Fairy-Tale Films Beyond Disney Jack Zipes, Pauline Greenhill, Kendra Magnus-Johnston, 2015-09-16 The fairy tale has become one of the dominant cultural forms and genres internationally thanks in large part to its many manifestations on screen Yet the history and relevance of the fairy tale film have largely been neglected In this follow up to Jack Zipes's award winning book *The Enchanted Screen* 2011 *Fairy Tale Films Beyond Disney* offers the first book length multinational multidisciplinary exploration of fairy tale cinema Bringing together twenty three of the world's top fairy tale scholars to analyze the enormous scope of these films Zipes and colleagues Pauline Greenhill and Kendra Magnus-Johnston present perspectives on film from every part of the globe from Hayao Miyazaki's *Spirited Away* to Jan van Kester's *Alice* to the transnational adaptations of *1001 Nights* and Hans Christian Andersen Contributors explore filmic traditions in each area not only from their different cultural backgrounds but from a range of academic fields including criminal justice studies education film studies folkloristics gender studies and literary studies *Fairy Tale Films Beyond Disney* offers readers an opportunity to explore the intersections disparities historical and national contexts of its subject and to further appreciate what has become an undeniably global phenomenon

*Communicology* Isaac E. Catt, Deborah Eicher-Catt, 2010 About the Editors *Critical Theory in Russia and the West*

Alastair Renfrew, Galin Tihanov, 2009-12-04 The traditional view that the rise of Western theoretical thought in the 1960s and 1970s could be traced back to the Soviet 1920s once accepted in Russia and the West alike because it directly associated the academic prestige of contemporary Western theory with the intellectual climate of post revolutionary Russia is increasingly challenged today With the gradual retreat in recent years of theory from the high ground of the Western humanities new work has emerged to suggest unexpected parallels and to undermine others This book with contributions from some of the most visible specialists in the field re examines the significant transfers cross fertilisations and synergies of cultural and literary theory between Russia and the West from the 1920s through to the present day It focuses primarily on those tendencies which have made the most significant contribution to critical theory over the last century and looks ahead at the theoretical paradigms that are most likely to shape the future dialogue between Russia and the West in the humanities

Phenomenology 2005. Volume 5: Selected Essays from North America, part 2 Embree, Lester, Nenon, Thomas, 2007-01-01

*The Russo-Japanese War in Cultural Perspective, 1904-05* D. Wells, S. Wilson, 1999-08-24 The Russo Japanese War of 1904 05 has been widely seen as a historical turning point For the first time in modern history an Asian and a European country competed on equal terms overturning the prevailing balance of power Based on a wide range of original source material in Russian Japanese and other languages this book goes beyond the military and international political grand narratives to examine the war s social cultural literary and intellectual impact in their historical context In Japan the war reinforced the country s self image as a coming nation while in Russia combined with the revolution of 1905 and later political and social upheaval it was seen as separating the old regime from the new Throughout the world spirit was seen to be a decisive factor and cultural considerations determined the war s interpretation Featuring contributions by established scholars in the fields of military history and the history and literature of both Russia and Japan this book offers for the first time a comparative perspective on the symbolic meaning of the conflict

*Exploring the Translatability of Emotions* Susan Petrilli, Meng Ji, 2022-03-09 This book offers an in depth cross cultural and transdisciplinary discussion of the translatability of social emotions The contributors are leading philosophers semioticians anthropologists communication and translation theorists from Europe America and Australia Part I explores the translatability of emotions as a culturally embedded social behaviour that requires a contextualized interpretation of their origins and development in different social and cultural settings These studies make useful preparations for the studies introduced in Part II that continue investigating the cultural and sociological influence of the development of social emotions with a special focus on the dialogical relation to the body and to others Part III presses on delving into specific types of

emotions which underscore social interactions at both the community and individual levels such as dignity im politeness self regard and self esteem Finally Part IV offers a further development on the preceding parts as it discusses problems of translation expressibility and mass medial communication of emotions This book will engage translation scholars as well as those with a broader interest in the study and interpretation of emotions from different fields perspectives and disciplines

**The Ethnography of Rhythm** Haun Saussy, 2016-03-01 Winner of the Modern Language Association s Aldo and Jeanne Scaglione Prize for Comparative Literary Studies Who speaks The author as producer the contingency of the text intertextuality the device core ideas of modern literary theory were all pioneered in the shadow of oral literature Authorless loosely dated and variable oral texts have always posed a challenge to critical interpretation When it began to be thought that culturally significant texts starting with Homer and the Bible had emerged from an oral tradition assumptions on how to read these texts were greatly perturbed Through readings that range from ancient Greece Rome and China to the Cold War imaginary The Ethnography of Rhythm situates the study of oral traditions in the contentious space of nineteenth and twentieth century thinking about language mind and culture It also demonstrates the role of technologies in framing this category of poetic creation By making possible a new understanding of Maussian techniques of the body as belonging to the domain of Derridean arche writing Haun Saussy shows how oral tradition is a means of inscription in its own right rather than an antecedent made obsolete by the written word or other media and data storage devices **Roman Jakobson**

Richard Bradford, 1994 In Roman Jakobson Richard Bradford reasserts the value of Jakobson s work arguing that he has a great deal to offer contemporary critical theory and providing a critical appraisal the sweep of Jakobson s career Bradford re establishes Jakobson s work as vital to our understanding of the relationship between language and poetry By exploring Jakobson s thesis that poetry is the primary object language Roman Jakobson Life Language Art offers a new reading of his work which includes the most radical elements of modernism This book will be invaluable to students of Jakobson and to anyone interested in the development of critical theory linguistics and stylistics *Historic Structures* F.W.

Galan, 2014-10-03 In this first book length study of Czech structuralism and semiotics in English F W Galan explores one of the most important intellectual currents of the twentieth century filling the gap between what has been written of the Russian formalism of the twenties and the French structuralism of the sixties and seventies He records the evolution within the Prague Linguistic Circle of those theories which concern literature s change in time and the place of literature in society In doing so he reveals how the work of the Prague Linguistic Circle in the years 1928 to 1946 vindicate structuralism against its critics charges that the structuralist approach in linguistics literary theory film studies and related fields is inherently unhistorical Overcoming this apparent methodological impasse was the main challenge confronted by the scholars of the Prague School Roman Jakobson and Jan Mukarovsky in particular
