Selected Readings:

Selected Readings in American History Theodore Calvin Pease, Ashbel Sellev Roberts, 1928 Selected Readings in Korean Ho-min Sohn, Heisoon Yang, 2003-11-30 The first advanced Korean reading text for non native speakers Selected Readings in Korean consists of eighteen lessons on diverse stimulating topics such as Korean traditions culture and society It is designed for use by students who have completed the fourth year level in Korean approximately five hundred class hours or the equivalent Each lesson consists of six sections prereading group activities which not only serve as a schema for efficient comprehension of the reading text to follow but also help students broaden their relevant knowledge an authentic main reading text on an informative and interesting topic explanations in Korean and English of words that may be unfamiliar to students including words indicating abstract or culture specific concepts explanations of idiomatic expressions extensive exercises intended to help students master the contents of the text new vocabulary and grammar while improving their composition and oral presentation skills and post reading activities designed to further thinking and group discussion on subjects related to the main topic of the lesson Appended are translations of the main reading texts of all eighteen lessons and a Korean English glossary Overall special effort has been made to render the volume learner centered and learner friendly Selected Readings in the Anthropology of Religion Stephen D. Glazier, Charles A. Flowerday, 2003-12-30 Brings together in one volume a number of key theoretical and methodological advances in the anthropological study of religion Chapters cover important topics not ordinarily included in books dealing with the anthropology of religion e g bipedalism the study of alcohol film and video images notions of religious agency In addition this collection is intended to build bridges between anthropologists of religion and religious studies scholars Over the last four decades anthropologists have grappled with the dialectical relationship between the examination of cultures from the emic or insider perspective and the etic or outsider perspective Nowhere is this creative tension more evident than in the anthropological study of religion In this volume anthropologists and religious studies scholars come to terms not only with a landscape that has shifted fundamentally but a landscape that is still shifting Essays in this collection raise new and important issues for the anthropological study of religion in new and important ways In intensely personal essays a number of contributors address two fundamental concerns in the study of religion 1 how should anthropologists deal with the beliefs and practices of others and 2 how should anthropologists deal with their own religious backgrounds and beliefs as these may affect their understanding of the beliefs and practices of others A partial resolution to both questions is necessary before the anthropological study of religion can advance to a higher level Selected Readings in Employment and Manpower United States. Congress. Senate. Committee on Labor and Public Welfare, 1965 **Selected Readings on Transformational Theory** Noam Chomsky, 2012-03-07 These cogent essays on linguistic theory explore Noam Chomsky s influential concept of generative grammar The readings form a coherent outline of transformational theory the distinguished author and educator s controversial challenge to structural

linguistics They rely chiefly on Chomsky's own words but their arrangement is such that nonspecialists will have no difficulty in following the text Topics include syntactic structure features and categories phonology syntax and semantics language acquisition and the implications of transformational theory for language teaching The father of modern linguistics Noam Chomsky is Professor Emeritus of Linguistics at the Massachusetts Institute of Technology and a world renowned philosopher political activist author and lecturer The least expensive edition of his selected readings this volume is an ideal choice for students and teachers

The Epic of Gilgamesh: Selected Readings from its Original Early Arabic Language Saad D. Abulhab, 2016-10-27 The pioneering work presented in this book introduces the earliest known literary and mythology work in the world the Epic of Gilgamesh in its actual language early Classical Arabic It provides a more accurate translation and understanding of the important story of the flood one of the key stories of the monotheistic religions In this book the author a known Arabic type designer and an independent scholar of Nabataean Musnad and early Arabic scripts was able to decipher the actual meanings and pronunciations of several important names of ancient Mesopotamian gods persons cities mountains and other entities He was able to uncover the evolution path of the concept of god and the background themes behind the rise of the monotheistic religions Utilizing a generous text sample from the Akkadian and Sumerian languages this book is an excellent reference textbook for scholars and students of Arabic and Assyriology who are interested in translating these ancient languages through both the historical Arabic etymological references and the deciphering tools of Assyriology To illustrate his breakthrough Arabic based deciphering methodology the author used a sample text consisting of more than 900 lines from three tablets of the Standard and Old Babylonian editions of the Epic of Gilgamesh By digging out the actual language of the epic he was not only able to resurrect the actual word soundings and linguistic literary style of its original text but also to provide more accurate and coherent translations Following his three years of research he was able to demonstrate through undisputed linguistic evidence that the epic was in fact written in a beautiful powerful early Classical Arabic language And the so called Sumerian and Akkadian languages that the epic was recorded with which we are told today are unrelated languages were in fact one evolving early Arabic language written with one evolving writing system passing through two major time periods Although this book is primarily written as a reference textbook for scholars it is equally suitable for anyone interested in reading the translation of the Epic of Gilgamesh a fascinating Mesopotamian Arab mythology work documenting eloquently some of the most important and lasting ancient myths invented by humankind
