M. Kennedy, 2015-06-11 Excerpt from The Religions and Philosophies of the East Among the comparatively few people in England who take any interest in philosophy religion metaphysics and allied subjects it is certain that Nietzsche's works have during the last year or two been studied with increasing attention It is not perhaps surprising that his views should have been at first received with astonishment and impatience for England seems fated to be separated from the Continent wherever thought is concerned by a distance which it takes a quarter of a century to traverse Again the absurd methods of teaching foreign languages adopted in our schools cut us off from communication with many an excellent book or review article which shows the trend of the times abroad particularly in Germany and Italy the two countries where the philosophy of morality has been for some years in its most flourishing condition About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
