

A dramatic, low-angle photograph of a Parisian street at night. The Eiffel Tower is illuminated and stands prominently in the background against a dark, orange-hued sky. The street is lined with tall, dark buildings, and a modern, brightly lit structure is visible on the right. The overall atmosphere is mysterious and cinematic.

Rendezvous Eighteenth Jake Lamar, 2003-11-21 *Rendezvous Eighteenth* marks the emergence of an exciting voice in crime fiction Ricky Jenks gave up life in the U S years ago and is content if not happy with his life as a piano player in a small caf in the Montmartre neighborhood of Paris He has many friends among the other African Americans living in Paris and is happily if casually involved with a French Muslim woman But then everything changes His American life comes crashing down on him when his estranged cousin wants help finding his runaway wife whom he thinks might have come to Paris even though he s vague about why That same night Ricky finds a prostitute dead in his apartment building in Paris s Eighteenth Arrondissement one of the most multicultural sections of Paris That these two events could be connected is something he never imagines This intricate absorbing thriller is ultimately much more than a suspense novel Lamar s detailed and vibrant portrait of life in Paris is as much the story of a black man s alienation and redemption indeed the story of an entire community searching for a home as it is a taut thriller about revenge obsession and murder *A History of the African*

*American Novel* Valerie Babb, 2017-07-31 This History is intended for a broad audience seeking knowledge of how novels interact with and influence their cultural landscape Its interdisciplinary approach will appeal to those interested in novels and film graphic novels novels and popular culture transatlantic blackness and the interfacing of race class gender and aesthetics **Viper's Dream** Jake Lamar, 2023-09-19 WINNER OF THE CWA HISTORICAL DAGGER AWARD 2024 For fans of Colson Whitehead and *Wild Women* and the Blues *Viper s Dream* is a gritty daring look at the vibrant jazz scene of midcentury Harlem and one man s dreams of making it big and finding love in a world that wants to keep him down Harlem 1936 Clyde The Viper Morton boards a train from Alabama to Harlem to chase his dreams of being a jazz musician When his talent fails him he becomes caught up in the dangerous underbelly of Harlem s drug trade In this heartbreaking novel one man must decide what he is willing to give up and what he wants to fight for *Viper s Dream* is a fast paced story that is charged with suspense A snappy provocative voice and a stark look at Viper s Black American experience weave with endless plot twists to offer readers a stunningly original achingly beautiful read Malcolm X at Oxford Union Saladin

Ambar, 2014-01-09 In 1964 Malcolm X was invited to debate at the Oxford Union Society at Oxford University The topic of debate that evening was the infamous phrase from Barry Goldwater s 1964 Republican Convention speech Extremism in the defense of liberty is no vice moderation in the pursuit of justice is no virtue At a time when Malcolm was traveling widely and advocating on behalf of blacks in America and other nations his thirty minute speech at the Oxford Union stands out as one of the great addresses of the civil rights era Delivered just months before his assassination the speech followed a period in which Malcolm had traveled throughout Africa and much of the Muslim world The journey broadened his political thought to encompass decolonization the revolutions underway in the developing world and the relationship between American blacks and non white populations across the globe including England Facing off against debaters in one of world s most elite

institutions he delivered a revolutionary message that tackled a staggering array of issues the nature of national identity US foreign policy in the developing world racial politics at home the experiences of black immigrants in England and the nature of power in the contemporary world It represents a moment when his thought had advanced to its furthest point shedding the parochial concerns of previous years for an increasingly global and humanist approach to ushering in social change Set to publish near the fiftieth anniversary of his death Malcolm X at Oxford Union will reshape our understanding not only of the man himself but world politics both then and now

**Masters of Empire** Michael A. McDonnell, 2015-12-08 A radical reinterpretation of early American history from a native point of view In *Masters of Empire* the historian Michael McDonnell reveals the pivotal role played by the native peoples of the Great Lakes in the history of North America Though less well known than the Iroquois or Sioux the Anishinaabeg who lived along Lakes Michigan and Huron were equally influential McDonnell charts their story and argues that the Anishinaabeg have been relegated to the edges of history for too long Through remarkable research into 19th century Anishinaabeg authored chronicles McDonnell highlights the long standing rivalries and relationships among the great tribes of North America and how Europeans often played only a minor role in their stories McDonnell reminds us that it was native people who possessed intricate and far reaching networks of trade and kinship of which the French and British knew little And as empire encroached upon their domain the Anishinaabeg were often the ones doing the exploiting By dictating terms at trading posts and frontier forts they played a crucial role in the making of early America Through vivid depictions of early conflicts the French and Indian War and Pontiac's Rebellion all from a native perspective *Masters of Empire* overturns our assumptions about colonial America and the origins of the Revolutionary War By calling attention to the Great Lakes as a crucible of culture and conflict McDonnell reimagines the landscape of American history

itself In fact their attendance was largely sponsored by the other participants If evaluated as successful it is the intention of the General Chairs to expand this model in future editions of the OTM conferences and so draw in an audience of young researchers to the OnTheMove forum All three main conferences and the associated workshops share the distributed aspects of modern computing systems and the resulting application created by the Internet and the so called Semantic Web For DOA 2004 the primary emphasis stayed on the distributed object infrastructure for ODBASE 2004 it was the knowledge bases and methods required for enabling the use of formal semantics and for CoopIS 2004 the main topic was the interaction of such technologies and methods with management issues such as occurs in networked organizations These subject areas naturally overlap and many submissions in fact also treat envisaged mutual impacts among them
