School Improvement After Inspection? Peter Earley, 1998-10-28 School inspection under OFSTED continues to generate discussion and controversy This book contributes to the wider debate about the role and function of OFSTED inspection particularly as it relates to school improvement and raising standards What do we know about the impact OFSTED is having on schools particularly in terms of their development Is inspection leading to school improvement What is the impact of inspection on the average school This book focuses on the impact of OFSTED inspection and what happens to schools after their inspection Does inspection help raise standards What are the consequences of inspection for successful schools

School Improvement After Inspection? Peter Earley, 1998 **Managing External Relations in Schools and Colleges** Jacky Lumby, Nicholas Foksett, 1999 This book explores all the major aspects of managing external relations in schools of all phases as well as in colleges The authors use empirical research evidence to analyze how schools and colleges can manage external relations to achieve productive and supportive relationships with their communities They explore how a responsive philosophy and appropriate marketing can be adopted in order to ensure continuous development **Improving Schools and Governing Bodies** Michael Creese, Peter Earley, 2005-08-08 This book provides school governors with a blueprint for working effectively and enthusiastically to bring about positive change in their schools for the benefit of all those concerned *An Inspector Calls* Cedric Cullingford, 2013-04-15 The UK government's education policy is based on the setting of targets yet the fear and loathing that an Ofsted inspection can generate is widely known This text critically assesses the role impact and effect of the inspection body and dissects its usefulness *Improving Schools and Inspection* Neil Ferguson, Peter Earley, Brian Fidler, Janet Ouston, 2000-04-10 This is an important book not least because Ofsted may well have changed English schools more substantially than any previous curriculum development or assessment development programme Mentoring Tutoring This book looks at the relationship between school inspection and school improvement The authors show how heads have used inspectors reports to put in place real school improvement They deal with the contexts of inspection and comparisons are made with the Australian experience of school self review The book focuses on how schools have developed a culture of self inspection The authors consider the system of Ofsted inspections and ask how beneficial inspection has been in encouraging schools to develop and improve They suggest there is need for a change and that there are alternative approaches to school assessment and improvement which could be more effective They argue that the school's own evaluation processes should play a greater part in the arrangements for inspection Improving Schools and Inspection will be essential reading for headteachers and other professionals engaged in dealing with inspections **International Encyclopedia of Education**, 2009-04-17 The field of education has experienced extraordinary technological societal and institutional change in recent years making it one of the most fascinating yet complex fields of study in social science Unequalled in its combination of authoritative scholarship and comprehensive coverage International Encyclopedia of
