**The Time of Our Lives** David Couzens Hoy, 2012-01-13 A study of the emergence in post Kantian continental philosophy of a focus on the lived experience of temporality The project of all philosophy may be to gain reconciliation with time even if not every philosopher has dealt with time expressly A confrontation with the passing of time and with human finitude runs through the history of philosophy as an ultimate concern In this genealogy of the concept of temporality David Hoy examines the emergence in a post Kantian continental philosophy of a focus on the lived experience of the time of our lives rather than on the time of the universe The purpose is to see how phenomenological and poststructuralist philosophers have tried to locate the source of temporality how they have analyzed time's passing and how they have depicted our relation to time once it has

been in a Proustian sense regained Hoy engages with competing theoretical tactics for reconciling us to our fleeting temporality drawing on work by Kant Heidegger Hegel Husserl Merleau Ponty Nietzsche Gadamer Sartre Bourdieu Foucault Bergson Deleuze i ek and Derrida Hoy considers four existential strategies for coping with the apparent flow of temporality including Proust s passive and Walter Benjamin s active reconciliation through memory i ek s critique of poststructuralist politics Foucault s confrontation with the temporality of power and Deleuze s account of Aion and Chronos He concludes by exploring whether a dual temporalization could be what constitutes the singular time of our lives

*Communities of Memory* William James Booth, 2018-07-05 Memory has fueled merciless violent strife and it has been at the core of reconciliation and reconstruction It has been used to justify great crimes and yet it is central to the pursuit of justice In these and more everyday ways we live surrounded by memory individual and social in our habits our names the places where we live street names libraries archives and our citizenship institutions and laws Still we wonder what to make of memory and its gifts though sometimes we are hardly even certain that they are gifts Of the many chambers in this vast palace I mean to ask particularly after the place of memory in politics in the identity of political communities and in their practices of doing justice from the Preface W James Booth seeks to understand the place of memory in the identity ethics and practices of justice of political communities Identity is he believes a particular kind of continuity across time one central to the possibility of agency and responsibility and memory plays a central role in grounding that continuity Memory identity takes two forms a habitlike form the deep presence of the past that is part of a life led in common and a more fragile vulnerable form in which memory struggles to preserve identity through time notably in bearing witness a form of memory work deeply bound up with the identity of political communities Booth argues that memory holds a defining place in determining how justice is administered Memory is tied to the very possibility of an ethical community one responsible for its own past able to make commitments for the future and driven to seek justice Underneath and motivating the politics of memory understood as contests over the writing of history over memorials museums and canons he writes there lies an intertwining of memory identity and justice

J. Kaethler,2022-07-12

Both Alexander Schmemmann and Joseph Ratzinger insist that the human person remains shrouded in mystery without God's self disclosure in the person of Jesus Christ. Like us, Jesus lived in a particular time and location and therefore time and temporality must be part of the ontological question of what it means to be a human person. Yet Jesus, the one who has time for us, ascended to the Father and the bride of Christ awaits his return and therefore time and temporality are conditioned by the eschatological. With this in mind, the ontological question of personhood and temporality is a question that concerns eschatology: how does eschatology shape personhood? Bringing together Schmemmann and Ratzinger in a theological dialogue for the first time, this book explores their respective approaches and answers to the aforementioned question. While the two theologians share much in common, it is only Ratzinger's relational ontological approach that by being consistently relational from top to bottom consistently preserves the meaningfulness of temporal existence. Social Imaginaries, Volume 2, issue 1 (Spring 2016) Suzi Adams, Paul Blokker, Natalie J. Doyle, John W. M. Krummel, Miki Kiyoshi, Guanjun Wu, Craig Browne, Werner Binder, Johann P.
