Otherworld Witches Series 3-Book Bundle Kelley Armstrong, 2014-12-09 Featuring characters from the second season of the Syfy series *Bitten* this eBook bundle brings together the witches trilogy from New York Times bestselling author Kelley Armstrong's delicious *Otherworld* series. Sure to mesmerize fans of Deborah Harkness, Laurell K. Hamilton, and Karen Marie Moning, these novels introduce a trio of kickass heroines who perfectly showcase Armstrong's thrilling imagination. **DIME STORE MAGIC** Paige Winterbourne was always either too young or too rebellious to succeed her mother as leader of the elite American Coven of Witches. Now that she's twenty-three, the Elders can no longer deny her. But even Paige's wildest antics can't hold a candle to those of her new charge Savannah, who is all too willing to use her budding powers for evil, and evil is all too willing to claim her. For this girl is being pursued by a dark faction of the supernatural underworld. It's an initiation into adulthood, womanhood, and the brutal side of magic, and Paige will have to do everything within her power to make sure they both survive. **INDUSTRIAL MAGIC** Someone is murdering the teenage offspring of the underworld's most influential Cabals, a circle of families that makes the mob look like amateurs. And none is more powerful than the Cortez Cabal, a faction with which Paige is intimately acquainted. Her boyfriend is none other than Lucas Cortez, the rebel son and unwilling heir. But love isn't blind, and Paige has her eyes wide open as she is drawn into a hunt for an unnatural born killer. Pitted against shamans, demons, and goons, it's a battle chilling enough to make a wild young woman grow up in a hurry. If Paige gets the chance. **HAUNTED** Eve Levine, half-demon, black witch, and devoted mother, has been dead for three years. She has a great house and an interesting love life, and she can't be killed again, which comes in handy when you've made as many enemies as Eve has. All she needs to do is find a way to communicate with her daughter Savannah, and she'll be happy. But the Fates have other plans. They want Eve to hunt down an evil spirit called the Nix, who has escaped from hell before she does any more damage. But the Nix is a dangerous enemy. The only way to stop her is with an angel's sword, and Eve is no angel. **No Humans Involved** Kelley Armstrong, 2010-02-23 Readers around the world have fallen for Kelley Armstrong's intoxicating sensual and wicked tales of the paranormal in which demons and witches werewolves and vampires collide often hilariously sometimes violently with everyday life In Armstrong's first six novels Elena Paige and Eve have had their way with us Now get ready for Jaime Vegas the luscious lovelorn and haunted necromancer Jaime who knows a thing or two about showbiz is on a television shoot in Los Angeles when weird things start to happen As a woman whose special talent is raising the dead her threshold for weirdness is pretty high she's used to not only seeing dead people but hearing them speak to her in very emphatic terms But for the first time in her life as invisible hands brush her skin unintelligible fragments of words are whispered into her ears and beings move just at the corner of her eye she knows what humans mean when they talk about being haunted She is determined to get to the bottom of these manifestations but as she sets out to solve the mystery she has no idea how scary her investigation will get or to what depths ordinary humans will sink in their attempts to gain supernatural powers As she digs into the dark underside of Los Angeles she'll need as much Otherworld help as she can get in order to survive calling on her personal angel Eve and Hope the well meaning chaos demon Jeremy the alpha werewolf is also by her side offering protection And Jaime hopes maybe a little more than that As I knelt on the cobblestones to begin the ritual I opened not some ancient leather pouch but a Gucci make up bag I know little about the geography and theology of the afterlife but I do know that the worst spirits are kept secured and my risk of accidentally tapping into a hell dimension is next to nil Even if I do bring back some depraved killer's spirit what can it do to me When you deprive someone of the ability to act in the living world he's pretty darned helpless In death even the worst killer plummets from lethal to merely annoying Yet whatever had been trying to contact me apparently could cross that barrier could act in the living world at least on me I added an extra helping of vervain to the censer from *No Humans Involved*
