The Living Drama Nellie Burget Miller, 1924 This study will endeavor to present in simple and concise form a survey of this continuous dramatic movement from its earliest recorded expression to contemporary moments under a single cover Since to know thoroughly the dramatic output of any one period might command the industry of a lifetime the task is a colossal one and precludes any pretense at completeness the treatment is suggestive rather than informative and should be supplemented by a study of the plays indicated under each section After all the important thing is not the painful piling of fact upon fact but gaining an intelligent working knowledge of the whole and knowing exactly where to turn for detail when it is needed The information has been gathered from many works upon the various phases to which the writer is deeply indebted all of which are indicated in the bibliographies We purpose then to take a sort of Cook s Tour over the whole domain of the drama touching the main points of interest and leaving the reader to return and explore at leisure

Inventing the Myth Connal Parr, 2017-07-21 This book approaches Ulster Protestantism through its theatrical and cultural intersection with politics re establishing a forgotten history and engaging with contemporary debates Anchored by the perspectives of ten writers some of whom have been notably active in political life it uniquely examines tensions going on within Through its exploration of class division and drama from the early twentieth century to the present the book restores the progressive and Labour credentials of the community s recent past along with its literary repercussions both of which appear in recent decades to have diminished Drawing on over sixty interviews unpublished scripts as well as rarely consulted archival material it shows contrary to a good deal of clichéd polemic and safe scholarly assessment that Ulster Protestants have historically and continually demonstrated a vigorous creative pulse as well as a tendency towards Left wing and class politics St John Ervine Thomas Carnduff John Hewitt Sam Thompson Stewart Parker Graham Reid Ron Hutchinson Marie Jones Christina Reid and Gary Mitchell profoundly challenge as well as reflect their communities Illuminating a diverse and conflicted culture stretching beyond Orange Order parades the weaving together of the lives and work of each of the writers highlights mutual themes and insights on their identity as if part of some grander tapestry of alternative twentieth century Protestant culture Ulster Protestantism s consistent delivery of such dissenting voices counters its monolithic and reactionary reputation

Outrageous Fortune Joe Cleary, 2007 Did Ireland produce a more radical and ambitious literature in the straitened circumstances of the first half of the twentieth century than it has managed to do since it began to modernize and become more affluent from the 1960s onwards Has Irish modernism ceded place to a prevailing naturalism that seems gritty and tough minded but that is aesthetically conservative and politically self thwarted Does the fixation with de Valera's Ireland in recent narrative represent a necessary settling of accounts with a dark abusive history or is it indicative of a worrying inability on the part of Irish artists and intellectuals to respond to the very different predicaments of the post Cold War world These are some of the questions addressed in *Outrageous Fortune* Scanning literature theatre film and music Joe Cleary probes the connections between capital culture and criticism in modern Ireland He includes readings of James Joyce and the Irish modernists the naturalists Patrick Kavanagh John McGahern and Edna O'Brien and comments too on what he terms the neo naturalism of Marina Carr Patrick McCabe and Martin McDonagh He concludes with a provocative analysis of the cultural achievement of
