Religions in the Modern World Linda Woodhead, Hiroko Kawanami, Christopher Hugh Partridge, 2009 Comprehensive in its coverage this revised edition considers the history and modern practices of the world's main religious traditions It analyses trends in the manifestation of religion in the modern world from secularization to the rise of new spiritualities

Religions in Modern World Linda Woodhead, Linda Woodhead, Kawanami, Fletcher, Fletcher, Kawanami, 2002 This comprehensive guide offers an unrivalled introduction to recent work in the study of religion from the religious traditions of Asia and the West to new forms of religion and spirituality such as New Age With an historical introduction to each religion and detailed analysis of its place in the modern world Religions in the Modern World is ideal for newcomers to the study of religion It incorporates case studies and anecdotes text extracts chapter menus and end of chapter summaries glossaries and annotated further reading sections Topics covered include religion colonialism and postcolonialism religious nationalism women and religion religion and globalization religion and authority the rise of new spiritualities **Religions in the Modern World** Linda Woodhead, 2002 This comprehensive guide offers an unrivalled introduction to recent work in the study of religion from the religious traditions of Asia and the West to new forms of religion and spirituality such as New Age With an historical introduction to each religion and detailed analysis of its place in the modern world Religions in the Modern World is ideal for newcomers to the study of religion It incorporates case studies and anecdotes text extracts chapter menus and end of chapter summaries glossaries and annotated further reading sections Topics covered include religion colonialism and postcolonialism religious nationalism women and religion religion and globalization religion and authority the rise of new

spiritualities *The Routledge Handbook of Religions and Global Development* Emma Tomalin, 2015-02-11 This Handbook provides a cutting edge survey of the state of research on religions and global development Part one highlights critical debates that have emerged within research on religions and development particularly with respect to theoretical conceptual and methodological considerations from the perspective of development studies and its associated disciplines Parts two to six look at different regional and national development contexts and the place of religion within these These parts integrate and examine the critical debates raised in part one within empirical case studies from a range of religions and regions Different religions are situated within actual locations and case studies thus allowing a detailed and contextual understanding of their relationships to development to emerge Part seven examines the links between some important areas within development policy and practice where religion is now being considered including Faith Based Organisations and Development Public Health Religion and Development Human rights Religion and Development Sustainable Development Climate Change and Religion Global Institutions and Religious Engagement in Development Economic Development and Religion Religion Development and Fragile States Development and Faith Based Education Taking a global approach the Handbook covers Africa Latin America South Asia East and South East Asia and the Middle East It is essential reading for students and researchers in development studies and religious studies and is highly relevant to those working in area studies as well as a range of disciplines from theology anthropology and economics to geography international relations politics and sociology

Engaging with Living Religion Stephen E. Gregg, Lynne Scholefield, 2015-03-27 Understanding living religion requires students to experience everyday religious practice in diverse environments and communities This guide provides the ideal introduction to fieldwork and the study of religion outside the lecture theatre Covering theoretical and practical dimensions of research the book helps students learn to read religious sites and communities and to develop their understanding of planning interaction observation participation and interviews Students are encouraged to explore their own expectations and sensitivities and to develop a good understanding of ethical issues group learning and individual research The chapters contain student testimonies examples of student work and student led questions **Muslims and the New Media** Mr Göran Larsson, 2013-06-28 Scholars from an extensive range of academic disciplines have focused on Islam in cyberspace and the media but there are few historical studies that have outlined how Muslim ulama have discussed and debated the introduction and impact of these new media *Muslims and the New Media* explores how the introduction of the latest information and communication technologies are mirroring changes and developments within society as well as the Middle East's relationship to the West Examining how reformist and conservative Muslim ulama have discussed the printing press photography the broadcasting media radio and television the cinema the telephone and the Internet case studies provide a contextual background to the historical social and cultural situations that have influenced theological discussions focusing on how the ulama have debated the usefulness or dangers of the information and communication media By including both

