**Remembering My Birth** Alice Lovelace, 1994 *The World's Best Poems* Mark Van Doren, Garibaldi Marto Lapolla, 1929 **New and Selected Poems** Philip Appleman, 1996-07-01 Poems discuss the lessons that can be learned from everyday life evolution Bible stories and other subjects **Collected Prefaces** Nicholas Hagger, 2022-04-29 Nicholas Hagger's 55 books include innovative works on literature history philosophy and international politics In his first published literary work he revived the Preface which had fallen into disuse after Wordsworth and Shelley He went on to write Prefaces sometimes called Prologues Introductions or Introductory Notes for all his subsequent books *Collected Prefaces* a collection of 55 Prefaces excluding the Preface to this book sets out his thinking and the reader can follow the development of his philosophy of Universalism of which he is the main exponent his literary approach particularly his combination of Romanticism and Classicism which he calls neo Baroque and his metaphysical thinking His Prefaces can be read as essays and as in T S Eliot's *Selected Essays* there is an interaction between adjacent Prefaces that brings an entirely new perspective to Hagger's works These Prefaces cover an enormous range Nicholas Hagger is a Renaissance man at home in many disciplines His Universalism focuses on humankind's relationship to the whole universe as reflected in seven key disciplines seen as wholes the whole of literature history philosophy and the sciences mysticism religion international politics and statecraft and world culture Behind all the Prefaces is Hagger's fundamental perception of the unity of the universe as the One and of humankind's position in it These Prefaces complement his *Selected Letters* a companion volume also published by O Books and contain startling insights that illumine and send readers to the works the Prefaces introduce

**The Collected Poems of Lord Byron** George Gordon Byron, 1994 This volume comprises the complete poetic works of Byron As well as including such works as *Childe Harold* *Don Juan* *The Two Foscari* *The Lament of Tasso* and *The Vision of Judgement* it also contains his shorter lyrical poems **Do You Remember Being Born?** Sean Michaels, 2025-07-29 Timely and lovely *The New York Times* Stunningly compelling *The Walrus* Scotiabank Giller Prize winner Sean Michaels luminous new novel takes readers on a lyrical joy ride through seven epic days in Silicon Valley with a tall formidable poet inspired by the real life Marianne Moore and her unusual new collaborator a digital mind just one month old It's both a love letter to and an aching examination of art making family identity and belonging Dear Marian the letter from the Company begins You are one of the great writers of this century At 75 Marian Farmer is almost as famous for her signature tricorne hat and cape as for her verse She has lived for decades in the one bedroom New York apartment she once shared with her mother miles away from any other family dedicating herself to her art Yet recently her certainty about her choices has started to fray especially when she thinks about her only son now approaching middle age with no steady income Into that breach comes the letter an invitation to the Silicon Valley headquarters of one of the world's most powerful companies in order to make history by writing a poem Marian has never collaborated with anyone let alone a machine but the offer is too lucrative to resist and she

boards a plane to San Francisco with dreams of helping her son In the Company's serene and golden Mind Studio she encounters Charlotte their state of the art poetry bot and is startled to find that it has written 230 442 poems in the last week though it claims to only like two of them Over the conversations to follow the poet is intrigued confused moved and frightened by Charlotte's vision of the world by what it knows and doesn't know Do you remember being born it asks her Of course Marian doesn't but Charlotte does This is a relationship a friendship unlike anything Marian has known and as it evolves and as Marian meets strangers at swimming pools tortoises at the zoo a clutch of younger poets a late night TV host and his synthetic foam set she is forced to confront the secrets of her past and the direction of her future Who knew that a disembodied mind could help bend Marian's life towards human connection that friendship and family are not just time eating obligations but soul expanding joys Or that belonging to one's art means above all else belonging to the world
