Ethelbert William Bullinger,2020-09-28 Some years ago it was my privilege to enjoy the acquaintance of Miss Frances Rolleston of Keswick and to carry on a correspondence with her with respect to her work Mazzaroth or the Constellations She was the first to create an interest in this important subject Since then Dr Seiss of Philadelphia has endeavoured to popularize her work on the other side of the Atlantic and brief references have been made to the subject in such books as Moses and Geology by Dr Kinns and in Primeval Man but it was felt for many reasons that it was desirable to make another effort to set forth in a more complete form the witness of the stars to prophetic truth so necessary in these last days To the late Miss Rolleston however belongs the honour of collecting a mass of information bearing on this subject but published as it was chiefly in the form of notes unarranged and unindexed it was suited only for but was most valuable to the student She it was who performed the drudgery of collecting the facts presented by Albumazer the Arab astronomer to the Caliphs of Grenada 850 a d and the Tables drawn up by Ulugh Beigh the Tartar prince and astronomer about 1650 a d who gives the Arabian Astronomy as it had come down from the earliest times Modern astronomers have preserved and still have in common use the ancient names of over a hundred of the principal stars which have been handed down but now these names are used merely as a convenience and without any reference to their significance This work is an attempt to popularize this ancient information and to use it in the interests of truth For the ancient astronomical facts and the names with their signification I am from the very nature of the case indebted of course to all who have preserved collected and handed them down but for their interpretation I am alone responsible It is for the readers to judge how far my conclusions are borne out by the evidence and how far the foundation of our hopes of coming glory are strengthened by the prophecies which have been written in the stars of heaven as well as in the Scriptures of truth      **Journal of the Royal Asiatic Society of Great Britain and Ireland** ,1897      **Index of Archaeological Papers, 1665-1890** George Laurence Gomme,1907

Bullinger,2020-10 This edition has the best images and formatting For more than two thousand five hundred years the world was without a written revelation from God The question is Did God leave Himself without a witness The question is answered very positively by the written Word that He did not THE HEAVENS E W Bullinger 1837 1913 uses ancient astronomical sources and modern scientific data to show how the constellations witness to prophetic truths in the bible This is settled by the fact that Psalm 19 one part of which is occupied with the Revelation of God written in the Heavens and the part with the Revelation of God written in the Word This edition has been painstakingly formatted for easier reading has Roman Numerals replaced with modern numbers has British spelling changed to U S spelling and large images      **Journal of the Royal Asiatic Society of Great Britain & Ireland** Royal Asiatic Society of Great Britain and Ireland,1900 Has appendices
