Henkel, 1917 Creative Psychics, the Art of Regeneration Fred Henkel, 1917 History of the Science and Art of Music

Robert Challoner, 1880 **Creative Psychics, the Art of Regeneration** Fred Henkel, 2018-03-14 Excerpt from *Creative Psychics the Art of Regeneration The Science and Art of the Religion of the Future*. The whole problem of creative development of our psyche that is of creative psychic or occult powers depends on psychic exercise. We must cultivate practice and exercise our psychic powers in order to develop and increase them just as we must practice and exercise our intellectual and our physical endowments. We cannot expect to develop psyche without sincere effort. Creative psychic development like creative physical development and unlike intellectual development depends on independent self development of indwelling inborn individual.
