Rushmore Kristi Irene McKim, 2023-10-05 Earning critical acclaim and commercial success upon its 1998 release Rushmore the sophomore film of American auteur Wes Anderson quickly gained the status of a cult classic A melancholic coming of age story wrapped in comedy drama Rushmore focuses on the efforts of Max Fischer Jason Schwartzman a brazen and precocious fifteen year old to find his way Restless energetic struggling and overcompensating for his insecurities Max pursues a dizzying range of possible futures leading him into the orbit of local steel magnate Herman Blume Bill Murray elementary school teacher Rosemary Cross Olivia Williams and a host of cooperative schoolmates who help him to stage lavish film derivative plays Kristi McKim s compelling study of the film argues that despite the film s titular call for haste and excess rush more it challenges a drive toward perfectionism and celebrates the quiet connections that defy such passion and speed After establishing Rushmore s history and reception McKim closely

reads Rushmore's energetic musical montages relative to slower moments that introduce tenderness and ambiguity in a form subtler than Max's desire built drive or genre based plays Her analysis offers an urgent corrective to what might be perceived as an endearing portrait of privilege that perpetuates a status quo power Drawing out Rushmore's subtleties that soften temper ease expand and equalize the film's zeal she reads the film with a generosity learned from the film itself

Rockets and People: The moon race Boris Evseevich Chertok, 2005 Remembering the space age: Proceedings of the 50th Anniversary Conference , Proceedings of October 2007 conference sponsored by the NASA History Division and the National Air and Space Museum to commemorate the 50th anniversary of the Sputnik 1 launch in October 1957 and the dawn of the space age **Remember the Liberty!** Ernest Gallo, Ronald Kukal, Phillip Nelson, Phillip Tourney, Raymond McGovern, 2017-05-19

One of the most explosive and hidden secrets in U S history one that has never been previously told Remember the Liberty explores how a sitting U S president collaborated with Israeli leaders in the fomentation of a war between them and their Arab neighbors A war that would ensure a victory for Israel and include the acquisition of additional land This book will finally identify the real cause of the vicious attack on a U S Naval ship After the botched plan was executed the ship refused to sink even after being hit by a torpedo leading the attack to be cancelled and a massive cover up invoked Including severe threats for the crewmembers to keep their lips sealed That cover up is barely still in place and completely exposed Written largely by the survivors themselves the truth is finally being told with the real story revealed

Soviet Scientists Remember Maria A. Rogacheva, 2019-11-21 Maria Rogacheva's Soviet Scientists Remember gives voice to one of the most prominent and educated groups in the late USSR scientists Lifting the veil of secrecy that covered scientists during the Cold War this book brings together six first person accounts of residents of the formerly closed scientific town of Chernogolovka In their interviews scientists talk about growing up in Stalin's Russia and surviving the Great Patriotic War their decision to join the scientific intelligentsia and the outstanding opportunities that were available to them in the heyday of the Cold War They reflect on their daily lives in a privileged scientific community and their relationship with the Soviet state and the Communist Party Soviet Scientists Remember sheds light on how ordinary people experienced the transformation of Soviet society after Stalin's death as well as its tumultuous transition to the post Soviet era in the 1990s

Just Remember This Colin Bratkovich, 2014-05-08 I have completed this manuscript Just Remember This or as American Pop Singers 1900 1950 about music before the 1950s in America It perhaps offers knowledge and insights not previously found in other musical reference books I have moreover been working on this book very meticulously over the past twelve plus years It started as a bit of fun and gradually became serious as I began to listen along with the vocalists of popular music of the era before 1950 essentially just before the dawn of rock and roll If you can call it that Indeed genre and labeling of American music started here and then from everywhere While the old adage of always starting from somewhere could be noted in every century the 1900s had produced the technology Understanding the necessity more so finds a

Remember the Home Guard Frank Shaw, Joan Shaw, 2012-05-10 I remember standing on top of our local glen with a block of wood expecting thousands of Germans coming down from the sky What was I going to do with the block of wood I never knew Leonard Jackson On 22 June 1940 France surrendered to Germany and the invasion of Britain seemed a very real

possibility The Home Guard was formed to defend our villages and towns Members came from reserved occupations those who had failed their medicals the elderly and the young with miners and farmers training alongside former majors Their weapons and ammunition were negligible at first but slowly these amateur soldiers began to produce professional results In this unique book of reminiscences about life on the home front we see these men as they practise with pitchforks and fall into ditches after a pint or two of ale on the job But we also see them learning how to fire grenades after a day studying engineering and undertaking night watches after exhausting factory shifts knowing they could be the last stop between the enemy and their families and homes

Why We Forget and How to Remember Better Andrew E. Budson, Elizabeth A. Kensinger, 2023 One of us Elizabeth had the opportunity to conduct research with a gentleman named Henry Molaison better known by his initials H M 1 who had the interior portion of his left and right temporal lobes the part of your brain next to your temples removed in 1953 because of epileptic seizures that were difficult to control From a technical standpoint the surgical procedures went fine But as he recovered the doctors and researchers soon noticed something very troubling he was unable to form any new memories He could read and talk and if you were having a brief conversation with him you would probably not notice anything amiss But family members would visit and although he knew who they were he would have no memory of them coming New doctors would introduce themselves and the next day or even the next hour he did not recall that he had met them It was then that the doctors understood that somehow the removal of those parts of the temporal lobe caused him to become completely amnesic

The Battlin' Bastards of Bravo Melissa Ziobro, 2025-04-15 The Battlin Bastards of B Company 1st Battalion 506th Infantry Regiment 101st Airborne Division share their harrowing Vietnam experiences highlighting brotherhood resilience and the lasting impact of war on their lives The Battlin Bastards of B Company 1st Battalion 506th Infantry Regiment 101st Airborne Division fought daily against a well trained and determined enemy during their tours in Vietnam 1968 71 Before the war these men were brothers sons sweethearts husbands and fathers Some were athletes some musicians Some were just out of high school some in established careers There is no monolithic Battlin Bastard but when they joined the 101st Airborne Division one of the most highly decorated divisions in the United States Army in Vietnam they united fighting for each other and fighting to return safely home It was difficult to put their experiences behind them As Bravo veteran Terry Taylor recalled I learned at the age of 18 that you don't have to die to go to hell Vietnam was hell on earth And yet despite the obstacles many of these men built successful lives post war Decades after returning from the war when the men were ready to cautiously revisit their experiences the Bastards started stateside reunions From these reunions came the wish to share their stories with the world to honor to educate and to inspire The result is this book written from interviews and diligent archival research in which the surviving Battlin Bastards tell their stories of combat in their own words and honor those who sacrificed for their country and their unit
