Remembering Life Vol 1:

The Ancient Secret of the Flower of Life, Volume 1 Drunvalo Melchizedek, 2000 Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop illuminating the mysteries of how we came to be why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty COVER

Remembering the Samsui Women Kelvin E.Y. Low, 2014-04-08 In the early twentieth century thousands of women from the Samsui area of Guangdong China migrated to Singapore during a period of economic and natural calamity leaving their families behind In their new country many found work in the construction industry with others working in households or factories where they were called hong tou jin translated literally as red head scarf after the headgear that protected them from the sun In Singapore the women have been celebrated as pioneering figures for their hard work and resilience and in China for the sacrifices they made for their families Remembering the Samsui Women looks at who these women really are and at how both countries have commemorated their experiences It is an illuminating study of the connection between memory and nation including the politics of what is remembered and what is forgotten **Bowker's Complete Video**

Directory, 1999, 1999 *The Life Story Interview* Robert Atkinson, 1998-01-06 First person narratives are a fundamental tool of the qualitative researcher One of the latest volumes in the Qualitative Research Methods series The Life Story Interview provides specific suggestions and guidelines for preparing and executing a life story interview Author Robert Atkinson Director of the Center for the Study of Lives at the University of Southern Maine places the life story interview into a wider research context before moving on to planning and conducting the interview Atkinson carefully covers the classic functions of stories the research uses of life stories generating data from a life story and the art and science of life story interviewing He also thoroughly examines the potential benefits of sharing a life story getting the information desired and questions to ask and transcribing and interpreting the interview To provide further support for the reader the book concludes with a sample life story interview As the use and study of narratives continues to grow in importance throughout the research enterprise The Life Story Interview becomes an even more valuable tool for qualitative researchers in all disciplines

Resurrection Remembered David Graieg, 2024-03-26 This book is the first major study to investigate Jesus resurrection using a memory approach It develops the logic for and the methodology of a memory approach including that there were about two decades between the events surrounding Jesus resurrection and the recording of those events in First Corinthians The memory of those events was frequently rehearsed perhaps weekly The transmission of the oral tradition occurred in various ways including the overlooked fourth model formal uncontrolled Consideration is given to an examination of the philosophy and psychology of memory including past and new research on 1 the constructive nature of memory 2 social memory 3 transience 4 memory distortion 5 false memories 6 the social contagion of memory and 7 flashbulb memory In addition this is the first New Testament study to consider the insights for a memory approach from the philosophical

considerations of 1 forgetting and 2 the theories of remembering and from the psychological studies on 1 memory conformity 2 memory and age and 3 the effects of health on memory It is argued that Paul remembers Jesus as having been resurrected with a transformed physical body Furthermore the centrality of Jesus resurrection in Paul s theology suggests it was a deeply embedded memory of primary importance to the social identity of the early Christian communities New Testament scholars and students will want to take note of how this work advances the discussion in historical Jesus studies The broader Christian audience will also find the apologetic implications of interest

"Comfort Stations" as Remembered by Okinawans during World War II Yunshin

Hong,2020-03-02 Okinawa the only Japanese prefecture invaded by US forces in 1945 was forced to accommodate 146 military comfort stations from 1941 45 How did Okinawans view these intrusive spaces and their impact on regional society Interviews survivor testimonies and archival documents show that the Japanese army manipulated comfort stations to isolate local communities facilitate spy hunts and foster a fear of rape by Americans that induced many Okinawans to choose death over survival The politics of sex pursued by the US occupation 1945 72 perpetuated that fear of rape into the postwar era This study of war sexual violence and postcolonial memory sees the comfort stations as discursive spaces of remembrance where differing war experiences can be articulated exchanged and mutually reassessed Winner of the 2017 Best Publication Award of the Year by the Okinawa Times

The GDR Remembered Nick Hodgkin,Caroline Pearce,2011 Competing representations of the former East German state in the German cultural memory Twenty years after the fall of the Berlin Wall the consequences of the country s divided past continue to be debated The legacy of the German Democratic Republic occupies a major role in German popular culture with audiences flocking to films claiming to depict the East German state as it was Politicians from both left and right make use of its legacy to support their parties approach to unification while former citizens of the GDR are still working through their own memories of the regime and adjusting to unification Since 1989 competing representations of the East German state have emerged some underlining its repressive nature others lamenting the loss of asense of community The twentieth anniversary of the Wende is an occasion to reflect upon both the history of the GDR and the ways in which it has been remembered and the present volume presents new research on the theme from a variety of perspectives with sections on film and literature museums and memorials and historiography and politics Contributors Thomas Ahbe Pertti Ahonen Silke Arnold de Simine Stefan Berger Laura Bradley Mary Fulbrook Nick Hodgkin Anna O Driscoll Stuart Parkes Caroline Pearce G nter Schlusche Peter Thompson Andreas Wagner Nick Hodgkin is a Cultural Historian working at the University of Sheffield UK and Caroline Pearce is Lecturer in German and Interpreting also at the University of Sheffield

