Romantic Horizons James B. Twitchell, 1983 Coleridge, Language and the Sublime C. Stokes, 2010-11-03 Traversing the themes of language terror and representation this is the first study to engage Coleridge through the sublime showing him to have a compelling position in an ongoing conversation about finitude Drawing on close readings of both his poetry and prose it depicts Coleridge as a thinker of the limit with contemporary force **The Niagara Companion** Linda L. Revie, 2006-01-01 What is it about Niagara Falls that fascinates people What draws them to it Is it love obsession or fear In *The Niagara Companion* Linda Revie searches for an answer to these questions by examining the paintings and writings about the Falls from the late seventeenth century when the first Europeans discovered Niagara to the early twentieth century Linda Revie's study considers how three centuries of representations are shaped by the earliest encounters with the waterfall and notes shifts in the construction of landscape features and in human figures both Native and European in the long history of fine art depictions Travel narratives both literary and scientific also come under her scrutiny and reveal how these chronicles were influenced by previous pictures coming out of Niagara particularly some of the first from the seventeenth century In all of these portraits and texts she notes a common pattern of response from the observers moving from anticipation to disappointment to a kind of recovery But in the end there is fear Even long after Niagara had become a tourist mecca it was often drawn as a primordial wilderness a place where civilization vies with wildness artifice with nature fear with control the natural with the mastered Throughout this history of images and narratives as humans struggle to control nature the notion of wildness prevails Those who want a deeper understanding of why Niagara Falls continues to fascinate us even today will find Linda Revie's book an excellent companion Library Catalog of the Metropolitan Museum of Art, New York Metropolitan Museum of Art (New York, N.Y.). Jaye, Robert Woof, 1987 **Majestic Indolence** Willard Spiegelman, 2023 This study examines the theme of indolence in Romantic poetry and demonstrates the rich variety of experimental forms used by a quartet of poets Wordsworth Coleridge Shelley and Keats The Art of the Sublime Pomona College (Claremont, Calif.). Art Gallery, 1964 **The Romantic Sublime** Thomas Weiskel, 2019 Thomas Weiskel investigates the concept of the sublime in the poetry of English Romantic writers His work infuses elements of structuralism and psychological thought in his attempt to describe and demystify the sublime experience or in his words to desubliminate the sublime In doing so he demonstrates that the sublime is largely mystified and he contrasts those with faith in the awesomeness of sublimation and those who remain skeptical of the sublime's mystifying power In working to demystify the sublime Weiskel emphasizes the task of intelligence by assigning morality and intellect the value of mistrust in sublimation
