Revolución y desilusión Carlos Blanco,2002      **Political Violence and the Construction of National Identity in Latin America** Peter Lambert,2006-11-27 This topical volume seeks to analyze the intimate but under studied relationship between the construction of national identity in Latin America and the violent struggle for political power that has defined Latin American history since independence The result is an original fascinating contribution to an increasingly important field of study      *Racism and Discourse in Spain and Latin America* Teun A. van Dijk,2005-07-05 This new book extends Teun A van Dijk s earlier research on discursive racism to the Latin world He presents a first inventory of elite discourse and racism in Spain and Latin America by examining discursive reactions in Spain to recent immigration as well as age old racism

and ethnicism in text and talk in Latin America especially Mexico Brazil Argentina and Chile Through careful analysis of the media political discourse textbooks and other public discourses in these countries he shows that discursive euro racism is ubiquitous also in countries outside Europe Spain reproduces but as yet in a less radical way the kind of racist discourse we find elsewhere in Western Europe In Latin America ethnicism and racism against the indigenous peoples and against Afrolatins has prevailed in elite discourse since colonialism and slavery This is the first integrated study of discursive racism in the Latin world and provides a useful framework for similar research

**Leadership by Resentment** Ruth Capriles, 2012-01-01 What do such disparate events as Occupy Wall Street Iran s Islamic revolution and Venezuela s socialist revolution have in common Often resentment based on past grievances or shortcomings seems to emerge from the depths of individual and collective psyches over the course of such emotionally charged movements This resentment and the related philosophical concept of

ressentiment can have a profound impact on the course of history and on the role of leadership within societies Expanding on the concept of resentment this book addresses the importance of emotions in historical events The author explores the conditions that foster the development of resentment the role of leaders and followers and the phases of the phenomenon as it encourages destructive behaviors such as murder and suicide Often considered an incurable disease with destructive social and political repercussions it is a core motive for acts of terrorism revolutions social upheavals and processes of toxic leadership The author puts forth a model that helps to describe certain historical processes led by resentment like some revolutions and terrorist acts and to distinguish them from other movements that are usually treated as similar e g independence revolutions The book then tackles a seemingly impossible question Can we find a cure for this powerful and destructive impulse With care and deliberation the author demonstrates the power of ethical leadership recognition and redemption as positive unifying forces during human conflicts A philosophical endeavor to understand events from the Boston Tea Party to Occupy Wall Street from the French revolution to Hugo Ch vez s revolution in Venezuela this book will be fascinating reading for scholars and students of the social sciences and humanities and those with a particular interest in leadership

**Historia de los partidos políticos en América Latina** Torcuato S. Di Tella, 2022-05-30

La ola de restauración democrática que avanza sobre América Latina en la década de 1980 volvió a dar a los partidos políticos el papel protagónico de la actividad política en los países de la región. Hoy en la segunda década del siglo XXI asistimos a un nuevo escenario que oscila entre la bipolaridad izquierda derecha y el surgimiento de nuevos populismos. Con un lenguaje claro y descriptivo apartado de complicadas interpretaciones teóricas, esta *Historia de los partidos políticos en América Latina* describe la génesis y la evolución de los principales movimientos políticos desde principios de siglo XX hasta la actualidad trazando un amplio fresco del cual surgen con luz propia las semejanzas y las diferencias entre ellos así como su importancia en el desarrollo de las sociedades en las que actuaron. La lectura de esta obra será sumamente provechosa para estudiantes y profesores de historia, ciencia política y sociología, periodistas políticos y para todos aquellos interesados en el pasado y el devenir de las naciones de América Latina ya que como sostiene Torcuato S. Di Tella conocer los eventos del pasado sirve para actuar mejor en los que nos toquen protagonizar como dirigentes o como participantes o aun como meros simpatizantes.
