René Wellek Martin Bucco, 1981 **Theory of Literature** René Wellek, Austin Warren, 1956 A classic of criticism that examines the nature function form and contents of literature The most ordered ranging and purposeful attempt toward keeping the study of literature at once intelligent and liberal New York Times Index **Dostoevsky** René Wellek, 2018-12-05 First published in 1962 the present volume is a collection of critical essays on selected works by Fyodor Dostoevsky 1821 1881 the famous 19th century Russian novelist short story writer essayist journalist and philosopher Critical evaluation of Fyodor Dostoevsky has been marked by sharp and violently bitter extremes Ren Wellek has assembled a wide spectrum of these varied critical attitudes toward the works of the great Russian tragedian of ideas Dostoevsky s work is seen from psychoanalytical existential theological and Marxist points of view Professor Wellek s introduction sketches the history of Dostoevsky criticism and influence in all main countries a task never before attempted The essays in this collection are PHILIP RAHV Dostoevsky in Crime and Punishment MURRAY KRIEGER Dostoevsky s Idiot The Curse of Saintliness IRVING HOWE Dostoevsky The Politics of Salvation ELISEO VIVAS The Two Dimensions of Reality in The Brothers Karamazov D H LAWRENCE Preface to Dostoevsky s The Grand Inquisitor SIGMUND FREUD Dostoevsky and Parricide GEORG LUK CS Dostoevsky DMITRI CHIZHEVSKY The Theme of the Double in Dostoevsky V V ZENKOVSKY Dostoevsky s Religious and Philosophical Views DEREK TRAVERSI Dostoevsky **Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture *The Attack on Literature and Other Essays* Rene Wellek, 2018-07-25 With the erudition that has distinguished his lifelong study of literary criticism Wellek considers the trends theories and quarrels of recent years He continues to insist that criticism whether written by

structuralists phenomenologists Marxists or the New Critics makes judgments and also takes into account a common humanity that makes all art accessible to us He also considers the relationship between literature and linguistics and the difficulty of constructing evolutionary models for literary history Originally published in 1982 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value American Learned Men and Women with Czechoslovak Roots Mila Rechcigl, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i.e. Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical ground without regards to their native language or ethnic background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective Confrontations René Wellek, 2015-12-08 Confrontations brings together in one volume six essays by the distinguished critic René Wellek Five have been previously published but are now practically unobtainable one German and English Romanticism A Confrontation is previously unpublished The book's emphasis is on the spread of German philosophical and critical ideas to England and the United States The first essay examines the differences between German and English Romanticism In the following essays Professor Wellek examines the Impact of German philosophy and literary theory on the Ideas of Carlyle and De Quincey In the final two essays he considers attitudes held by New England Transcendentalists especially Emerson toward German philosophy Originally published in 1965 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton

University Press since its founding in 1905 *Mark Twain's Ethical Realism* Joe B. Fulton, 1997 Mark Twain's Ethical Realism is the only work that looks specifically at how Twain blends ethical and aesthetic concerns in the act of composing his novels Fulton conducts a spirited discussion regarding these concepts and his explanation of how they relate to Twain's writing helps to clarify the complexities of his creative genius Literary Theory and Criticism Festschrift Presented to René Wellek in Honor of His Eightieth Birthday: Criticism Joseph Strelka, 1984 *The New Romanticism* Eberhard Alsen, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *Oscar Wilde in the 1990s* Melissa Knox, 2001 An examination of the most significant literary criticism on Wilde at the turn of the century In 1891 Oscar Wilde defined the highest criticism as the record of one's own soul and insisted that only by intensifying his own personality could the critic interpret the personality and work of others This book explores what Wilde meant by that statement arguing that it provides the best standard for judging literary criticism about Wilde a century after his death Melissa Knox examines a range of Wilde criticism in English including the work of Lawrence Danson Michael Patrick Gillespie Ed Cohen and Julia Prewitt Brown Applying Wilde's standards to his critics Knox discovers that the best of them take to heart Wilde's idea of the aim of criticism to see the object as in itself it really is not By this Wilde appreciates Walter Pater's profound observation that everyone sees through a thick wall of personality and that therefore objectivity as conceived by Matthew Arnold does not exist Admiring Pater Wilde became a prophet for Freud his exact contemporary Their intellectual sympathies made obvious in Knox's exegesis help to make the case for Wilde as a modern not a Victorian Melissa Knox's book *Oscar Wilde A Long and Lovely Suicide* was published in 1994 She teaches at the University of Duisburg Essen Germany **The disciplines of criticism : essays in literary theory, interpretation, and history ; [for René Wellek on the occasion of his sixty-fifth birthday, August 22, 1968]** René Wellek, 1968 **The Theory Mess** Herman Rapaport, 2001 A clarifying account of the general landscape of critical theory in the United States over the last 30 years ending with the current eclipse of deconstruction *Personal Bias in Literary Criticism* Nagendra Prasad, 2002 Study on the works of Samuel Johnson 1709 1784 Matthew Arnold 1822 1888 and T S Eliot 1888 1965 English litterateurs *An Encyclopedia of Philosophy* G.H.R. Reviews The History in Literature Herbert Lindenberger,1990 Herbert Lindenberger was one of the first literary critics to call for some kind of return to historical thinking in literary criticism His ten essays cover canon formation the historical status of genres and the ways that art and criticism are embedded within institutional frameworks Lindenberger argues that what we label historical assumes strikingly different shapes in different historical situations and that present shape empowers new kind of knowledge He writes We may well discover that our century old form of organization within the humanities no longer fits the type of knowledge we are producing The lively and topical essays of The History in Literature demonstrate Lindenberger s capacious and diverse knowledge his incisive wit and his formidable critical skills The Honor of Thinking Rodolphe Gasché,2007 The Honor of Thinking evaluates the concepts and discourses of critique theory and philosophy in light of the exigencies of what Martin Heidegger and the French post Heideggerian thinkers have established about the nature and the tasks of thinking **Gnosis and Hermeticism from Antiquity to Modern Times** R. van den Broek,Wouter J. Hanegraaff,1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one s true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement Building a Profession Mihai L. Spariosu,Lionel Gossman,Mihai Spariosu,Mihai I. Spariosu,1994-01-01 Composed of autobiographical sketches by a number of eminent comparatists chiefly of the generation that has either recently retired or is approaching retirement it anchors the intellectual and scholarly aspirations of the post War period through the personal narratives of those who shared in them and promoted them in the experience of war uprooting racial and religious intolerance or persecution and a deep longing for peaceful exchange and international understanding A Companion to the Classical Tradition Craig W. Kallendorf,2010-02-01 A Companion to the Classical Tradition accommodates the pressing need for an up to date introduction and overview of the growing field of reception studies A comprehensive introduction and overview of the classical tradition the interpretation of classical texts in later centuries Comprises 26 newly commissioned essays from an international team of experts Divided into three sections a chronological survey a geographical survey and a section illustrating the connections between the classical
