Rembrandt Drawings Seymour

Slive,2019-09-17 Seymour Slive who should be considered the dean of scholars of 17th century Dutch art brings a lifetime of study and erudition to Rembrandt Drawings You would have to go a long way to find a better guide than Mr Slive Wall Street Journal Written by renowned Rembrandt scholar Seymour Slive this gorgeous volume explores the artist's extraordinary achievements as a draftsman by examining more than 150 of his drawings Reproduced in color these works are accompanied by etchings and paintings by Rembrandt and others including Leonardo and Raphael Unlike other publications of Rembrandt's drawings here they are arranged thematically which makes his genius abundantly clear Individual chapters focus on self portraits portraits of family members and friends the lives of women and children nudes copies model and study sheets animals landscapes and buildings religious and mythological subjects historical subjects and genre scenes Slive discusses possible doubtful attributions which account for the considerable reduction from earlier times in the number of drawings now ascribed to the master **Rembrandt** Achim Gnann,2021-02 One of the most fascinating aspects of Rembrandt's oeuvre are his landscape drawings around 260 of which have survived Wandering through the city of Amsterdam he depicted neighbourhoods canals houses along the city wall and bulwarks with picturesque windmills as well as distinctive individual buildings Again and again he ventured into the surrounding landscape along the Amstel River or on the Kadijk and Diemerdijk capturing characteristic scenes in quick sketches with pen and brush or black chalk He was especially drawn to farmsteads with their neighbouring haystacks and groups of trees depicting them in very different ways under changing conditions of light and weather While some of his landscape studies are more expressive of an inner vision in others the artist seeks to render the richness and beauty of natural forms with great attention to detail In the late drawings individual features dissolve into an atmosphere suffused with light and air **The Frick Collection: Drawings, prints, and later acquisitions** Frick Collection,1968 Rembrandt's Religious Prints Charles M. Rosenberg,2017-09-11 A stunning catalogue of the seventy religious prints from the 2017 exhibition featuring detailed background information on each piece Rembrandt's stunning religious prints stand as evidence of the Dutch master's extraordinary skill as a technician and as a testament to

his genius as a teller of tales Here several virtually unknown etchings collected by the Feddersen family and now preserved for the ages at the University of Notre Dame are made widely available in a lavishly illustrated volume Building on the contributions of earlier Rembrandt scholars noted art historian Charles M Rosenberg illuminates each of the seventy religious prints through detailed background information on the artist's career as well as the historical religious and artistic impulses informing their creation Readers will enjoy an impression of the earliest work The Circumcision 1625 26 the famous Hundred Guilder Print the enigmatic eighth state of Christ Presented to the People one of a handful of examples of the very rare final posthumous state of The Three Crosses and an impression and counterproof of The Triumph of Mordecai From the joyous epiphany of the coming of the Messiah to the anguish of the betrayal of a father Jacob by his children from choirs of angels waiting to receive the Virgin into heaven to the dog who defecates in the road by an ancient inn The Good Samaritan Rembrandt's etchings offer a window into the nature of faith aspiration and human experience ranging from the ecstatically divine to the worldly and mundane Ultimately these prints modest intimate fragile objects are great works of art which like all masterpieces reward us with fresh insights and discoveries at each new encounter Despite many reliable catalogues of Rembrandt etchings very few have focused on the religious content of these prints The outstanding range of the Feddersen Collection offers an excellent occasion for closer examination of Rembrandt's development as a printmaker but also as a spiritual devout Christian especially evident from his thoughtful return to the same subjects across his career Charles Rosenberg and his team at the Snite Museum deserve our thanks for fresh analysis of Rembrandt's religious prints combined with the latest scholarship on the artist and his etchings output Rembrandt scholars but also all lovers of the artist will want to consult this important catalogue Larry Silver author with Shelley Perlove of Rembrandt's Faith Church and Temple in the Dutch Golden Age Rembrandt's etchings of religious themes capture the emotional heart of their subjects through a uniquely inventive approach to both technique and content The seventy prints gathered by Jack and Alfrieda Feddersen span the full range of Rembrandt's production and offer an outstanding resource for appreciation and research This catalogue tells the fascinating story of how the collection was formed and brings a fresh analysis to each print Charles Rosenberg's extensive catalogue entries will be useful reading for anyone interested in the history of European art and one of its most talented practitioners Rembrandt van Rijn Stephanie Dickey Queen's University

The Rudolf L. Baumfeld Collection of Landscape Drawings & Prints Grunwald Center for the Graphic Arts, 1989

