His main text, *The Science of Mind*, has sold hundreds of thousands of copies and continues to ship more than 10,000 copies each year. Now comes a reissue of one of Holmes's most user-friendly works, *Questions and Answers on the Science of Mind*. Designed to be used as a guidebook, it contains spiritual answers to more than three hundred of life's most important and puzzling questions on topics such as how to deal with specific health challenges, what to do when experiencing a lack of finances, how to eliminate fear, stress or distress of any kind, the nature of God, the existence of evil, the role of fate, what to do in times of despair or fear, how to overcome resentment, how to break bad habits, and much more.

The Hidden Power of the Bible Ernest Holmes, 2006-08-03 The inspiration of Ernest Holmes has reached hundreds of thousands of readers through his classic works, many of which are just now becoming available in paperback. Originally published in 1929 as *The Bible in Light of Religious Science*, this exegesis on the hidden lessons of some of Scripture's best known verses has been largely unavailable and even unknown since the 1940s. Indeed, this edition comes as a brand new work to the many readers of Ernest Holmes. It is fully reset and redesigned, published for the first time with an index and includes a new preface to frame the book for the contemporary reader. **Rudimental Divine Science ; No and Yes** Mary Baker Eddy, 1919 *How to Use the Science of Mind* Ernest Holmes, 1984-12-01 Everything You Need to Know about How to Use One of Today's Most Powerful Philosophies. We go in search of that which we already possess but are not using. So says Ernest Holmes, author of *THE SCIENCE OF MIND* and founder of the philosophy of Religious Science. God is not far away but is within ourselves, other people, and everywhere present. Why then do we fall prey to unwanted conditions, illness, financial lack, relationship difficulties, loneliness, and problems of every kind? Written as a manual for the practical applications of the principles set forth in *The Science of Mind*, this book takes the original philosophy of change your thinking, change your life, and explains a clear and definite scientific method of prayer that can help you overcome life's obstacles. **Foundations in Theology and Science** Joshua R Farris, 2024-03-14 *Foundations in Theology and Science* is a guidebook for a course in Scientific Theology or fitting for use in self-reflection and research.
