Science Frontiers Some Anomalies And Curiosities Of Nature Paperback:

Science Frontiers ,1994 **Gonzo Science** Jim Richardson,Allen Richardson, True believers and skeptics beware what you know about science may be wrong Science commentators Jim and Allen Richardson are more faithful than the believers and more skeptical than the skeptics and they re funnier too **Haunting Experiences** Diane Goldstein,Sylvia Grider,Jeannie Banks Thomas,2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture They can be found in any number of entertainment commercial and other contexts but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them based on tradition or direct experience Personal belief and cultural tradition on the one hand and popular and commercial representation on the other nevertheless continually feed each other They frequently share space in how people think about the supernatural In **Haunting Experiences** three well known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts Diane E Goldstein Sylvia Ann Grider and Jeannie Banks Thomas take ghosts seriously as they draw on contemporary scholarship that emphasizes both the basis of belief in experience rather than mere fantasy and the usefulness of ghost stories They look closely at the narrative role of such lore in matters such as socialization and gender And they unravel the complex mix of mass media commodification and popular culture that today puts old spirits into new contexts **Encyclopedia of Cryptozoology** Michael Newton,2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis People passionately pursue these creatures the name given to their field of study is cryptozoology Coined in the 1950s the term literally means the science of hidden animals When the International Society of Cryptozoology ISC was formed in 1982 the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past as well as the unknown persistence of presumed extinct animals to the present time or to the recent past what makes an animal of interest to cryptology is that it is unexpected This reference work presents a flesh and blood view of cryptozoology Here 2 744 entries are listed the majority of which each describe one specific creature or type of creature Other entries cover 742 places where unnamed cryptids are said to appear profiles of 77 groups and 112 individuals who have contributed to the field descriptions of objects and events important to the subject and essays on cryptotourism and hoaxes for example Appendices offer a timeline of zoological discoveries annotated lists of movies and television series with cryptozoological themes a list of crypto fiction titles and a list of Internet websites devoted to cryptozoology **The Cumulative Book Index** ,1996 A world list of books in the English language **The Handy Weather Answer Book** Walter Andrew Lyons,2004 **Journal of Scientific Exploration** ,1996 The official research journal of the Society for Scientific Exploration Provides a professional forum for presentation scrutiny and criticism of scientific research on topics outside the established disciplines of mainstream science A critical forum of rationality and observational evidence for the often strange

claims at the fringes of science *The X-files Book of the Unexplained* Jane Goldman,1996 Provides further information on some of the subjects explored in The X Files episodes such as UFO sightings hauntings alien encounters faith healing and feral humans and discusses some of the real events the show is based upon **Biological Anomalies--birds** William R. Corliss,1998 **Exceptional Human Experience** ,1996
