In the Black Window Michael Van Walleghen, 2010-10-01 The title of Michael Van Walleghen s new collection evokes thematic preoccupations that have shadowed him throughout his long career Appearing as a phrase in the poems themselves In the Black Window more generally points to Van Walleghen s enduring interest in the intersection between inner and outer worlds of experience those liminal moments in other worlds where we become aware of ourselves We live at once in a strictly personal material dimension but also in a distinctly spiritual one Yet when looking from a lighted kitchen into a night black window on a winter evening we might perhaps become suddenly aware not only of our own reflection but also of our
