## Religious Life In The Light Of Vatican I:

St. Francis de Sales and Religious Life Antony Kolencherry, 1989      **Canute's Tower** Paul Edwards, 1990      *Free for Christ: Religious Obedience and Thomistic Moral Theology* Mother Mary Christa Nutt, R.S.M., 2024-08-01 What is it about the practice of obedience to God that makes it significant for human happiness and sanctity And how should the obedience proper to vowed religious life be understood relative to the responsibilities of conscience and personal freedom In the present day religious obedience is often viewed either as a negative cramping of personal autonomy by an external authority or as a positive submission to law that somehow assures one's fidelity but the common thread for both perspectives is a distinctly modern approach to obedience characterized by legalism and voluntarism In *Free for Christ* Mother Mary Christa Nutt R S M proposes a different approach to religious obedience that foregrounds virtue based moral agency rooted in metaphysics and the mystery of God examining obedience not simply in relation to commands and laws but as a spiritual philosophical and theological reality one that situates the human person in relation to God the Church and those others who share this religious life Taking her starting point from Thomas Aquinas Nutt examines obedience as a dimension of prudence and worship that is as a way that the human being can become relative to God as first source and final end and thus as a way that the grace of Christ can take deeper root as a path to authentic freedom and interiority From this ground of Thomistic metaphysics and ethics emerges a theological anthropology of obedience closely tied to Aquinas's teaching on providence and religion      **Encyclopedia of Monasticism** William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e.g. art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture      Religious Life in the Light of Vatican II, 1967      *Catholicism and Citizenship* Massimo Faggioli, 2017 The beginning of the twenty first century has provided abundant evidence of the necessity to reexamine the relationship between Catholicism and the modern global world This book tries to proceed on this path with a focus on the meaning legacy and reception in today's world of the ecclesiology of Vatican II starting with *Gaudium et Spes* This council exhorts Christians as citizens of two cities to strive to discharge their earthly duties conscientiously and in response to the Gospel spirit Catholicism and Citizenship is a call for a rediscovery of the moral and political imagination of Vatican II for the Church and the world of our time      Religion and Politics in America Frank J. Smith, 2016-07-11 There has always been an intricate relationship between religion and politics

This encyclopedia provides a comprehensive overview of the interrelation of religion and politics from colonial days to the present Can a judge display the Ten Commandments outside of the courthouse Can a town set up a nativity scene on the village green during Christmas Should U S currency bear the In God We Trust motto Should public school students be allowed to form bible study groups Controversies about the separation of church and state the proper use of religious imagery in public space and the role of religious beliefs in public education are constantly debated This work offers insights into contemporary controversies regarding the uneasy intersections of religion and politics in America Organized alphabetically the entries place each topic in its proper historical context to help readers fully grasp how religious beliefs have always existed side by side and often clashed with political ideals in the United States from the time of the colonies The information is presented in an unbiased manner that favors no particular religious background or political inclination This work shows that politics and religion have always had an impact on one another and have done so in many ways that will likely surprise modern students

**Benedict**

**XVI: His Life and Thought** Elio Guerriero, 2018-10-17 In these pages Benedict XVI shares his reasons for retiring from the papacy in 2013 in an interview with the author. Many saw his astonishing retirement as a sign of the Church's decline, but he intended it as a seed sown in the hope of bringing the Church a younger, more vigorous leadership in the face of daunting challenges. Among those challenges are the financial and sexual scandals that continue to undermine the Church's mission. When Ratzinger was elected Pope in 2005, he opened a path of purification for the Church while calling upon the Western world to return to its Christian roots and to build a new humanism for the twenty-first century, and his call for renewal is still relevant. Widely recognized as one of the most important theologians and spiritual leaders of our time, Joseph Ratzinger served throughout the papacy of John Paul II as the Prefect of the Congregation for the Doctrine of the Faith. Both men had witnessed how atheistic philosophies and war had ravaged twentieth-century Europe, and they shared in the effort of revealing to modern man his need for God for redemption in Jesus Christ. American Book Publishing Record, 2007

**Reclaiming Catholicism** Thomas H. Groome, Michael J. Daley, 2010 It is surely true that reclaimed spiritual wisdom from the pre-Vatican II era can enrich the faith lives of Catholics today. The American Catholic community prior to the Second Vatican Council can be numbered among the most vital expressions of Catholicism in the history of the church. The contributors are a who's who of the top theologians and spiritual writers today; other essays cover devotional practices such as prayer to the saints, devotion to Mary, the Rosary, the Eucharistic Fast, and the Angelus, as well as profiles of figures such as Thomas Merton, Theodore Hesburgh, Teilhard de Chardin, and Dorothy Day. *Contemplating the Future of Moral Theology* Robert C. Koerpel, Vimal Tirimanna, 2017-05-18 Professor Brian V. Johnstone, CSSR, has been quietly and unobtrusively contributing to the intellectual life of Catholicism, especially in the field of moral theology, for nearly four decades. Having published numerous theological articles on many topics, including biomedical ethics, peace and war, and fundamental moral theology, and directed many doctoral dissertations, it is no exaggeration to say that he has dedicated his entire life to teaching and writing theology. In honor of Johnstone's work, this felicitation volume covers a wide range of themes in the Christian moral life, with original articles written by internationally recognized theologians. In the spirit of Johnstone's thought and work, each article challenges the reader to reflect upon the present while contemplating the future of moral theology.

**Union Catalog of the Graduate Theological Union** Graduate Theological Union. Library, 1972 *Christian Theological Tradition* Catherine Cory, Michael Hollerich, 2015-08-13 This text helps students acquire a basic theological literacy in key persons and events of the Bible and the Christian faith, and in Christianity's encounter with culture at large. Historically arranged, it also addresses five major themes of systematic theology: revelation, God, creation, Jesus, and church.
