Selected Poems Two Plays Of William Bu:

Selected Poems And Four Plays William Butler Yeats, 2011-11-08 Since its first appearance in 1962 M L Rosenthal's classic selection of Yeats's poems and plays has attracted hundreds of thousands of readers This newly revised edition includes 211 poems and 4 plays It adds *The Words Upon the Window Pane* one of Yeats's most startling dramatic works in its realistic use of a seance as the setting for an eerily powerful reenactment of Jonathan Swift's rigorous idealism baffling love relationships and tragic madness The collection profits from recent scholarship that has helped to establish Yeats's most reliable texts in the order set by the poet himself And his powerful lyrical sequences are amply represented culminating in the selection from *Last Poems and Two Plays* which reaches its climax in the brilliant poetic plays *The Death of Cuchulain* and *Purgatory* Scholars students and all who delight in Yeats's varied music and sheer quality will rejoice in this expanded edition As the introduction observes Early and late he has the simple indispensable gift of enchanting the ear He was also the poet who while very much of his own day in Ireland spoke best to the people of all countries And though he plunged deep into arcane studies his themes are most clearly the general ones of life and death love and hate man's condition and history's meanings He began as a sometimes effete post Romantic heir to the pre Raphaelites and then quite naturally became a leading British Symbolist but he grew at last into the boldest most vigorous voice of this century *Selected Poems and Four Plays* represents the essential achievement of the greatest twentieth century poet to write in English **W.B. Yeats** Norman A. Jeffares, 2013-06-17 This set comprises of 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of *Critical Heritage* published by Routledge in October 1995 *Selected Poems* William Yeats, 2000-05-25 This selection of the works of W B Yeats includes the final book from the unfairly neglected narrative poem *The Wanderings of Oisín* and a number of lyrics from Yeats's work as poetic dramatist It breaks new ground by allowing the reader to engage with a dozen poems in alternative versions in many other cases it provides significant variants so that Yeats's struggle to revise his poetry can be experienced with unusual immediacy **The Dramatic Works and Poems of**

William Shakespeare William Shakespeare, 1871 *The Spectator*, 1865 **The Dial** Francis Fisher Browne, 1929
