Faith and Science in Russian Religious Thought Teresa Obolovitch, 2019 Faith and Science in Russian Religious Thought provides a comprehensive analysis of the relationship between science and faith in Russian religious thought Teresa Obolovitch offers a synthetic approach on the development of the problem throughout the whole history of Russian thought starting from the medieval period and arriving in contemporary times She considers the relationship between science and religion in the eighteenth century the so called academic philosophy of the 19th and 20th century the thought of Peter Chaadaev the Slavophiles and in the most influential literature figures such as Fedor Dostoevsky and Lev Tolstoy The volume also analyses two channels of the formation of philosophy in the context of the relationship between theology and science in Russia The first is connected with the attempt to rationalize the truths of faith and is exemplified by Vladimir Soloviev and Nikolai Lossky the second with the apophatic tradition is presented by Pavel Florensky and Semen Frank The book then describes the relation to scientific knowledge in the thought of Lev Shestov Nikolai

Berdyayev Sergius Bulgakov and Alexei Losev as well as the original project of Russian Cosmism on the examples of Nikolai Fedorov Konstantin Tsiolkovsky and Vladimir Vernadsky Obolovitch presents the current state of the discussion on this topic by paying attention to the Neoplatonic synthesis Fr Georges Florovsky and his followers and offers the brief comparative analyse of the relationship between science and religion from the Western and Russian perspectives      **An Essay on African Philosophical Thought** Kwame Gyekye,1995 In this sustained and nuanced attempt to define a genuinely African philosophy Kwame Gyekye rejects the idea that an African philosophy consists simply of the work of Africans writing on philosophy It must Gyekye argues arise from African thought itself relate to the culture out of which it grows and provide the possibility of a continuation of a philosophy linked to culture Offering a philosophical clarification and theology and ethics of the Akan of Ghana Gyekye argues that critical analyses of specific traditional African modes of thought are necessary to develop a distinctively African philosophy as well as cultural values in the modern world      *Faith and the Philosophers* NA,2015-12-25      **A Rational Faith** Joshua Sijuwade,2025-03-27 A comprehensive analysis of Richard Swinburne s intellectual journey and philosophical work A Rational Faith explores the legacy of one of the most influential and rigorous philosophical defenders of theism Across Swinburne s written career he has displayed a deep commitment to demonstrating the intellectual credibility of the Christian faith facing modern scientific and philosophical challenges and the materialistic worldview of modern intellectualism Analysing his life and work through in depth accessible explanations of key issues and their context Joshua Sijuwade brings together collected criticism of Swinburne s work and explores possible counter arguments alongside a foreword by Richard Swinburne himself Suitable for any reader interested in Swinburne s philosophy first approach or those intrigued by a philosophical defence of the Christian faith A Rational Faith reveals Swinburne s life and work as a witness to his belief that belief in the central tenets of the Christian faith is rational      *The Philosophy of Religion* Linda Zagzebski,2007-03-12 An accessible and engaging introduction to the philosophy of religion Written with verve and clarity by a leading philosopher and contributor to the field Places key issues and debates in the philosophy of religion in their historical contexts highlighting the conditions that led to the development of the field Addresses the core topics among them the the existence of God the problem of evil death and the afterlife and the problem of religious diversity Rich with argument yet never obtrusive Forms part of the Fundamentals of Philosophy series in which renowned scholars explore the fundamental issues and core problems in the major sub disciplines of philosophy      The Shape of the Past John Warwick Montgomery,2008-02-05 Dr Montgomery contends that no one can sit in a house by the side of the road and watch the world go by Everyone is caught up in the flux of human life and there is no naturalistic resting place within human history from which one can gain a universal absolute perspective on man s life Christianity is the only answer to this basic human predicament for it claims and by the resurrection backs up its claim that there is a God and that He entered human history and revealed its essential nature      Feminist History of Philosophy: The Recovery and Evaluation of Women's

Philosophical Thought Eileen O'Neill, Marcy P. Lascano, 2019-06-26 Over the course of the past twenty five years feminist theory has had a forceful impact upon the history of Western philosophy The present collection of essays has as its primary aim to evaluate past women s published philosophical work and to introduce readers to newly recovered female figures the collection will also make contributions to the history of the philosophy of gender and to the history of feminist social and political philosophy insofar as the collection will discuss women s views on these issues The volume contains contributions by an international group of leading historians of philosophy and political thought whose scholarship represents some of the very best work being done in North and Central America Canada Europe and Australia **Miskawayh's Tahdīb al-ahlāq** Ufuk Topkara, 2022-06-14 This book engages with the work of Miskawayh a formative Islamic Philosopher in the 11th century who is acknowledged as the founder of Islamic Moral Philosophy Miskawayh s The Refinement of Character Tah b al A l q draws from both ancient Greek philosophical tradition and Islamic thought highlighting the concepts he integrated into what he argued to be the moral core of Islam This book pursues a comparative study by analyzing and outlining the inherent philosophical concerns of the Aristotelian concepts of Happiness Justice and Friendship which are then brought into conversation with Miskawayh s own conceptualizations of them While Tah b al A l q is deeply influenced by Aristotle s ethics Miskawayh employs not only a Platonizing interpretation of Aristotelian philosophy but also incorporates traditions of Islamic thought The study therefore concludes that Miskawayh is merely a transmitter of ancient Greek philosophy as shown by both his critical survey of the material available to him and his own critical contributions Essentially Miskawayh attempted to harmonize philosophical and religious concepts of knowledge demonstrating the interlinking of what are perceived as at times detrimentally incompatible positions Ufuk Topkara illustrates how Aristotle s Ethics are integrated modified and at times adjusted to the broader narrative of Islamic thought and how Miskawayh s discourse albeit philosophical in nature remains religious in its outlook Providing clear insight into Miskawayh s work this book is ideal for students and scholars of Islamic Philosophy and Muslim Theology Philosophy in Russia Frederick Copleston, 2010-01-07 Philosophy in Russia covers its subject broadly and in detail from the eighteenth century to Lenin and beyond into the post Stalin period It offers a continuous history of the development of philosophical thought in Russia and portraits of individual and influential thinkers The author devotes careful analysis to radicals such as Bakunin Herzen Chernyshevsky and Lavrov and to the Marxists such as Plekhanov and Lenin He also discusses the thought of writers such as Kireevsky Leontiev and Solovyev and examines the philosophically relevant ideas of Dostoevsky and Tolstoy He also discusses Russian thinkers in exile such as Berdyaev Frank N O Lossky and Shestov For historical reasons philosophical thought in Russia has tended to become socially or politically committed thought To what extent genuine philosophical thought has proved to be compatible with the monopoly enjoyed by Marxism Leninism in the fields of education and publishing is a crucial question discussed in this authoritative study Reason And Religious Faith Terence Penelhum, Emeritus, 2019-07-11 The concerns of philosophy and of religion overlap

to a considerable extent each seeks among other things to develop an account of mankind's place in the universe. But their relationship has never been an easy one. Faith gives rise to philosophical puzzlement just as secular beliefs do, but it also generates special philosophical questions that secular beliefs do not. This engaging text encourages students and other readers to grapple with these special questions of faith to look at how they relate to other issues in philosophy and in the empirical study of religion. Equally accurate and insightful in its treatment of historical authors such as Aquinas and Pascal as it is in treatment of such contemporaries as Plantinga and Alston, *Reason and Religious Faith* is the most up-to-date and balanced introduction to these issues available. It marks an advance over earlier surveys in its recognition of religious pluralism and the relevance of non-Christian religious views. It is an ideal introduction to the issues of religious epistemology for students of both religious studies and philosophy.
