(Re)writing and Remembering James Dalrymple, Jonathan Fruoco, Virginia Sherman, 2016-02-08 Recounting past events is intrinsic to the storytelling function as most fiction assumes the past tense as the natural means of narrating a story Few narratives draw attention to this process yet others make the act of remembering a primary part of the narrative situation Ranging in its focus from poetry to novels autobiographical memoirs and biopics from the ostensibly fictional to the implicitly real this volume discusses the extent to which such fictional acts of remembering are also acts of rewriting the past to suit the needs of the present How seamlessly does experience yield to the ordering strictures of narrative and what is at stake in the process What must be omitted or stylised and to what ideological end In making an artefact of the past what role does artifice play and what does this process also tell us about history making
