Sapphics And Uncertainties Poems 1970-1986:

Sapphics and Uncertainties: Poems, 1970-1986 (c) Timothy Steele, 1995 Desperately and delightfully unfashionable was how reviewer Richmond Lattimore characterized Timothy Steele's *Uncertainties and Rest* when it first appeared in 1979. *Sapphics against Anger and Other Poems* appeared in 1986 and solidified and extended Steele's reputation as in the words of *Publishers Weekly* one of the finest contemporary poets to write in meter and traditional forms. *Sapphics and Uncertainties Poems 1970-1986* draws together these two books into a single volume. This collection offers the most substantial gathering yet from a body of work widely praised for its tonal and thematic range and for its wit and warmth of feeling. **The Oxford Companion to Modern Poetry in English** Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy. Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry. *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The *Encyclopedia of American Poetry: The Twentieth Century* contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics, schools or periods of American verse in the century. Entries fall into three main categories: poet entries which provide biographical and cultural contexts for the author's career; entries on individual works which offer closer explication of the most resonant poems in the 20th century canon; and topical entries which offer analyses of a given period of literary production, school, thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States. [The Broadview Introduction to Literature: Poetry](#) Lisa Chalykoff, Neta Gordon, Paul Lumsden, 2013-08-09 Designed for courses taught at the introductory level in Canadian universities and colleges, this new anthology provides a rich selection of literary texts. In each genre, the anthology includes a vibrant mix of classic and contemporary works. Each work is accompanied by an author biography and by explanatory notes, and each genre is prefaced by a substantial introduction. Pedagogically current and uncommon in its breadth of representation, *The Broadview Introduction to Literature* invites students into the world of literary study in a truly distinctive way. *The Broadview Introduction to Literature: Poetry* includes a broad range of both canonical authors and important but less widely known poets, and the poems are diverse in form, subject matter, and geographical and linguistic origin. Poems in translation from languages other than English are included with the original language text in facing page format. **Toward the Winter Solstice** Timothy Steele, 2006 *Toward the Winter Solstice* features the author's characteristic grace, wit, and power while extending his range. Short, lyrical, descriptive, and contemplative poems are accompanied by several middle-length pieces that read almost like compressed novels. **A Companion to Satire** Ruben Quintero, 2011-05-06 *A COMPANION TO SATIRE: A COMPANION TO SATIRE* This book forms a substantial contribution to literary studies and is likely to be the standard work on the subject for a decade or two. The chapters are densely detailed; the
