The RCIA Thomas H. Morris, 1997

The revised second edition of the award-winning *The RCIA* Transforming the Church incorporates new insights in liturgical catechesis and ritual celebration that have emerged since the original edition. The changed format includes an expanded commentary on each of the periods of the rite, expanded sections, all new sections, practical guidelines and suggestions for using the rite with children. Again divided into three parts, this resource first looks at foundational issues for implementing the rite, including underlying theological issues and ministries in initiation. The second section looks at each stage in the rite following a four-step process. The third section examines pastoral issues such as annulments, ecumenical sensitivity, discerning valid baptism, etc.

Pastoral and Theological Commentary on the Order of Christian Initiation of Adults

Various contributors, including Paul Turner, Elizabeth Simcoe, 2024-07-05

The recent retranslation and US adaptation of the Order of Christian Initiation of Adults can be seen as the work of the Second Vatican Council continuing to unfold, fulfilling the council's mandate to draw up texts and rites so that they express more clearly the holy things that they signify.

Sacrosanctum Concilium 21

In this present volume, *A Pastoral and Theological Commentary on the Order of Christian Initiation of Adults*, fourteen authors—all scholars and pastoral ministers steeped in the Church's living liturgical tradition—help us appreciate this unfolding more deeply by presenting the historical development and theological significance of the OCIA rites and texts, thus enriching our pastoral practice.

Introductory essays present a contextual foundation, including discussion of historical and theological roots and an exposition of Christian Initiation. General Introduction. Then following the structure of the OCIA, eight chapters of commentary concentrate on each stage of Christian initiation, from acceptance into the Order of Catechumens

through the Period of Mystoagogy including chapters on the Rites for Particular Circumstances Further commentaries on the musical enrichment of the rites and on the newly revised National Statutes for the Catechumenate round out this panoramic yet accessible view of the rites of the OCIA This book is for anyone ministering in or studying Christian initiation We believe it offers a deep understanding of the rites for both those long familiar with this process and those fairly new to it For those who wish to pursue further study either casual or in depth a vast array of endnotes and bibliographies offer plenty of suggestions editor Victoria Tufano from the introduction

The Rite of Christian Initiation Peter McGrail, 2016-02-17 In the wake of recent papal legislation the various liturgies of the Roman Rite may today be celebrated in either their post Tridentine or post Vatican II forms Whilst much discussion of this new situation focuses on purely liturgical issues this book breaks new ground by arguing that the coexistence of the two forms raises questions of a profoundly ecclesiological character Peter McGrail explores the relationship between ritual form ecclesial self understanding and constructs of the world that are at play as adults become members of the Church Analysing the rites by which adults were taken into the Church for three and a half centuries this book goes on to explore attempts to find a new ritual expression for the journey to Christian Initiation set against the divergent and even conflicting ecclesiologies which were at play before and during the Council

Collects of the Roman Missals Lauren Pristas,2013-08-01 This study examines how the present liturgical texts are like and unlike those used by earlier generations and therefore how the present generation of Roman Catholics may be different on their account The precise form that the textual examination takes in each of the proper seasons etc depends upon the mix of retained replaced and edited collects In every case the author works with the Latin originals and the accompanying translations are her own The entire project has three main steps to examine each liturgical season to see how the spiritual and theological emphases of its collects have changed to determine what these changes mean for the year as a whole to evaluate the effect of the changes on the way that contemporary Catholics experience and live Christian faith The work is important not simply for a better understanding today s and tomorrow s Catholics but also for a correct understanding of our present Liturgy and its place in the western liturgical tradition **The Liturgy Documents** Danielle Noe,2012 This pastoral resource assembles the essential and current liturgical documents needed to prepare and learn about liturgical celebrations for Sunday These pastoral overviews explain the theology purpose and authority of each of the included documents **Ever Directed Towards the Lord** Uwe Michael Lang,2007-04-01 The celebration of the liturgy of the Holy Eucharist is one of the central issues in the Roman Catholic Church today To mark the Year of the Eucharist the Society of St Catherine of Siena held a conference on the Eucharistic liturgy at Oxford in 2005 This book contains the energetic and fruitful reflection of the scholars present at the conference The contributions are academically demanding yet accessible to a wider audience The collection does not seek a solution to the current problems rather it promotes an open discussion about the theological philosophical and historical issues surrounding the celebration of the liturgy and its future as well as paying attention to the increasing interest in the pre conciliar rites **Catholic Marriage** Kimberly Hope Belcher,Jennifer Kerr Budziak,Paul Covino,Timone Davis,Edward Foley, Capuchin,Richard N. Fragomeni,Patrick R. Marks of the Body of Christ Carl E. Braaten, Robert W. Jenson, 1999 Martin Luther once listed seven marks of the church those defining ecclesial features that show where the true church is to be found This insightful volume brings together essays by ten leading Catholic Episcopal Lutheran Methodist and Orthodox theologians each analyzing one of the seven traditional marks of the church and discussing how it is found or not found in today's churches Writing about each mark of the church are these scholars Gerhard O Forde and Richard Lischer on proclamation Susan K Wood and John H Erickson on baptism K Paul Wesche and Richard A Norris Jr on the eucharist David S Yeago on the office of the Keys Carl E Braaten on ordination Robert W Jenson on catechesis and William J Abraham on discipleship The picture of contemporary church life that is developed by these authors is grim but their analyses and practical suggestions are both constructive and necessary
