Identity, Culture, And Politics

In The Basque Diaspora Gloria Pilar Totoricagüena, 2015-03-20 Gloria P Totoricagüena presents a thorough comparative examination of the remarkable endurance of Basque identity and culture in six countries of the far flung Basque diaspora. Using the results of interviews and extensive anonymous surveys with more than eight hundred informants in the diaspora plus extensive research in archives and printed sources in all six of her study countries Totoricagüena reveals for the first time the complex and interrelated universe of these dispersed Basques. She explores the elements of their migration patterns and the institutions that have encouraged identity maintenance, the impacts on established communities of each new wave of immigrants and the nature of economic and political ties with the homeland. Totoricagüena offers a superb quantitative study of an aspect of Basque culture that has been largely ignored by scholars of the diaspora. In doing so she enlarges the understanding of cultural identity in general: how it is defined and preserved, how it evolves over time, and how both the politics of distant places and the most intimate family habits can shape an individual's sense of self. *Identity, Culture and Politics in the Basque Diaspora* is a major contribution to the knowledge of Basques and their persistent political and cultural traditions.

THEORY OF INDIAN DIASPORA: DYNAMICS OF GLOBAL MIGRATION Dr. Madhu Tyagi, 2017-01-01 In recent years the term diaspora has been more frequently used to characterise peoples existing away from their homelands Khachig To lo lyan editor of the journal *Diaspora* asserts that the term that once described Jewish Greek and Armenian dispersion now shares meanings with a larger semantic domain that includes words like immigrant expatriate refugee guest worker exile community overseas community and ethnic community Generally speaking then this mosaic of Indian identities abroad is presented as the mirror of India itself India is diverse and so too are its migrants It is acknowledged that Indian migrants abroad tend to reproduce their own religions family patterns and cultures as much as possible One is the prefix Indian And the other is the term *dia spora* The implication of the first is that there is a single India with its people who are somehow united under one flag This is far from obvious India has been described as a nation and its fragments or an invented nation
