian tradition has always nurtured an emphasis on spirituality rooted in the Bible and its interpretation, few biblical scholars until recently have pursued their work by making connections with either this religious tradition or present-day interest in the broader phenomenon of spirituality. Spiritual interpretation overlaps with theological interpretation but is distinctive because of its focus on the wisdom of lived experience and practice. The essays therefore attempt from within the context of the academy responsible readings of Scripture that have as a major focus the study of how particular texts might contribute to a spirituality in which individual and communal flourishing is a major feature. The essays began as papers produced for an international symposium on the Bible and Spirituality in May 2012 hosted by the Centre for the Study of the Bible and Spirituality in the School of Humanities at the University of Gloucestershire.

**Handbook of Religion and Health** Harold G. Koenig, Tyler J. VanderWeele, John R. Peteet, 2024 Beginning with a Foreword by Dr Howard K. Koh, former US Assistant Secretary for Health for the Department of Health and Human Services, this volume examines almost every aspect of health, reviewing past and more recent research on the relationship between religion and health outcomes.
