Science In The Modern World Polity Institutionalization And Globalization:

Science in the Modern World Polity Gili S. Drori, 2003 This work uses cross national and longitudinal empirical research to explain the rise nature and impact of science as an authoritative worldwide institution The authors analyze the ever increasing investment in science the diffusion of scientific discourse and the hegemony of scientific organizations *The SAGE Handbook of Organizational Institutionalism* Royston Greenwood, Christine Oliver, Roy Suddaby, Kerstin Sahlin-Andersson, 2008-03-18 Institutional theory lies at the heart of organizational theory yet until now no book has successfully taken stock of this important and wide ranging theoretical perspective With insight and clarity the editors of this handbook have collected and arranged papers so readers are provided with a map of the field and pointed in the direction of new and emerging themes The academics who have contributed to this handbook are respected internationally and represent a cross section of expert organization theorists sociologists and political scientists Chapters are a rich mix of theory how to conduct institutional organizational analysis and empirical work The SAGE Handbook of Organizational Institutionalism will change how researchers teachers and advanced students think about organizational institutionalism **The Oxford Handbook of Education and Globalization** Paola Mattei, Xavier Dumay, Eric Mangez, Jacqueline Behrend, 2023 The Oxford Handbook on Education and Globalization brings together in a unique way leading authors in social theory and in political science and reflects on how these two disciplines deal with the relation between globalization and education The handbook develops a firmer and tighter dialogue between social theory and education research and analyzes the political and institutional factors that shape the adoption of global reforms in education at multiple levels of governance It is a must read for anyone looking for a comprehensive overview of how globalization and education interact to result in distinct and varying outcomes across world regions **The Sociology of Development Handbook** Gregory Hooks, 2016-09-06 The Sociology of Development Handbook gathers essays that reflect the range of debates in development sociology and in the interdisciplinary study and practice of development The essays address the pressing intellectual challenges of today including internal and international migration transformation of political regimes globalization changes in household and family formations gender dynamics technological change population and economic growth environmental sustainability peace and war and the production and reproduction of social and economic inequality **Mobilizing Regions, Mobilizing Europe** Sebastian M. Buettnner, 2013-10-23 Regional development strategies are becoming more similar all around Europe even though regional differences are more pronounced than ever and many European regions have become more autonomous actors This thesis of a peculiar standardized diversification of sub national space in the modern European Union is the point of departure of this book Based upon the analytical premises of Stanford School Sociological Institutionalism Sebastian M B ttner studies regional mobilization in contemporary Europe from a new and innovative perspective He highlights the importance of scientific expertise and global scientific models in contemporary regional development practice and exemplifies their

significance with the example of region building in Poland in the course of EU integration This new wave of regional mobilization is not just conceived as an effect of local national or European politics but as an expression of a larger conceptual shift in governing society and space This well researched and clearly argued book not only provides fresh insights into region building and regionalization in contemporary European space but also contributes to the new sociology of Europeanization It will be an illuminating read for scholars and students in Sociology European and EU studies International Relations Cultural Studies Geography Regional Science Polish Studies and related subject areas **An Age of Limits** R. Schroeder, 2013-06-11 An Age of Limits outlines a new social theory for understanding contemporary society Providing an analysis of why political economic and cultural powers face constraints across the global North and beyond this bold book argues that forces which address current challenges must confront the limits of the interplay between dominant institutions

The Impact of Comparative Education Research on Institutional Theory David P. Baker, Alexander W. Wiseman, 2006-07-17 Explores how educational research from a comparative perspective has been instrumental in broadening and testing hypotheses from institutional theory This book contains theoretical discussions of the impact that comparative research has had on institutional theory and comparative scholarship that tests basic institutional assumptions and trends **Global Culture: Consciousness and Connectivity** Roland Robertson, Didem Buhari-Gulmez, 2017-05-15 The current discourse of globalization is overwhelmingly centred upon the interconnectedness or connectivity of the contemporary world to the great neglect of the issues of global culture and global consciousness With contemporary worldwide culture increasingly characterized by such themes as astronomy cosmology space travel and exploration there is an increasing disjuncture between academic concern with connectivity on the one hand and culture and consciousness of the place of planet earth in the cosmos as a whole on the other This book addresses this deficiency from a variety of closely related perspectives presenting studies of religion science sport international organizations global resistance movements and migrations and developments in East Asia It brings together the latest theoretical empirical work from scholars in the US UK Australia Japan China and Israel on the significance of culture and global consciousness As such Global Culture Consciousness and Connectivity will be of great interest to scholars across and beyond the social sciences working in the areas of global studies cultural studies social theory the sociology of religion and related issues *National Relations* Nikolas Glover, 2011-01-01 In Stockholm in January 1945 an assembly of Swedish diplomats and businessmen initiated an organisation that was to improve the country's reputation abroad The new semi governmental Swedish Institute was charged with explaining Sweden's policy of neutrality during the war encouraging peace building and promoting foreign trade in the new international world order But how was all this to be achieved In this book historian Nikolas Glover analyses the policies funding and national narratives of the Swedish Institute He provides a historical perspective on the politics of promoting Swedish culture abroad and on how ideas of communication shaped the Institute's work and its representations of Sweden

His wide ranging analysis addresses the specific conditions of small state public diplomacy the influential domestic interests involved as well as the global context that dictated the ways in which claims to national uniqueness were framed
