An Exploration of Space 1999 Through the Lens of Video Games: Payne 1999 John K. Balor, 2019-07-02 This book contains transcripts from Online Alpha discussions where the video game PAYNE 1999 game theory and game study theories are used for analysing and commenting on problems of conflict and cooperation in SPACE 1999 The discussions build on more than a decade of conversations and debate about PAYNE 1999 and the aim of the book is to put the various threads together while also developing new ideas and providing direction for further investigations The book has been developed on an idealistic basis and it is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com

Video Critical David Gauntlett, 1996 Exploring the contribution that television can make to a child s understanding of the world this book argues fiercely against the attempts of psychologists to explain complex social issues in individualistic terms The findings of a new research method developed especially for this study in which groups of schoolchildren were given video equipment to facilitate their making original video productions are presented Taking the environment as their focus the videos suggest that the children s views of both environmental issues and the mass media are complex and contradictory
