Selected Longer Poems And Prose:

The Collected Longer Poems Kenneth Rexroth, 1968 This is a companion volume to the Collected Shorter Poems of Kenneth Rexroth which was published in 1967 All of the long poems written over the past forty years are included The Homestead Called Damascus 1920 25 A Prolegomenon to a Theodicy 1925 27 The Phoenix and the Tortoise 1940 44 The Dragon and the Unicorn 1944 50 and The Heart's Garden The Garden's Heart 1967 68 As we read the long poems together and in sequence we can see that Rexroth is a philosophical poet of consequence who offers us a comprehensive system of values based on the realization of the ethical mysticism of universal responsibility He is concerned above all with process the movement from the Dual to the Other I have tried Rexroth writes to embody in verse the belief that the only valid conservation of value lies in the assumption of unlimited liability the supernatural identification of the self with the tragic unity of creative process I hope I have made it clear that the self does not do this by an act of will by sheer assertion He who would save his life must lose it

The Dean of Lismore's Book: A Selection of Ancient Gaelic Poetry Anonymous, 2019-12-09 The Dean of Lismore's Book offers a selection of Ancient Gaelic Poetry from a manuscript collection made by Sir James M Gregor Dean of Lismore in the beginning of the sixteenth century edited with a translation and notes by the Rev Thomas McLauclan The Dean's manuscript has a double value philological and literary and is calculated to throw light both on the language and the literature of the Highlands of Scotland It has a literary value because it contains poems attributed to Ossian and to other poets prior to the sixteenth century which are not to be found elsewhere and thus presents to us specimens of the traditional poetry current in the Highlands prior to that period which are above suspicion having been collected upwards of three hundred years ago and before any controversy on the subject had arisen

Gillott, 2020-12-10 How do readers approach the enigmatic and unnavigable modernist long poem Taking as the form s exemplars the highly influential but critically contentious poetries of John Cage and Charles Olson this book considers indeterminacy the fundamental feature of the long poem by way of its analogues in musicology mycology cybernetics and philosophy It addresses features of these works that figure broadly in the long poem tradition such as listing typography archives mediation and mereology while articulating how both poets broke with the longform poetic traditions of the early 1900s Brendan C Gillott argues for Cage s and Olson s centrality to these traditions in developing critiquing and innovating on the longform poetics of the past their work revolutionized the longform poetry of the 20th and 21st centuries **World Beat** Eliot Weinberger, 2006 The poets are presented in ample selections so that each may be heard clearly and biographical and bibliographical notes invite further investigation From cover to cover themes ebb and flow and boundaries blur as verses converse in a harmony unusual for the twenty first century BOOK JACKET
