**Reweaving the Relational Mat** Joan Filemoni-Tofaeono, Lydia Johnson, 2016-06-16 Reweaving the Relational Mat is an integrative response to the problem of violence against women which grounds theological and sociological analysis in the praxis of Oceanian Christian women s experiences of violence It focuses on the collusion of the church in the problem of violence against women by critiquing the ways in which its theology and practices have contributed to power over ways of relating Employing the Oceanian metaphor of weaving the mat the analysis unravels the patriarchal relational mat paving the way for a constructive reweaving of a Christocentric egalitarian relational mat The study begins by unravelling the correlation between violence and the ideology of patriarchy It then highlights the various strands of violence against women and examines the complex mosaic of socio cultural sources and manifestations of violence against women in Oceania This leads to an analysis of the interwoven strands of religion and violence focusing particularly on the church s captivity to patriarchy The ensuing explication of problematic theological and biblical interpretations and church practices ends with a critique of male clergy power particularly as it functions in the Oceanian context This leads to an examination of the relationship between flawed theological education and violence against women Case studies of violence against women in the Oceanian theological education setting are analysed The subsequent reweaving of the relational mat issues forth in specific challenges to church leaders theological educators and church women

**Pastoral Reflections on Global Citizenship** Ryan LaMothe, 2018-10-31 This book explores the growing awareness brought on by the recent explosion of communication technology that all human beings are citizens of the world Ryan LaMothe argues that this awareness comes with an urgent need to address political issues systems and structures at local state and international levels that harm human beings and our one habitat Through the lens of pastoral theology LaMothe analyzes the concepts of care faith power and community as they are related to addressing local and global problems linked to neoliberal capitalism racism and classism *Speaking of Rape* Danielle Tumminio Hansen, 2024 Rape survivors need words to recover and tell their stories But the words available often fail to describe their experiences which isolates and silences them enables future perpetration and lets rape remain unacknowledged Tumminio Hansen offers fresh ways of speaking and listening that reframe how we can describe discuss and address rape *Men and Masculinities in Christianity and Judaism* Bjorn Krondorfer, 2013-02-12 Bjorn Krondorfer one of the leading scholars in this field has collected 35 key texts

**Cross Examinations** Marit Trelstad, In today s theological landscape the significance of the cross has become strongly affirmed and radically questioned This exciting volume gathers theologians and historians who have thought through these critical and constructive issues Do traditional understandings of the cross valorize suffering or violence Are the older soteriological models which see redemption as a kind of ransom or debt satisfaction fitting for the contemporary worldview Do they produce a piety that acquiesces in needless suffering or does the cross precisely meet the massive suffering and injustice of today s world Following an expert introduction to the issues and options by editor Marit Trelstad each author addresses the Christian symbol of the cross in the context of current theological sociological political or environmental issues

**Caring for Souls in a Neoliberal Age** Bruce Rogers-Vaughn, 2016-11-08 This volume offers a detailed analysis of how the current phase of capitalism is eating away at social interpersonal and psychological health Drawing upon an interdisciplinary body of research Bruce Rogers Vaughn describes an emerging form of human distress what he calls third order suffering that is rapidly becoming normative Moreover this new paradigm of affliction is increasingly entangled with already existing genres of misery such as sexism racism and class struggle mutating their appearances and mystifying their intersections Along the way Rogers Vaughn presents stimulating reflections on how widespread views regarding secularization and postmodernity may divert attention from contemporary capitalism as the material origin of these developments Finally he explores his own clinical practice which yields clues for addressing the double unconsciousness of third order suffering and outlining a vision for caring for souls in these troubling times

Care of Souls, Care of Polis Ryan LaMothe, 2017-07-25 In the fields of pastoral care and pastoral theology there are times when a book signals a paradigm shift

This is one such book LaMothe develops a political pastoral theology that is used to examine critically political economic and societal structures and practices In the first part of the book LaMothe argues that care and pastoral care are political concepts which along with the notion of justice can be used as a hermeneutical framework to assess macropolitical and macroeconomic realities Included in this section is the notion of civil and redemptive discourse necessary for the survival and flourishing of persons and polis The last section of the book examines U S Empire capitalism class classism and other pressing political issues using the hermeneutical lens of care

Living Devotions Mary Clark Moschella, 2008-01-01 Living Devotions explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration These matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice

Prophetic Liturgy Tércio Junker, 2014-02-07 The primary purpose of Prophetic Liturgy is to inquire into the prophetic dimension of the liturgy Some questions addressed in the book are How can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God s gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God s gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The most challenging ethical hope of this book is to provide the worshipping community with prophetic awareness of socio economic injustice while at the same time preserving the community s historical cultural identity its religious values and its sacramental spirituality
