Examining the films that have made billions of dollars through a new lens reveals that popular culture is a vital source for understanding what it means to be an American. This book is divided into four sections, each associated with a different generation. Featuring such era-defining hits as *Jaws*, *Back to the Future*, *Avatar*, and *The Avengers*, each section presents detailed film analyses that showcase the consistency of certain American values throughout generations, as well as the constant renegotiation of others.