The Soviet Past in the Post-Socialist Present Melanie Illic,Dalia Leinarte,2015-07-03 This collection examines practical and ethical issues inherent in the application of oral history and memory studies to research about the Soviet Union and Eastern Europe since the collapse of the Soviet bloc Case studies highlight the importance of ethical good practice including the reflexive interrogation of the interviewer and researcher and aspects of gender and national identity Researchers use oral history to analyze present day recollections of the Soviet past thereby extending our understanding beyond archival records official rhetoric and popular mythology Oral history explores individual life stories but this has sometimes resulted in rather incomplete incoherent inconsistent or illogical narratives Oral history therefore presents the researcher with a number of methodological and ethical dilemmas including the interpretation of silence in biographical accounts This collection links the discussion of oral history ethics with that of memory studies Memories are shaped by factors that may be simultaneously both consecutive and disrupted In written accounts and responses to interview questions

respondents sometimes display nostalgia for the Soviet past or conversely may seek to de mythologize the realities of Soviet rule Case studies explore what to do when interview subjects and memoirists consciously sub consciously or unconsciously forget aspects of their own past or themselves seek to take control of the research process **Remembered Lives** Barbara G. Myerhoff,1992 What it s like to grow older in America as revealed by an anthropologist who listened to the stories of the elderly **Rectors Remembered: The Descendants of John Jacob Rector Volume 2** Laura Wayland-Smith Hatch,2014-10-22 Volume 2 of 8 pages 505 1212 A genealogical compilation of the descendants of John Jacob Rector and his wife Anna Elizabeth Fischbach Married in 1711 in Trupbach Germany the couple immigrated to the Germanna Colony in Virginia in 1714 Eight volumes document the lives of over 45 000 individuals Do You Remember? Trenton Bailey,2022-12-28 In Do You Remember Celebrating Fifty Years of Earth Wind Fire Trenton Bailey traces the humble beginning of Maurice White his development as a musician and his formation of Earth Wind Fire a band that became a global phenomenon during the 1970s By the early 1980s the music industry was changing and White had grown weary after working constantly for more than a decade He decided to put the band on hiatus for more than three years The band made a comeback in 1987 but White s health crisis soon forced them to tour without him During the twenty first century the band has received numerous accolades and lifetime achievement and hall of fame awards The band remains relevant today collaborating with younger artists and maintaining their classic sound Earth Wind Fire stood apart from other soul bands with their philosophical lyrics and extravagant visual art much of which is studied in the book including album covers concerts and music videos The lyrics of hit songs are examined alongside an analysis of the band s chart success Earth Wind Fire has produced twenty one studio albums and several compilation albums Each album is analyzed for content and quality Earth Wind Fire is also known for using ancient Egyptian symbols and Bailey thoroughly details those symbols and Maurice White s fascination with Egyptology After enduring many personnel changes Earth Wind Fire continues to perform around the world and captivate diverse audiences The Cult of Remembrance and the Black Death Samuel Kline Cohn,1997-06-15 In his award winning study Death and Property in Siena historian Samuel K Cohn Jr used close analysis of last wills to chart transformations in mentalities over a six hundred year history Now in The Cult of Remembrance and the Black Death Cohn applies the same methodology to fashion a comparative history of six Italian city states Arezzo Florence Perugia Assisi Pisa and Siena showing the rise of a new Renaissance cult of remembrance In 1363 the Black Death devastated central Italy for the second time causing a detectable shift in notions of afterlife and patterns of charitable giving Throughout Tuscany and Umbria patricians and peasants alike abandoned the practice of dividing their bequests into small sums combining them instead into last gifts to enhance their fame and glory But this new cult of remembrance Cohn argues does not support Burckhardt s thesis of Renaissance individualism Instead the new piety grew in tandem with reverence for ancestors and a strong sense of family identity founded on the importance of male blood lines But rather than retreat into the religious

pessimism of earlier times survivors of the plague would develop into a new generation of art patrons albeit one with a taste for distinctively cruder and more regimented forms of religious art From the supposed center of Renaissance culture Florence to the citadel of Franciscan devotion Assisi the widespread change of sentiment created a new demand for monumental burials testamentary commissions for art and other efforts to exert control over the living from beyond the grave

Remembered Words Alastair Fowler,2021-07-22 *Remembered Words* is a selection of Alastair Fowler's essays on genre realism and the emblem three interrelated subjects published over six decades It offers readers a way to arrive at a sense of how approaches to these subjects have changed over that period Specifically it shows how genre has come to be understood in terms of family resemblance theory *Remembered Words* argues that realism can be seen as altering historically so that Renaissance realism for example differs from those of later periods Similar changes are traced in the emblem which Fowler shows to be not only a particular genre but an element of various kinds of realism Famous passages in ancient literature are remembered in the familiar emblems of the Renaissance and Renaissance emblems form the basis of metaphors in later literature Meanwhile the general approach of the critic and the reader has been altering over the years as becomes evident when one takes into account the time scale of sixty years an unusually long working life for a critic Modern theoretical approaches which are often casually regarded as self evident may appear less inevitable and more arbitrary This is not to say that they are necessarily wrong just that they need to be argued for *Remembered Words* is intended for senior undergraduates and for graduate students who may use it to form ideas of Fowler's approach and that of his contemporaries and predecessors over the last half century *Successful Remembering and Successful Forgetting* Aaron S.
