Remembering And Revealing:

Remembering Jews in Maghrebi and Middle Eastern Media Brahim El Guabli, Mostafa Hussein, 2024-08-19 This volume examines the cultural legacy of Jewish emigration from the Maghreb and the Middle East in the years following 1948 Drawing on the remarkable cinematic and literary output of the last twenty years this collection posits loss as a new conceptual framework in which to understand Jewish Muslim relations Previous studies of Jewish emigration have followed the mass departure of Jews but the contributors to this book choose to remain behind and trace the contours of Jewish absence in Maghrebi and Middle Eastern societies Attuned to loss in this way the cultural memories of Jewish Muslim life transcend the narratives of turmoil taboo and nostalgia that have dominated Muslim and prevalent scholarly perspectives on Jewish emigration Read as a whole the collection affords an uncommon opportunity to mourn and heal through a nuanced reckoning with the absence of Jews from communities in which they had lived for millennia Its wide geographic reach and interdisciplinary nature will speak both to scholars and lay readers in Amazigh studies Arabic studies Middle Eastern studies Jewish studies memory studies and a host of other disciplines In addition to the editors the contributors to this volume are Iskandar Ahmad Abdalla Abdelkader Aoudjit Iker Hepkaner Sarah Irving Stephanie Kraver Lital Levy Nadia Sabri and Lior B Sternfeld

Dwellers of Memory Pilar Riaño Alcalá, 2006 Dwellers of Memory is an ethnographic study of how urban youth in Colombia came to be at the intersection of multiple forms of political drug related and territorial violence in a country undergoing forty years of internal armed conflict It examines the ways in which youth in the city of Medellín

reconfigure their lives and cultural worlds in the face of widespread violence This violence has transgressed familiar boundaries and destroyed basic social supports and networks of trust This volume attempts to map and understand its patterns and flows The author explores how Medellín's youth locate themselves and make sense of violence through contradictory and shifting memory practices The violence has not completely taken over their cultural worlds or their subjectivities Practices of remembering and forgetting are key methods by which these youth rework their identities and make sense of the impact of violence on their lives While the experience of violence is rooted in urban space and urban youth the memory dwellers use a sense of place oral histories of death and narratives of fear as survival strategies for inhabiting violent neighborhoods The book also examines fissures in memory the contradictory constructions of young people's subjective selves and practices of gendered violence and terror All have and continue to pose risks to the historical memory and cultural survival of the residents of Medellín **Dwellers of Memory** offers an alternative ethnographic approach to the study of memory and violence one that calls into question whether the role of the ethnographer of violence is to be a mere witness of terror or to oppose it by writing against it It will be of interest to sociologists anthropologists and students of ethnography Pilar Riao Alcal is assistant professor School of Social Work and Family Studies University of British Columbia Canada

Love Revealed George Bowen,1872

Memory in Science for Society Robert Logie,Nelson Cowan,Susan Gathercole,Randall Engle,Zhisheng Wen,2023-03-12 Memory is essential for every day life The understanding and study of memory has continued to grow over the years thanks to well controlled laboratory studies and theory development However major challenges arise when attempting to apply theories of memory function to practical problems in society A theory might be robust in explaining experimental data but fail to capture all that is important when taken out of the lab The good news is that the application of memory in science to challenges in society is rapidly expanding and **Memory in Science for Society** bridges that gap Inspired by the synergy between theory and application in memory research leading international researchers share their passion for combining memory in science with applications of that science to a wide range of challenges in society Chapters demonstrate how that scientific passion has addressed challenges in education life attainment second language learning remembering life events and faces of strangers future planning and decision making lifespan cognitive development and age related cognitive

decline following instructions and assessment and rehabilitation of cognitive impairment following brain damage Written and edited by the leading researchers in the field the book will be an important and influential addition to the memory literature providing a new and comprehensive focus on the connection between theory and practice in memory and society Memory Development Franz E. Weinert, Marion Perlmutter, 2013-05-13 This volume a collection of papers resulting from a conference sponsored by the Max Planck Society presents an overview of past research on memory development possible applications of this research and new ideas for future areas of study The role of cognitive components in the development of memory performance and the social and motivational contexts of memory development are described Includes various theoretical approaches explaining memory development across the life span Memory Development Universal Changes and Individual Differences is of interest to researchers undergraduates and graduate students in developmental psychology educational psychology and technology and experimental psychology Active Recall Methods Mason Ross, AI, 2025-02-22 Active Recall Methods explores the science backed technique of active recall a powerful tool for memory improvement and effective learning Rather than passively rereading active recall involves actively retrieving information strengthening memory encoding and promoting long term retention This book argues that active recall is superior to passive review challenging traditional study habits and offering a transformative approach to learning For example studies show that self testing a form of active recall significantly boosts test scores compared to simply rereading notes The book progresses systematically beginning with the core principles of active recall and contrasting it with other learning methods It then delves into the cognitive science behind this method explaining how retrieval strengthens memory traces Individual chapters are dedicated to practical techniques like spaced repetition and the Feynman Technique This approach ensures readers not only understand the theory but also gain actionable strategies for immediate implementation in academic or professional settings emphasizing personalized approaches to cater to diverse learning styles By offering a blend of theoretical foundations and practical strategies Active Recall Methods provides a unique and valuable resource for students educators and lifelong learners The book draws from cognitive science and educational research analyzing experiments and incorporating insights from neuroscience It connects to fields like educational psychology and instructional design presenting complex concepts in an accessible manner while maintaining an academic tone **The Art and Science of Reminiscing** Jeffrey D. Webster, Barbara Haight, 2013-02-01 Although recognition of reminiscing as a potentially adaptive process can be traced back over 30 years to the seminal work of Robert Butler as discussed in the Foreword there has been little effort to consolidate the work and paint a complete picture of reminiscing as an entity Here reminiscing is presented as a multi disciplinary topic examining the theory of and research on reminiscing The book also discusses the different ways of conducting life review interviews and explores therapeutic applications Contributors to this book many of whom are pioneers and leading figures in the field discuss and elaborate their latest thinking and research findings from multiple perspectives The volume s strength

derives from its multi disciplinary nursing psychiatry psychology gerontology community advocacy and multinational Australia Canada England Sweden and the United States treatment James Birren Irene Burnside and Phillipe Cappeliez are a few of the eminent scholars authoring this volume

Reviving Our Indigenous Souls Cathie G. Stivers, 2018-01-26
Indigenous is neither a culture nor a people Its a way The indigenous way is the embodied ancient memory of how to be fully human and its encoded in your soul no matter who your ancestors are Hidden deep and dormant within your indigenous soul is your identity and your lifes purpose longing for you to remember them and put them into action Reviving Our Indigenous Souls How to Practice the Ancient to Bring in the New can help you do both as you learn the origin meaning and application of 31 common verbs that collectively capture what it means to be fully human visualize via illustrated appendices the interplay of the physical and spiritual aspects of your indigenous soul at work discover how ancient wisdom and timeless practices have already defined and shaped you and will forever do so follow the cues for reflection to discern the meaning that each chapter brings to your own life and engage in recommended practices to achieve success in reviving your own indigenous soul At this unprecedented time in planetary and cosmic history you are needed You are whole and sufficient gifted and powerful You are enough and you are called to go out into the world and be enough Let Reviving Our Indigenous Souls remind you of the former and guide you through the latter