historical and contemporary examples this book exposes historical trajectories as well as different and often contested positions in the Islamic debate about the new media *The Oxford Handbook of the Study of Religion* Michael Stausberg, Steven Engler, 2016-10-27 The Oxford Handbook of the Study of Religion provides a comprehensive overview of the academic study of religion Written by an international team of leading scholars its fifty one chapters are divided thematically into seven sections The first section addresses five major conceptual aspects of research on religion Part two surveys eleven main frameworks of analysis interpretation and explanation of religion Reflecting recent turns in the humanities and social sciences part three considers eight forms of the expression of religion Part four provides a discussion of the ways societies and religions or religious organizations are shaped by different forms of allocation of resources Other chapters in this section consider law the media nature medicine politics science sports and tourism Part five reviews important developments distinctions and arguments for each of the selected topics The study of religion addresses religion as a historical phenomenon and part six looks at seven historical processes Religion is studied in various ways by many disciplines and this Handbook shows that the study of religion is an academic discipline in its own right The disciplinary profile of this volume is reflected in part seven which considers the history of the discipline and its relevance Each chapter in the Handbook references at least two different religions to provide fresh and innovative perspectives on key issues in the field This authoritative collection will advance the state of the discipline and is an invaluable reference for students and scholars **Christianity and Religious Diversity** Harold A. Netland, 2015-05-12 This book explores how religions have changed in a globalized world and how Christianity is unique among them Harold Netland an expert in philosophical aspects of religion and pluralism offers a fresh analysis of religion in today s globalizing world He challenges misunderstandings of the concept of religion itself and shows how particular religious traditions such as Buddhism undergo significant change with modernization and globalization Netland then responds to issues concerning the plausibility of Christian commitments to Jesus Christ and the unique truth of the Christian gospel in light of religious diversity The book concludes with basic principles for living as Christ s disciples in religiously diverse contexts *Contested Concepts in the Study of Religion* George D. Chryssides, Amy R. Whitehead, 2022-08-11 This book offers a clear concise introduction to the meaning of problematic terms and the ways in which they should legitimately be used Each entry considers the following Why is this concept problematic What are the origins of the concept How is it used or misused and by whom Is it still a legitimate concept in the study of religion and if so what are its legitimate uses Are there other concepts that are preferable when writing on religion Concepts covered include Belief Religion Magic Secularisation Violence This is a jargon free indispensable resource for students and scholars that encourages the critical use of terms in the study of religion *The Role of Religious Culture for Social Progress in East Asian Society* Juan Francisco Martinez, Kwangsuk Yoo, Brian Byrd, 2023-03-29 Religious culture is an important keyword for understanding rapidly changing East Asian society especially China Japan and Korea

Despite the common influence of Confucian culture on these countries each has shown a very different pattern of social progress in modern and postmodern times Although surveys report a low ratio of religious identification and membership in this region people in this area are religious in a different way from Western societies and religious culture is closely related to political economic and social subsystems A real force of changing East Asian society is not only political powers or economic classes but also an invisible culture based on religious belief and practice This book focuses on the dynamic relationship between social progress and religious culture organization or movements in each society since 1945

Televising Religion in India Manoj Kumar Das,2022-03-22 This book explores how religion manifests itself in television It focuses on how religious traditions practices and discourses have been incorporated into non religious television programmes and how they bring both the community and the media into the fold of religion The volume traces the cultural and institutional history of television in the state of Sikkim India to investigate how it became part of the cultural life of the communities The author analyses three televised shows that captured the community s imagination and became ceremonial and religious engagement Through these case studies he highlights how rituals and myths function in mass media how traditional institutions and religious practices redefine themselves through their association with the visual mass medium and how identities based on religion cultural tradition and politics are reinforced transformed and amplified through television The book further analyses the engagement of televised religion with audiences its reach relevance and contents and its relationship with urbanity tradition and identity This volume will be of interest to students and researchers of media and communication studies cultural studies religious studies sociology cultural anthropology and history

Religion and Society in Sub-Saharan Africa and Southern Asia Carole Rakodi,2019-03-18 This book analyses how religion is entangled in people s lives in Sub Saharan Africa and southern Asia It provides an introduction to the teachings practices and values promoted by the main religious traditions in these regions and an overview of the evidence on what religion means to people in terms of their beliefs and religious practices and how it influences their values attitudes and day to day relationships with others especially their families Over the course of the book Carole Rakodi explores similarities and differences between and within religious traditions and identifies some of the key factors that influence and explain the roles played by religion in people s personal lives and social relationships A separate companion volume will go on to focus on the social and political roles and relationships of religious groups and organisations This book will be of great interest to academics and students working in a range of disciplines especially sociology religious studies and development studies but also anthropology geography and area studies

The Handbook of Religion and Communication Yoel Cohen,Paul A. Soukup,2023-02-14 Provides a contemporary view of the intertwined relationship of communication and religion The Handbook of Religion and Communication presents a detailed investigation of the complex interaction between media and religion offering diverse perspectives on how both traditional and new media sources continue to impact religious belief and practice across multiple