Rembrandt (Third) (World of Art) Christopher White, 2022-07-19 This intelligently revised volume on the life and work of Rembrandt offers detailed insight into the artist from an authority on the subject Rembrandt is among the few old masters to retain universal appeal among art lovers today His striking self portraits and scenes are on view at museums around the world yet he remains an elusive enigmatic figure In Rembrandt distinguished art historian Christopher White carefully considers Rembrandt's history to build a sensitive and thorough account of the artist's life and work White describes the radiant happiness of Rembrandt's marriage

tragically cut short by the death of his wife and discusses the catastrophe of his bankruptcy Digging deeper White also explores the psychological factors that may have awakened Rembrandt's sudden interest in landscape and examines the artist's final decade when he retreated into the private world of his imagination This comprehensive introduction is revised and updated to include recent scholarship and features an expanded bibliography In this stunning new edition Rembrandt's artworks are now faithfully reproduced in color throughout

Drawings by Rembrandt and His Pupils Rembrandt Harmenszoon van Rijn, Holm Bevers, 2009 This catalogue explores the workings of Rembrandt's studio in the form of drawings made by the master himself and fifteen of his pupils

Rembrandt/not Rembrandt in the Metropolitan Museum of Art: Paintings, drawings, and prints: art-historical perspectives Hubertus von Sonnenburg, Walter A. Liedtke, Metropolitan Museum of Art (New York, N.Y.), 1995

The 'Small Landscape' Prints in Early Modern Netherlands Alexandra Onuf, 2017-01-02 In 1559 and 1561 the Antwerp print publisher Hieronymus Cock issued an unprecedented series of landscape prints known today simply as the Small Landscapes The forty-four prints included in the series offer views of the local countryside surrounding Antwerp in simple unembellished compositions At a time when vast panoramic and allegorical landscapes dominated the art market the Small Landscapes represent a striking innovation This book offers the first comprehensive analysis of the significance of the Small Landscapes in early modern print culture It charts a diachronic history of the series over the century it was in active circulation from 1559 to the middle of the seventeenth century Adopting the lifespan of the prints as the framework of the study Alexandra Onuf analyzes the successive states of the plates and the changes to the series as a whole in order to reveal the shifting artistic and contextual valences of the images at their different moments and places of publication This unique case study allows for a new perspective on the trajectory of print publishing over the course of the late sixteenth and early seventeenth centuries across multiple publishing houses highlighting the seminal importance of print publishers in the creation and dissemination of visual imagery and cultural ideas Looking at other visual materials and contemporary sources including texts as diverse as humanist poetry and plays agricultural manuals polemical broadsheets and peasant songs Onuf situates the Small Landscapes within the larger cultural discourse on rural land and the meaning of the local in the turbulent early modern Netherlands The study focuses new attention on the active and reciprocal intersections between printed pictures and broader cultural economic and political phenomena

Drawings from the Age of Bruegel, Rubens, and Rembrandt William W. Robinson, 2016-08-02 This superb book presents 100 notable examples from the Harvard Art Museums distinguished collection of Dutch Flemish and Netherlandish drawings from the 16th to 18th century Featuring such masters as Pieter Bruegel the Elder Peter Paul Rubens and Rembrandt van Rijn the volume showcases beautiful color illustrations accompanied by insightful commentary on prevalent styles and techniques Genres that define this artistic period landscape scenes of everyday life portraiture and still life are explored in detail The book also presents the results of new conservation and technical study including infrared

analysis and scientific examinations of drawing materials This revelatory new research has allowed previously illegible underdrawings and inscriptions in many of the artworks to surface for the first time shedding light on longstanding mysteries of production and provenance

The Glory of the Golden Age: Drawings and prints Judikje Kiers,Fieke Tissink,Eppo Runia,Rijksmuseum (Netherlands). Rijksprentenkabinet,2000 Publikacja towarzysząca wystawie Rijksmuseum Amsterdam 15 kwietnia 16 lipca 2000

Landscape and Religion from Van Eyck to Rembrandt Boudewijn Bakker,2017-07-05 Offering a corrective to the common scholarly characterization of seventeenth century Dutch landscape painting as modern realistic and secularized Boudewijn Bakker here explores the long history and purpose of landscape in Netherlandish painting In Bakker's view early Netherlandish as well as seventeenth century Dutch painting can be understood only in the context of the intellectual climate of the day Concentrating on landscape painting as the careful depiction of the visible world Bakker's analysis takes in the thought of figures seldom consulted by traditional art historians such as the fifteenth century philosopher Dionysius the Carthusian the sixteenth century religious reformer John Calvin the geographer Abraham Ortelius and the seventeenth century poet Constantijn Huygens Probing their conception of nature as the first Book of God and art as its representation Bakker identifies a world view that has its roots in the traditional Christian perceptions of God and creation *Landscape and Religion from Van Eyck to Rembrandt* imposes a new layer of interpretation on the richly varied landscapes of the great masters In so doing it adds a new dimension to the insights offered by modern art historical research Further Bakker's explorations of early modern art and literature provide essential background for any student of European intellectual history

Rembrandt and His Works John Burnet,1859 *The Languages of Landscape* ,1997
