Atwood,2001 *Always Reforming* highlights the fact that in the modern era the notion of heresy has fallen apart Every church has been declared heretical at some time or other by another church and it is not the role of the historian to decide who is right or wrong on doctrinal issues Christians have adapted to sweeping social changes including scientific discoveries and changing world views This volume attempts to uncover some of the hidden dynamics of faith within the many ways in which other Christians have tried to live out the gospel in an uncertain world It also demonstrates that all human institutions including churches change over time Jacket
