Remembering Osiris:

ReMembering Osiris Tom Hare, 1999 The story of Osiris is one of the central cultural myths of ancient Egypt a story of dismemberment and religious passion that also exemplifies attitudes about personal identity sexuality and the transfer of royal power It is moreover a story of death and the overcoming of death and in this it lies at the center of our own means of engagement with ancient Egypt *ReMembering Osiris* takes as its focus this tale as it is recorded in Egyptian texts and memorialized on the walls of temples and tombs Since such a focus is attainable only through Egyptian representational systems especially hieroglyphs the book also engages broader questions of writing and visual representation decipherment controversies about the ideograph and the relation between visual images and writing

ReMembering Osiris Tom Hare, 2022 The texts and visual arts of ancient Egypt reveal a persistent and sophisticated engagement with problems of language the body and multiplicity This innovative book shows how these issues were represented in ancient Egypt and how Egyptian approaches to them continue to influence the way we think about them today The story of Osiris is one of the central cultural myths of ancient Egypt a story of dismemberment and religious passion that also exemplifies attitudes about personal identity sexuality and the transfer of royal power It is moreover a story of death and the overcoming of death and in this it lies at the center of our own means of engagement with ancient Egypt This book focuses on the story of Osiris as it is recorded in Egyptian texts and memorialized on the walls of temples and tombs Since such a focus is attainable only through Egyptian representational systems especially hieroglyphs the book also engages broader questions of writing and visual representation decipherment controversies about the ideograph and the relation between visual images and writing This analysis of Egyptian representation leads to a consideration of the phallic body and the problem of multiplicity in Egyptian religion two nets of Egyptian discourse that though integrated into the writing system itself reach toward broader Egyptian discourses of gender subjectivity piety and cosmogenesis The concluding chapter considers in specific terms the question of a persisting Egyptian legacy in the West from the Greeks and Israelites to Augustine Hegel and Lacan

Mother of the Lamb Matthew J. Milliner,2022-10-04 *Mother of the Lamb* tells the remarkable story of a Byzantine image that emerged from the losing side of the Crusades Called the Virgin of the Passion in the East and Our Lady of Perpetual Help in the West the icon has expanded beyond its Byzantine origins to become one of the most pervasive images of our time It boasts multiple major shrines on nearly every continent and is reflected in every epoch of art history since its origin even making an appearance at the Olympics in 2012 Matthew Milliner first chronicles the story of the icon's creation and emergence in the immediate aftermath of the Third Crusade whereupon the icon became a surprising emblem of defeat its own fame expanding in inverse proportion to Christendom's political contraction Originally born as a Christian response to the Christian violence of the Crusades it marked the moment when Mary's ministry of suffering love truly began Having traced the icon's origin and ubiquity Milliner teases out the painting's theological depth and continues the story of the icon's evolution and significance from its origins to the present day As the story of the icon moves well beyond Byzantine art history both temporally and thematically it engages religion politics contemporary art and feminist concerns at once Always though the icon exemplifies dignity in suffering a lesson that through this image Byzantium bequeathed to the wider world Encapsulating eleven centuries of development of the mourning Mary in Byzantium the Virgin of the Passion emerges as a commendable icon of humility a perennial watchword signaling the perils of imagined political glory The Virgin of the Passion emblemizing political humility the powerful agency of women and the value of inter Christian and extra Christian concord is an exemplary Marian image for the fledgling twenty first century

Gentleman's Magazine, Or Monthly Intelligencer Sylvanus Urban (pseud. van Edward Cave.),1871

Torah and Nondualism James H. Cumming,2019-12-15 *Torah and Nondualism* is a commentary on the Torah or Pentateuch meaning five books written in the form of five essays one for each book It reconciles modern biblical scholarship with the Jewish hermeneutical techniques recorded in the Zohar and shows that the meanings these interpretive techniques reveal are so consistent and illuminating throughout the Bible that they must

have been intended by its redactors By combining these traditional methods with modern insights the book uncovers hidden themes in the Bible that other commentaries have overlooked Specifically Torah and Nondualism discovers a syncretistic subtext in the Pentateuch aimed at reconciling two religious cultures one rooted in Egyptian esoteric tradition and the other in Canaanite mythology and practice In later times these two religious cultures corresponded roughly to two rival kingdoms Judah and Israel The Torah ingeniously harmonizes this spiritual and political rift When this subtext is fully appreciated it is recognizable in all the Torah's most obscure rituals Even those priestly rites associated with temple worship are understandable The bitter rebellion against Moses and Aaron's leadership is presented in terms of the Torah's effort to harmonize conflict sometimes by demanding great personal sacrifice Illustrated to make the complexities of scribal hermeneutics readily accessible to the nonexpert Torah and Nondualism requires no prior knowledge of Hebrew and introduces the reader to an esoteric level of Bible interpretation previously known only to a small group of trained Hebrew scribes Its intelligent and well supported analysis promises to change the way you think about the Bible
