Literary Impressionism and Modernist Aesthetics Jesse Matz, 2001-08-02 Jesse Matz examines the writing of such modernists as Henry James Joseph Conrad and Virginia Woolf who used the word impression to describe what they wanted their fiction to present Matz redefines literary Impressionism focusing on the way that impressions destroy standard perceptual distinctions between thinking and sensing believing and suspecting He argues that these writers favoured not immediate subjective sense but rather a mode that would mediate perceptual distinctions Just as impressions fall somewhere between thought and sense Impressionist fiction occupies the middle ground between opposite ways of engaging with the world Matz also argues that the resulting confusion becomes a basic plot feature of modernist fiction This wide ranging 2001 study addresses the problems of perception and representation that occupied writers in the early decades of the twentieth century

Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes **The**
