Newburyport John Hardy Wright, 1999-11-01 Formerly the smallest city in Massachusetts Newburyport is considered to be one of the architectural gems of New England Its history both public and private is intertwined with and expressed by its structures Newburyport was incorporated in 1764 when it broke away from the early settlement of Newbury which was founded in 1635 by English livestock investors The port supplied England with large timbers for shipbuilding in the 1700s As international trade grew many merchants acquired great wealth which in turn helped build the city The devastating fire of 1811 prompted building ordinances requiring non wooden material and the beautiful Federal period brick structures in the downtown area are the result Today Newburyport is an historical destination the consummation of years of work in architectural preservation enriched by Yankee European and French Canadian cultures

Transforming Women's Work

Thomas L. Dublin, 2018-07-05 I am not living upon my friends or doing housework for my board but am a factory girl asserted Anna Mason in the early 1850s Although many young women who worked in the textile mills found that the industrial revolution brought greater independence to their lives most working women in nineteenth century New England did not according to Thomas Dublin Sketching engaging portraits of women s experience in cottage industries factories domestic service and village schools Dublin demonstrates that the autonomy of working women actually diminished as growing numbers lived with their families and contributed their earnings to the household From diaries letters account books and censuses Dublin reconstructs employment patterns across the century as he shows how wage work increasingly came to serve the needs of families rather than of individual women He first examines the case of rural women engaged in the cottage industries of weaving and palm leaf hatmaking between 1820 and 1850 Next he compares the employment experiences of women in the textile mills of Lowell and the shoe factories of Lynn Following a discussion of Boston working women in the middle decades of the century particularly domestic servants and garment workers Dublin turns his attention to the lives of women teachers in three New Hampshire towns