faiths around the globe Contributions from leading international scholars address key themes such as the changing role of religious authority in the digital age the role of media in cultural shifts away from religious institutions and the ways modern technologies have transformed how religion is communicated and portrayed Divided into five parts the Handbook opens with a state of the art overview of the subject s intellectual landscape introducing the historical background theoretical foundations and major academic approaches to communication media and religion Subsequent sections focus on institutional and functional perspectives theological and cultural approaches and new approaches in digital technologies The essays provide insight into a wide range of topics including religious use of media religious identity audience gratification religious broadcasting religious content in entertainment films and religion news reporting about religion race and gender the sex religion matrix religious crisis communication public relations and advertising televangelism pastoral ministry death and the media online religion future directions in religious communication and more Explores the increasing role of media in creating religious identity and communicating religious experience Discusses the development and evolution of the communication practices of various religious bodies Covers all major media sources including radio television film press digital online content and social media platforms Presents key empirical research real world case studies and illustrative examples throughout Encompasses a variety of perspectives including individual and institutional actors academic and theoretical areas and different forms of communication media Explores media and religion in Judeo Christian traditions Islam Buddhism Hinduism religions of Africa Atheism and others The Handbook of Religion and Communication is an essential resource for scholars academic researchers practical theologians seminarians mass communication researchers and undergraduate and graduate students taking courses on media and religion

Post-Christian Religion in Popular Culture Andrew D. Thrasher, 2024-09-05 Post Christian Religion in Popular Culture Theology through Exegesis analyzes several theological exegeses of contemporary popular culture as post Christian scripture It includes analyses of the Marvel Cinematic Universe The Lion King and Cloud Atlas the television shows Lucifer and Shameless and contemporary pop punk and alternative music Through an application of three hermeneutical methods re enchantment resourcement and rescription a prophetic and apocalyptic critique of modernity and an analysis of the late modern human condition Andrew D Thrasher argues how popular culture recites post Christian religious and theological messages marked by a post disenchantment theology constituted by the consumption of these messages shapes and informs what the contemporary world finds believable credible and desirable in a post Christian context

Religions in Global Society Peter Beyer, 2013-01-11 Peter Beyer a distinguished sociologist of religion presents a way of understanding religion in a contemporary global society by analyzing it as a dimension of the historical process of globalization Introducing theories of globalization and showing how they can be applied to world religions Beyer reveals the nature of the contested category of religion what it means what it includes and what it implies in the world today Written with exceptional clarity and illustrated with lively and diverse examples ranging

from Islam and Hinduism to African traditional religions and new age spirituality this is a fascinating overview of how religion has developed in a globalized society It is recommended reading for students taking courses on sociology of religion religion and globalization and religion and modernity **Exploring Social Movements** Biswajit Ghosh,2024-06-18 This book introduces the readers to the dynamics of various kinds of social movements It examines how social movements have become an instrument of social change including assertion of identity and protest against marginalisation This book describes three major domains conceptual experiential and the impact of globalisation on social movements The volume begins by locating social movements within broad and contemporary social processes and explores the intrinsic and complex patterns of dynamics among state market and social movements from a critical sociological perspective It explains the meaning basic features origins and types leadership and ideology and perspectives of social movements and probes into major experiences of eight social movements in India namely peasant and farmers tribal Naxalite and Maoist Dalit working class women ethnic and environmental movements This book also analyses the role of information technology media and civil society in the spread and continuation of such movements The experiences of queer new religious anti systemic and anti displacement movements would also help readers understand how globalisation has offered new avenues of protest to diverse sections of the population Lessons of anti globalisation movements across the world provide a futuristic perspective in assessing the strength of social movements in a global society This book will be useful to the students researchers and faculty working in the field of political science sociology gender studies and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies

Cosmopolitanism, Religion and the Public Sphere Maria Rovisco,Sebastian Kim,2014-02-05 Although emerging scholarship in the social sciences suggests that religion can be a potential catalyst of cosmopolitanism and global citizenship few attempts have been made to bring to the fore new theoretical positions and empirical analyses of how cosmopolitanism as a philosophical notion a practice and identity outlook can also shape and inform concrete religious affiliations Key questions concerning the significance of cosmopolitan ideas and practices in relation to particular religious experiences and discourses remain to be explored both theoretically and empirically This book takes as its starting point the emergence of cosmopolitanism as a major interdisciplinary field as a springboard for generating a productive dialogue among scholars working within a variety of intellectual disciplines and methodological traditions The chapter contributions offer a serious attempt to critically engage both the limitations and possibilities of cosmopolitanism as an analytical and critical tool to understand a changing religious landscape in a globalizing world namely the so called new religious diversity religious conflict and issues of migration multiculturalism and transnationalism vis vis the public exercise of religion The contributors work is situated in a range of world sites in Africa India North America Latin America and Europe This work will be of great interest to students and scholars of globalization religion and politics and the sociology of religion Finnish Women

Making Religion T. Utriainen, P. Salmesvuori, 2014-07-17 Finnish Women Making Religion puts forth the complex intersections that Lutheranism the most important religious tradition in Finland has had with other religions as well as with the larger society and politics also internationally
