Selected Letters of William Michael Rossetti Roger W. Peattie, 1990-03-15 William Michael Rossetti 1829 1919 always presented himself as the third Rossetti a civil servant and critic unworthy to be compared with his brother Dante Gabriel and his sister Christina Not everyone has readily accepted Rossetti's evaluation of himself The painter William Rothenstein remembered him as a man whose outlook on life was broad and humane and the only one of the Pre Raphaelites who was sympathetic towards the work of younger writers and painters More recently Professor W E Fredeman has written of him as among the P R B s almost the only man of action and the essential figure in the founding of the Pre Raphaelite Brotherhood and its magazine The Germ The publication of this edition of more than six hundred of his letters most of them previously unpublished to such leading literary and artistic figures as Holman Hunt Ford Madox Brown Dante Gabriel and Christina Rossetti Browning Swinburne Whistler and Whitman demonstrates convincingly the range and quality of his friendships his active involvement in the cultural life of Victorian England and the complexity of his character The letters also offer a detailed account of his powerful advocacy of the work of Blake and Shelley of Swinburne and Whitman among his contemporaries and after their deaths of Dante Gabriel and Christina Rossetti Throughout his life Rossetti was intensely aware of the political and social events of his time both in Europe and the United States and the letters contain numerous references to the Crimean Franco Prussian and Boer wars the Paris Commune the American Civil War women's suffrage and Italian unification The letters have been extensively annotated making use of the hundreds of letters by Rossetti not included in the edition his twenty volume diary and the thousands of letters to him preserved in the Angeli Dennis Papers at the University of British Columbia Selected Letters of William Michael Rossetti Roger W. **Transnational Modernity and the Italian Reinvention of Walt Whitman, 1870-1945** Caterina Bernardini, 2021-07-15 This study gauges the effects that Walt Whitman's poetry had in Italy in the period from 1870 to 1945 the reactions it provoked the aesthetic and political agendas it came to sponsor and the creative responses it facilitated But it also investigates the contexts and causes of Whitman's success abroad in the lives backgrounds beliefs and imaginations of the people who encountered it Ultimately it chronicles the evolution of a literature intent on regenerating itself and moving toward modernity Bernardini gives particular attention to women writers and noncanonical writers often excluded from previous discussions of Whitman's Italian reception The book is grounded in archival studies and examination of primary documents which led to a series of noteworthy discoveries While the main focus is on the Italian literary scene the history of the reception retraced here is constantly evaluated in relation to other cultures that were also intent in those same years on reading and recreating Whitman Studying Whitman's reception from a transnational perspective shows how many countries were simultaneously carving out a new modernity in literature and culture In this sense Bernardini not only shows the interconnectedness of various international agents in understanding and contributing to the spread of Whitman's work but more largely a constellation of similar pre modernist and modernist sensibilities This stands in contrast to the notion of sudden innovation modernity was not easy to achieve and most of all it

did not imply a complete refusal of tradition. Instead a continuous and fruitful negotiation between tradition and innovation and not a sudden break with the literary past is at the very heart of the Italian and transnational reception of Whitman.

Her background was rural Ireland her father being a prosperous land-owning farmer. She was aware of the politics of Ireland through her politically active father and she joined the short-lived Ladies Land League in 1881 and was a fervent admirer of Charles Stewart Parnell. Letters of William Michael Rossetti William Michael Rossetti, 1934 *Victorian Poetry and the Culture of the Heart* Kirstie Blair, 2006-04-27 *Victorian Poetry and the Culture of the Heart* is a significant and timely study of nineteenth-century poetry and poetics. It considers why and how the heart became a vital image in Victorian poetry and argues that the intense focus on heart imagery in many major Victorian poems highlights anxieties in this period about the ability of poetry to act upon its readers. In the course of the nineteenth century this study argues increased doubt about the validity of feeling led to the depiction of the literary heart as alienated distant outside the control of mind and will. This coincided with a notable rise in medical literature specifically concerned with the pathological heart and with the development of new techniques and instruments of investigation such as the stethoscope. As poets feared for the health of their own hearts their poetry embodies concerns about a widespread culture of heartsickness in both form and content. In

addition concerns about the heart's status and actions reflect upon questions of religious faith and doubt and feed into issues of gender and nationalism. This book argues that it is vital to understand how this wider culture of the heart informed poetry and was in turn influenced by poetic constructs. Individual chapters on Barrett Browning, Arnold, and Tennyson explore the vital presence of the heart in major works by these poets, including Aurora Leigh, Empedocles on Etna, In Memoriam, and Maud, while the wide-ranging opening chapters present an argument for the mutual influence of poetry and physiology in the period and trace the development of new theories of rhythm as organic and affective.

Literature and Revolution Owen Holland, 2022-03-18

Between March and May 1871 the Parisian Communards fought for a revolutionary alternative to the status quo grounded in a vision of internationalism, radical democracy, and economic justice for the working masses that cut across national borders. The eventual defeat and bloody suppression of the Commune resonated far beyond Paris. In Britain the Commune provoked widespread and fierce condemnation, while its defenders constituted a small but vocal minority. The Commune evoked long-standing fears about the continental spectre of revolution, not least because the Communards' seizure of power represented an embryonic alternative to the bourgeois social order. This book examines how a heterogeneous group of authors in Britain responded to the Commune. In doing so, it provides the first full-length critical study of the reception and representation of the Commune in Britain during the closing decades of the nineteenth century, showing how discussions of the Commune functioned as a screen to project hope and fear, serving as a warning for some and an example to others. Writers considered in the book include John Ruskin, Edward Bulwer-Lytton, Eliza Lynn Linton, Mary Elizabeth Braddon, Anne Thackeray Ritchie, Margaret Oliphant, George Gissing, Henry James, William Morris, Alfred Austin, and H. G. Wells. As the book shows, many but not all of these writers responded to the Commune with literary strategies that sought to stabilize bourgeois subjectivity in the wake of the traumatic shock of a revolutionary event. The book extends critical understanding of the Commune's cultural afterlives and explores the relationship between literature and revolution.
